CORRESPONDENCE

MILWAUKIE.

The annual school meeting will be held Monday, June 17th at the school house, one director and a clerk will be elected. It is expected the tax payers will take up the matter of the school site and will probably settle it satisfactory in order that the injunction may be dissolved. It seems probable at this time that two sites may be chosen, one on the east side of the Southern Pacific and one on Milwaukee Heights, if such should be done the buildings will be smaller than the proposed building, which is the cause of so much trouble. They will also take a vote on reducing the school months back to nine, as this is the first year of ten months that has been taught. It is hoped by all that the school site question may be settled at this time as more school room is needed before the opening of the fall term.

The Milwaukee Grange will hold their regular meeting Friday evening, regular business and initiation with a short program prepared by Captain Shaw will fill up the evening.

Mrs. Lewyella is putting in a cement sidewalk in front of her property on Front street. The grading is being done in front of Charles Lakins property preparatory to building a sidewalk there.

"MADE IN OREGON"

"MADE IN OREGON." Men and women are equally interested in this campaign to build up Oregon industrially. Better payrolls mean a better chance to make a living, better homes, better men and women. Make a list of articles advertised on this page and call for them from the home merchant. Eastern magazines, weekly and monthly, are filled with alluring advertisements to persuade you to buy ordinary necessities like flour, cereals, clothing, paint, furniture, tents, motor car tires, stoneware, candy, or baking powder. Ask for the Made in Oregon article. Is it not foolish for a great milling state like Oregon to ship in carloads of flour because it is skillfully advertised?
