Provisions Run Low And Men Are Rescued In Nick Of Time—Lone Steamer Is Hailed

SEATTLE, Wash., May 18.—Bringing Captain Charles Foss and the crew of the cockshilling schooner Joseph Russ, wrecked on Chirikof Island April 21, the steamship Bertha, of the Alaska Coast Company, arrived in Seattle this afternoon.

Giving a graphic description of the storm which resulted in the loss of the schooner and the death of John Jorgensen, the vessel's first mate, members of the crew of the Russ declared that only for the heroism of A. E. Reeves (Scotty) second mate, and five sailors, who went to Chignik in two open boats for assistance, all would have perished.

In a terrific gale, with heavy seas breaking over her, the Russ was driven ashore at 6 o'clock in the evening. Grounding on the sand she held her own for several hours, but finally, as the heavy seas continued to pound her, the vessel hatches gave way and she quickly filled with water. Captain Foss and 34 members of the crew had climbed high in the masts and lashed themselves to the rigging to prevent being carried away by the giant waves.

First Mate Jorgensen had started for the main mast to take refuge when a wave hurled him against the side of the vessel. His skull was crushed. Here they hung until 6 a. m. when the storm subsided and the tide left the Russ high and dry.

Jorgensen was buried far up on the sandy beach and a wooden cross marks the grave.

Captain Foss and his crew built a hut of pine boards and in this they stored the small amount of provisions saved and established sleeping quarters.

It was when the provisions began to run low and they realized that Chirikof Island is uninhabited that Second Mate Reeves and five members of the crew volunteered to put out in two open boats for Chignik, 110 miles distant, for assistance.

They were fortunate enough to arrive at that port before the departure of the mail steamer Dora, which immediately proceeded to the rescue.

When the Dora arrived on the beach, warmed by a driftwood fire, but scantily sheltered, were the 30 men.

PASTOR-SLAYER OF GIRL HAS HYSTERIA

BOSTON, May 18.—C. V. T. Richeson, awaiting execution for the murder of Avis Linnell, collapsed at noon today in another fit of hysteria in the death cell at Charlestown prison.

Richeson appeared calm and collected in the death cell early today and his hysteria was a surprise. The condemned man slept from midnight until 8 o'clock this morning.

Dr. Stedman or the Rev. Herbert S. Johnson will be constantly at Richeson's side until the time of his electrocution. The murderer's attack of hysteria resembled those from which he suffered while preaching at Hyannis.

When the Rev. Johnson arrived in his cell, Richeson glared at him breathing irregularly, and refused to speak.

The prison physician was summoned and declared the prisoner was in a state of semi-coma, due to extreme fear of death.

Remember Graduation Day

Look back to the day when you were stirred with the pleasure and enthusiasm of Graduation Day. Think of what it meant to you. Remember how you treasured and cherished Mother's Graduation Gift. Then think what it means or might mean to your daughter. The graduation gift should be something distinctly "personal." It may be serviceable, if you like. But above everything else it should be of really lasting quality. We shall be glad to help you in the selection of a worthy and appropriate gift for Graduation Day.

BIG AUTO CONTEST IS NEARING CLOSE

MISS McCORD, SHEAHAN AND BROWN CONFIDENT OF WINNING MACHINE

SECOND PRIZE ALSO ATTRACTS

Race Promises To Be Closest And Most Exciting Ever Held In County—Votes Held In Reserve

STANDING OF CANDIDATES
Ruby McCord 190,200
Joseph Sheahan 47,200
Kent Wilson 33,600
John Brown 15,000
John Weber 6,800
John Halston 6,000 &
A. G. Kindler 7,200

In less than three weeks either Miss Ruby McCord, Joseph Sheahan, Kent Wilson, John Brown, John Weber, John Halston or A. G. Kindler will be spinning along the beautiful country roads in a brand new touring car—one of the best made. Which one it will be the Contest Manager will not even hazard a guess. But he does hope that the machine which will be given away by the Morning and Weekly Enterprise is won by the most deserving candidate, and he confidently believes it will be. Up to date Miss McCord, in his opinion, has been the hardest worker, but he really does not actually know, for the others may have thousands of ballots held in reserve. That she has been the hold-out there is no question for she has handed in thousands of votes weekly, and has set the pace almost from the start. She declares she is confident of winning. But others are just as confident. Sheahan told the Contest Manager Saturday that he had the car already won.

"I am going to win sure," said the enterprising High School athlete. "I do not intend to expose my plan of campaign, but I am confident that it will land the machine. I expect to work harder from now on than ever before, and my friends will rally to my support."

Sheahan's confidence is supported by his achievements of the past, and there is every reason to believe that he will at least win the second prize if he does not capture the automobile. And the other candidates are just as confident of success as he. The race promises to be a pretty one, and the prizes will go to the most deserving.

CLARK CANNOT WIN ON FIRST BALLOT

WASHINGTON, May 18.—With more than two-thirds of the delegates to the Democratic National Convention elected, control of the Baltimore gathering remains as much in doubt as it did several weeks ago. Claims made today by the managers of the different candidates at the headquarters in Washington made it clear that none of them expects to control the convention through instructions on the first ballot, even though great strides are made for the respective candidates in the conventions and primaries to be held. The Democratic convention will consist of 1094 delegates. Under the two-thirds rule applying to Presidential nominations, 729 votes will be necessary for any candidate who secures the nomination. With about 320 delegates still to be selected, the strength of the respective candidates was given by their headquarters today as follows:

Clark—Claimed instructed, 323; pledged, 68; total 39. Conceded to Wilson, 80 (not including 18 from South Carolina, where the convention endorsed Wilson); conceded to Underwood, 84; to Harmon, 2; to Burke, 10; considered doubtful, 127.
Wilson—Claimed instructed, 243; Kansas 20 (Clark and North Dakota 10 (Burke), claimed as favorable to Wilson, 30; total of Wilson claimed strength, 273. Conceded to Clark, 236; to Harmon, 32; to Harmon, 32; to Foss, 36; to Baldwin, 14; to Marshall, 30; to Burke, 10. Considered "uninstructed and doubtful," 136.
Underwood—Claimed as instructed, total delegations of Alabama, Florida, Georgia and Mississippi and 6 from Tennessee. Total, 90. No other claims made.

At the Harmon headquarters, it was said today that a statement would be made later.

NEWLY WEDS DISAPPEAR AS CHARIVARI STARTS

A delightful wedding reception was tendered Mr. and Mrs. Charles Snyder, at the home of the bride's aunt, Mrs. C. C. Hall, 855 Molalla avenue last Sunday afternoon.

The bride who was born and reared in this city has always been a favorite in her circle of friends and acquaintances.

After congratulations, those present partook of a bountiful spread given in honor of the bridal couple. The dining room was attractively decorated with ferns, roses and lilies.

BEST ROCK TO BE USED ON STREETS

The city council has determined to use the best rock in building Macadam streets in future. With this object in view Ex-councilman Burk, a few weeks ago, obtained samples of rock from various quarries, and Councilman Tooze, a member of the Committee on Streets, sent them to the Oregon Agricultural College for analysis with reference to durability. Two of the samples were found to be exceptionally good. Mr. Tooze has been notified that the head of the Department of Mining Engineers in the college will come here to assist in locating the quarries from which rock will be obtained for streets.

GOLF IS CALLED ENEMY TO CHURCH

LOUISVILLE, May 18.—"One hundred thousand caddies are kept from Sunday school by golf," according to the report prepared by the committee on Sabbath observance for presentation to the 134th general assembly of the Northern Presbyterian church today. "Sunday sports blight character," continues the report. "Nine-tenths of those who enter prison started that way—by Sabbath breaking, largely due to Sunday sport."

Recommendations of the committee, of which James Yearance of New York, is chairman, provides that the assembly reiterate its "strong and emphatic disapproval of all secular uses of the Sabbath, all games and sports in civic life, as also in the Army and Navy; all unnecessary traveling and all excursions, and urge upon employers of labor and captains of industry to recognize the laboring man's needs of his weekly rest day and thereby insure his greater efficiency and happiness, and the greater prosperity of both capital and labor."

FIRST BASEBALL STRIKE IS STARTED

PHILADELPHIA, May 10.—The first real baseball strike in the history of the organized game showed no signs of being broken tonight. The 18 members of the Detroit team, who refused to play today because their fellow member, Ty Cobb, had been suspended for slugging a spectator who hurled insults at him from the New York bleachers, gave no indications of weakening. All of them were heartily in sympathy with the fleetfooted Georgian and they assured him again tonight that they would be with him until he "received justice" at the hands of President Ban Johnson, of the American League.

Hugh Jennings said tonight that he had washed his hands of the entire matter.

"I put a team on the field today," he said, "to save the owners of the Detroit franchise from being fined \$5000. It is now up to President Johnson of the league and President Navin of the Detroit club to settle with the 'strikers.' I do not intend to take sides one way or the other."

"You can say this much for me. There will be a club—professional club of some sort—on the field at Shibe park Monday. I do not know that we can get together anything like a formidable outfit, but I will do my best."

DR. FORD TO SPEAK IN FORUM TONIGHT

Much interest has been manifested in the open forum pulpit discussions Sunday evenings in the First Methodist Episcopal church. The first series of discussions participated in by lawyers, teachers and business men has closed, and Dr. Ford, the pastor of the church, and promoter of the open forum pulpit idea, will speak this evening on "Impressions of the Addresses delivered in the Open Forum Pulpit." Judge Campbell will preside. The address of the pastor is looked forward to as one of special interest to those who have spoken and those who have heard the speakers from time to time. Dr. Ford extends a special invitation to the men who have appeared in his pulpit in response to his request, and to the general public. He promises to speak with great frankness, for he says he believes in a modern church for modern men, in a system of faith so simple that a child may understand it, and so free from dogma that men of modern minds can accept it.

SOCIALISTS NAME COUNTY TICKET

The Socialists of Clackamas County, at a convention held in Knapp's Hall, Saturday afternoon nominated the following ticket:
Representatives—John Stark, M. V. Thomas, F. Matthews.
County Commissioner—W. W. Myers.
Sheriff—J. W. Braker.
County Clerk—J. W. Lelser.
County Recorder—C. T. Hilton.
County Treasurer—E. Fredericks.
Coroner—Ell Criswell.
About 100 delegates attended the convention, and it was the unanimous opinion that a complete county ticket should be named. The platform was a reaffirmation of the last national platform of the party. Although the registration increase this year was not as large as had been expected the members of the party confidently believe that it is gaining in strength and ultimately will be in control in this county.

Donald to Leave Railroad
NORTH YAKIMA, Wash., May 18.—George Donald, president of the North Yakima & Valley Railroad, a subsidiary of the Northern Pacific Company, announced today that he had offered his resignation to take effect in the near future. It is said here that Donald probably will be succeeded by George Reid, of Tacoma, general counsel for the Northern Pacific.

BROWNELL HITS SINGLE TAX AT GRANGE OUTING

In a speech delivered at Cedar Brook before the Farmers' Grange Saturday, George C. Brownell scored single tax as he is necessary. Mr. Brownell opposed the creation of useless commissions, and declared that the nation should work for the establishment of universal peace. He said that entire single tax theory was wrong, and he was confident the people of this county would favor it. Mr. Brownell spoke at the Grange picnic which was attended by at least 2,000 persons, and the address was one of the finest he has ever delivered. He said he favored the taxing of the water power facilities.

VIGILANTES SCORED AS I. W. W. FOES

SACRAMENTO, Cal., May 18.—Colonel Harris Weinstein, special commissioner appointed by Governor Johnson to investigate the San Diego "free speech" fight, now being waged by the Industrial Workers of the World, finds in his report, made public today, that the "vigilantes" have been guilty of more culpable offenses than the Industrial Workers, and recommends the prosecution of the former.

The Governor is counseling with the Attorney-General's office over the advisability of interfering, as recommended by the commissioner and having the state prosecute the vigilantes of San Diego, as the commissioner declares the District Attorney of San Diego will not do so.

A—That workmen are to use any and all tactics that will get the results sought with the least possible expenditure of time and energy.
B—The question of right or wrong is not to be considered.
C—The avenging sword is to be unsheathed with all hearts resolved on victory or death.
D—The workman is to help himself when the proper time comes.
E—No agreement with an employer of labor is to be considered by the worker as sacred or inviolable.
F—The worker is to produce inferior goods and kill time in getting tools repaired and in attending to private work; all by a silent understanding.
G—The worker is to look forward to the day when he will confiscate the factories and drive out the owners.
H—The worker is to get ready to cause National industrial paralysis, with the view to confiscating all industries, meanwhile taking forcible possession of all things that he may need.

TOOZE ASKED TO DELIVER COMMENCEMENT ADDRESSES

Superintendent of City Schools Tooze has been invited to deliver commencement addresses at the schools at Scappoose, Willamette and Canby, and probably will accept the invitations if the engagements will not interfere with his school work in this city. The classes in the Eastham and Barclay schools have asked Mr. Tooze to speak at their commencement exercises, which he will do.

SALOON MAN ENDS LIFE AT ESTACADA

CHARLES BEERS BODY IS FOUND BY BOATING PARTY IN RIVER

TOLD FRIENDS HE WANTED TO DIE

Business in Portland Successful But He Became Despondent—Check And Watch In Pockets

The body of Charles Beers, until recently part owner of a saloon at 104 First Street, Portland, was found about 500 feet below the pavilion in the river at Estacada Saturday morning. It is believed that the man committed suicide. The body was found by a party of young people who were having a pleasure trip in the river. It was floating just above the mill.

Beers, who formerly kept a saloon in Estacada, went to Portland about a year ago and engaged in the saloon business with A. Mays. The business prospered, but Beers grew despondent and frequently talked of taking his life. He was seen in Estacada on the morning of April 17, and it is believed that he jumped into the river soon after. There was a check and a gold watch in one of his pockets. A certificate showing that he was a member of the Eagles, also was found in one of his pockets.

OREGON CITY SCHOOL BOYS BUILD BIPLANE

Frank Nelson and George Hammond, high school boys, will in a few days test a biplane of their own manufacture. The machine, which the boys finished Saturday, modeled after the Wright aeroplane, and is twenty-two feet long and four and one half feet wide. Its weight is 140 pounds without the engine. It is the intention of the builders to test the gliding proclivities of the machine before installing an engine. The gliding will be done from the side of a hill. Although the boys have worked on the craft for three months, only the father of the Nelson boy knew what they were doing, the aeroplane having been built in a large room above Mr. Nelson's blacksmith shop on Main street.

ANNUAL PICNIC HELD BY FRESHMEN CLASS

The Freshmen class of the High School held its annual picnic at Schnoor's Park Saturday, 150 members of the class and many of their friends being in attendance. Superintendent of Schools Tooze, Miss Todd, Miss Baker, Mr. Forbes, Mr. Pfingsten and Mr. Anker were present. Games were indulged in and in the evening the pupils served ice cream, lemonade and cake. The picnic was one of the most enjoyable ever given by the Freshmen class, which will be the only High School class to give a picnic this year.

SKELETON OF INDIAN GIANT IS UNEARTHED

While James Wilkinson was excavating for John Lowry, who has the contract for the erection of several bungalows for H. J. Bigger at Greenpoint Friday they unearthed the skeleton of an Indian giant. Mr. Wilkinson, with the aid of other workmen, gathered up the bones and will keep them. Many years ago a battle between the Clackamas and Molalla tribes of Indians took place near the mouth of the Abernethy, where the body was found, and it is thought the skeleton is that of one of the warriors who lost his life in battle, and was buried by the members of his tribe.

MABEL TOWER IS DEAD OF POISON

YOUNG WOMAN, ILL, DRINKS DRUG THINKING IT IS MEDICINE

OUTING PLANNED BY HER FOR TODAY

Friends, Assisting in Arranging Picnic Find Her in Unconscious Condition in Next Room

Miss Mabel Tower, formerly of Oregon City, died Saturday at the home of her parents, Mr. and Mrs. Andrew Tower, of Stanley Station, of carbolic acid poisoning. The young woman is believed to have drunk the deadly poison accidentally. She had been ill for several years, and she is thought to have mistaken the bottle containing the poison for medicine which she had been taking.

Miss Tower and several friends who had called were arranging for an outing today when she excused herself, saying she wished to go into an adjoining room to take some medicine. When she did not return in a few minutes one of the young women went into the room and found her friend in an unconscious condition. A physician was called, but he was unable to revive the sufferer. Her parents are almost prostrated over the tragedy.

Miss Tower was a graduate of the Oregon City High School and was popular with all persons in this city who were acquainted with her. Soon after being graduated she studied stenography and worked in an office in Portland for two years when her health failed. Her parents moved from this city about four years ago.

Coroner Wilson held an inquest Saturday night, the jury returning a verdict of death by poisoning.

BUSINESS MEN URGED TO AID ROSE FESTIVAL

The Promotion Department of the Commercial Club has sent copies of the following letter to the business men of the city:

"We wish to announce that Oregon City will have another big day. This will be bargain day and the Rose Show on the 8th of June. This year the Children's Floral Parade, headed by the Oak Grove Girls' Band will be the feature in the morning, while the Philharmonic band heading the automobile parade will be the feature in the afternoon. The Rose Show will be in progress all day likewise there will be amusements and Band concerts on the streets.

FINAL TRIBUTE IS PAID MISS SHANDY

The funeral of Miss Mable Shandy, daughter of Mr. and Mrs. H. A. Shandy, of Gladstone, was held Saturday afternoon at 2 o'clock at the Baptist church, Rev. W. T. Milliken, pastor, officiating. Many friends of the young woman attended the services. Six young women were the pallbearers. They were Miss Verie Trimble, Miss Hazel Wyman, Miss Gladys Wyman, Miss Mable Mulkey and Miss Gladys Wyman. Miss Shandy, although a resident of Gladstone for only four months made many friends there. The interment was in the Mountain View cemetery. The floral tributes were beautiful.

Miss Shandy was stricken a short time ago with pneumonia, which resulted in tuberculosis. She is survived by besides her parents, two brothers, Clarence and Ernest, and one sister, Mrs. Guilmon, of Gladstone.
