Heart to Heart Talks.

By EDWIN A. NYE.

TO A YOUNG MAN. What are you worth?

If you should die how much in cash would the world lose by your death? Experts have figured it all out. Acper day at the age of thirty, the period There was good patriotic music renwhen his labor is most valuable, is dered by the Congregational choir of \$3,217.03.

\$3.217.03 of its economic capital. But the professional man, the spe-

these statistics, society sustains a loss P. Todd, of Hood View. of \$13 207 48 Moreover-

The laborer grows less valuable in dollars and cents after thirty, while the economic worth of the professional choff's. man remains at about the same figure up to the age of fifty. After fifty his value grows slightly less.

To illustrate: Take the laboring man at sixty-five. His value to society is small. He can- ed and fixed up for the summer trade. not render much service. From being worth \$3.217.03 at thirty his value has of July celebration in Sandy. decreased until he is worth only \$594.67.

The specialist is still quite valuable to the world at sixty-five. He is worth ing his friends here to the pure artialmost as much as he was at forty or fifty. There is no such sharp decline in value as in the case of the laborer.

Mind you-When the specialist is here spoken of the term does not necessarily include land is in town on business. men of college education. The specialty may be that of an inventor or a breeder as well as that of a doctor or lawyer

or preacher. Nor do I undertake to say that morally considered the work of the specialshould be well paid for. I am only meeting. saying that as society is now consti-

tuted the specialist draws more pay and is rated at a higher figure. Plainly, then, the way to make yourself more valuable to the world, to your family and to yourself is to educate yourself to do something better

than the average man can do it. The world is asking of you today not
