The session at Roseburg was noted for its independence of thought and action. Of 122 delegates entitled to seats, 107 were present. With 107 votes cast C. E. Spense, of this county, received 96. For the first time, Sherman and Crook counties were represented, 28 of the 34 counties of the state having delegates.

The good roads committee at first decided to report favorably to the governor's proposal, all but the chairman later changed their minds, with the result that there were two reports from this committee. The grange rejected both reports and adopted a substitute resolution offered by John Mohr, of Hood River, pledging the grange to the two road committee. The grange endorsed second choice or preferential voting and asked for an amendment of registration eliminating swearing in of voters at the polls, and making registration permanent, while a person remained a resident of one precinct. School supervision was endorsed by a two-thirds vote. The grange favored keeping the Agricultural College and State University separate and supported an amendment of registration upon a millage basis.
