CITY CHARTER

Don't forget that a little over a month hence we are to vote on a new City Charter prepared some time ago after months of hard labor and considerable brain work on the part of the Charter Commission. This new Charter while new to Oregon is on lines tried and found satisfactory in other states. Keep it in mind; study it carefully when you receive your copy. Consider its every clause, and give it the vote it certainly warrants and when voting, remember the elevator, the dock and the playground.

THE ELKS' HOME

The roof is on and we are now awaiting the invitation to the house warming. Looks like progress for a city when a lodge only two years old erects and furnishes a \$20,000 home on bonds sold to members alone, and still some of us cry "Hard Times." Oregon City doesn't know what hard times are and should be proud of this fact.

SWIMMING POOL

What has become of the swimming pool which was to have been provided before summer for our boys? The Woman's Club, the Congregational Brotherhood and the Live Wires jointly considered this matter some time ago. Our boys are going to swim this summer and we may wish before this year is passed that we had listened to their appeal for aid. It is not yet too late.

HOME SWEET HOME

If the present plan of the largest of our mills takes the form of reality, many of our fellow citizens will be placed in a fair way some day to own their home who now find their monthly income badly eaten into by the collections of the landlord for rent. This company is continually doing more for its employes than any other Oregon corporation known to the Enterprise, still it is, for some unknown, no doubt selfish, reason made the victim of attacks from many quarters. We should forget anything which did not meet our entire approval if there was anything in by-gone years which did not fit as well as it should, and give the present management credit for all they have done and are endeavoring to do for our fellow workers. Here is to success and that the home building plan will work out to the entire expectations of the men interested.

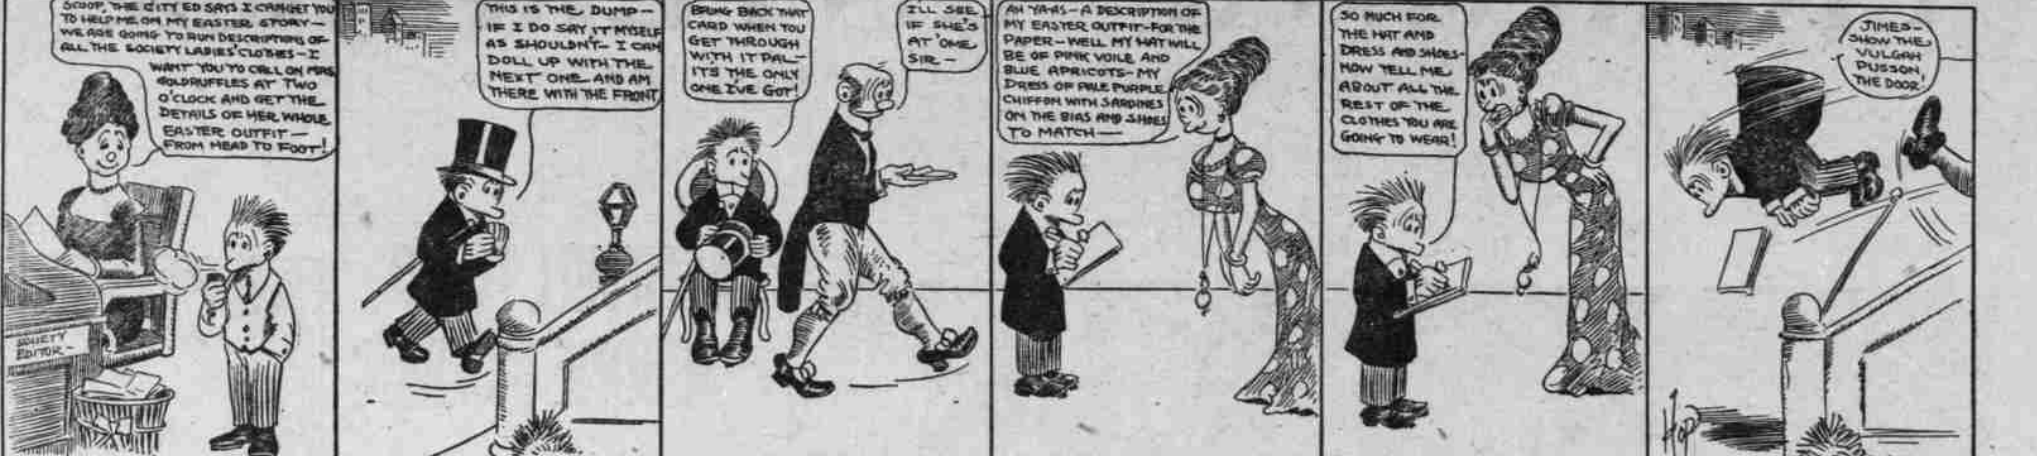

Live Wirelets

(By Edgar Bates.) The railroads want to limit the size of trunks to 40 inches—This is all right for the railroads but how about those women's big hats? It must bother some Oregon women quite a bit to read of Chinese women voting in our state to the south. It's nearly time to put the boat on the Summer run between here and Portland. Emma Goldman will avoid certain parts of California hereafter. The other night her manager received a coat of tar and feathers and she was escorted to the depot with the short.

Too Much Power In a Few

By THOMAS P. MARSHALL, Governor of Indiana. TOO MUCH POWER IN A SELECT FEW IS A MENACE TO THE COUNTRY. What we need is leadership in which every man is his own leader, able to do his own thinking and with less dependence on his party.

The Detailed Account of Mrs. Goldruffles' Easter Outfit

SUNDAY EVENING AT 8:45 AT CONGREGATIONAL CHURCH

There will be a practical talk for young men and others on "MAKING GOOD."

Don't worry about Seaside. With millions of clams and crabs in the front yard she won't starve, even if she did have a big fire.

Portland is indeed a generous town. Look at the way they are subscribing for the Johnson orphan boys' fund and helping little Willie raise enough money to buy a wooden leg.

It is certainly hoped that some way will be found to raise enough money to send a bunch of Oregon athletes to the Olympiad. Once there the boys will show the world a new record or two.

Better buy that sack of sugar soon. Strawberries will be cheaper soon and then there are lots of other kinds to put up in the next two months.

Portland now boasts of the largest creamery plant in the Northwest.

Plans for Oregon City's Rose Festival point to one big time—What are the colors of the Rose Show? Why wouldn't it be a good stunt to have the ladies interview the different merchants asking them to decorate their buildings during the celebration.

An aerial fire department is the latest—the stunt being to drop fire extinguishing liquids from above.

A few years ago a New York physician gave up his Pullman berth to an elderly lady and at the woman's death he received a legacy of \$100,000. Last Tuesday a newsboy in Oakland turned over a bag containing \$1,500 worth of jewels to the loser and never received a cent reward. 'Tis a funny old world.

There is a vaudeville attraction in town in the form of a man who can cause his arm to extend six inches longer than the natural length—Wonder if he can stretch his salary proportionately.

DEMAND FOR EGGS IS NOT EQUAL TO SUPPLY

Everyone is loaded up with eggs, and in large lots the price is at least a cent lower than recently. One leading street handler in Portland sold 100 cases during the past twenty-four hours at 19c a dozen, case count, and had plenty more to offer, but could not receive a bid either at Portland or Seattle. Tacoma, Bellingham or other northwest points. While f. o. b. buyers sent out quotations at 20c a dozen which were said to be good all this week, they are not accepting stock at this time, all interests being filled up. The weather has been so warm recently that the eggs are not arriving in first class condition, and much less is shown in candling. This is the reason, it is said, why f. o. b. buyers have practically quit the field.

Prevailing Oregon City prices are as follows: DRIED FRUITS—(Buying)—Prunes on basis of 5 to 8 cents. FRUITS, Vegetables. HIDES—(Buying)—Green hides, 7c to 8c; salters 6c to 7c; dry hides 12c to 14c; sheep pelts, 25c to 75c each. Hay, Grain, Feed. EGGS—Oregon ranch eggs, 18c case count; 20c condeled. SACK VEGETABLES—Carrots, \$1.50; HAY—(Buying)—Timothy, \$12 to \$15; clover, \$8 to \$9; oat hay, best, \$10 to \$11; mixed, \$9 to \$11; alfalfa, \$15 to \$16.50. OATS—(Buying)—\$37.50 to \$38.50 wheat \$1 bu.; oil meal, selling \$35; Shady Brook dairy feed, \$1.30 per 100 pounds. FEED—(Selling)—Shorts, \$28; bran \$26; process barley, \$41.50 per ton. FLOUR—\$4.60 to \$5.50. POTATOES—Best buying \$1.00 to \$1.40 according to quality per hundred. Butter, Poultry, Eggs. POULTRY—(Buying)—Hens 13c to 14c; spring, 15c to 20c, and roosters 8c. Stags 11c. Butter—(Buy)—Ordinary country butter, 20c to 25c; fancy dairy, 30c roll. Livestock, Meats. lambs, 4c and 5c. BEEF—(Live Weight)—Steers, 5 1/2 and 6 1/4c; cows, 4 1/2c; bulls 3 1/2c.
