COLONEL AT LAST GETS DELEGATE

COMMITTEE GIVES EX-PRESIDENT ONE IN KENTUCKY DISTRICT

TAFT MAKES GAIN OF SEVENTEEN

President's Four Contested Delegates At Large From "Dark And Bloody Ground" Are Seated

CHICAGO, June 11.—One delegate for Colonel Roosevelt, the first awarded him since the National committee began the contest cases last Friday and 17 for President Taft, were the net results of today's session of the Republican National committee.

In all, 101 delegates have been accorded the President since the committee began its hearings. The one placed today in the Roosevelt column was D. C. Edwards, from the Eleventh District of Kentucky.

The Taft forces on the committee refused by a vote of 33 to 19 to seat both the Roosevelt delegates whose places were contested, but agreed to a split, which gave Colonel Roosevelt and President Taft each one delegate from the district.

A rail victory for Roosevelt came at the end of a day in which all of the other contests from Kentucky had been decided in President Taft's favor.

In one of these the Roosevelt men had acquiesced, in others they had mustered a vote ranging from 11 to 17 against the Taft decision.

Senator Borah, the most active Roosevelt figure in the committee, protested against the splitting of the Eleventh District delegation.

"There is no justification for it," he declared. "If one is given, both should be."

Arthur I. Vorys, of Ohio, had made the motion to seat the divided delegation.

John G. Capers, Senator Borah and Francis J. Heney led an effort to adopt a substitute to seat both Roosevelt men, but they could muster only 19 votes. The split delegation then was seated unanimously.

50,000 SEE AVIATOR FLY FROM BUILDING

PORTLAND, June 11.—Silas Christofferson, the youthful Portland birdman, successfully piloted his biplane from the top of the Multnomah Hotel building to Vancouver, Wash., this afternoon. He flew the eight miles, crossing the Willamette and Columbia rivers, in 12 minutes.

Other aviators have made speedier journeys, but it remained for the unlicensed ex-automobile racer to be the pioneer in trusting his heavier-than-air machine in a start from the midst of the business section of a great city.

A crowd of 50,000 scattered along half a dozen streets, lining the roofs of dozens of office buildings, and perched precariously at every available point of vantage, witnessed the splendid start of the daring young aviator.

OREGON CITY BOY IS O. A. C. GRADUATE

CORVALLIS, Or., June 11.—The forty-third annual commencement exercises of the Oregon Agricultural college were held in the college gymnasium this morning, at which 118 degrees of Bachelor of Science were conferred by President Kerr, and two Master of Science degrees were awarded. The building was filled to capacity with friends of the graduates. Wilbur DeWitt Andrews, of Oregon City, is one of the graduates in mechanical engineering.

The commencement address was delivered by Dr. David Starr Jordan, president of Leland Stanford Junior university who chose as his topic, "The Case Against War," and a stirring appeal for universal peace was made. Dr. Jordan is an international authority on the world peace movement.

The graduating class this year showed a great advance in numbers in the engineering courses, 37 taking Bachelor degrees and one taking a Master's degree in that department. The domestic science and art department followed second, 33 being graduated. Twenty-seven were graduated in agriculture, eight in commerce and seven in pharmacy, while five diplomas were awarded in the school of music.

The military commissions were awarded by Lieutenant William C. Miller, commandant of cadets.

GLADSTONE COUNCIL AUTHORIZES SEWER

The Gladstone City Council at a meeting Tuesday evening, adopted a resolution providing for a sewer on Portland Avenue with a branch on Dartmouth street the cost to be between \$2,000 and \$4,000. Announcement was made that the water system would be in operation by July 4 when the big picnic is to be given at Gladstone Park.

OREGON CITY IS LAUDED BY HILL

HEAD OF GREAT NORTHERN RAILWAY AMAZED AT INDUSTRIAL WORK HERE

RUGS ORDERED BY HIM FOR HOTELS

Railroad Man is Guest of A. R. Jacobs President of Woolen Mills— Buys Navajo Blankets For Auto

Louis W. Hill, President of the Board of Directors of the Great Northern Railway, spent several hours in this city Tuesday looking through the big woolen and paper mills. The railroad man was the guest of A. R. Jacobs, President of the Oregon City Manufacturing Company. The party which included William Hanley, the cattle man, and W. P. Kenney, General Traffic Manager of the Great Northern Railroad came to this city in Mr. Jacob's automobile.

Mr. Hill was amazed at the manufacturing industries here, and was so impressed with the quality of goods made by the Oregon City Manufacturing Company that he obtained several Navajo blankets for his automobile, and placed a large order for use in several hotels in the East in which he is interested. The distinguished visitor predicted a great future for Oregon City because of the great water power and the fertility of the surrounding country. He thinks it will be only a short time when all the available water power here is put to use, which would mean the building of at least twice as many manufacturing establishments as the city now has.

POUNDMASTER KEPT BUSY IN GLADSTONE

During the past seven days many horses have been taken to the Gladstone pound. Eleven were placed in the pound Sunday and the Poundmaster, Morton Bell, has been kept busy settling the disputes. Cows giving milk are allowed to roam about Gladstone during the day between the hours of 5 a. m. and 8 o'clock p. m., but other cattle including young cows and horses must be either staked or kept off the streets. Chickens must also be kept in enclosure. The pound is near the home of Chambers Howell on the West Side of the O. W. P. track.

COLONEL CERTAIN TO WIN, DECLARES AIDE

CHICAGO, June 11.—That Theodore Roosevelt will be nominated on the first ballot at Chicago and that President Taft's own managers today admit that the president is a beaten man is the declaration today of Gilson Gardner, Gardner, who is close to the former president and is said to be "on the inside" in the councils of his friends, sizes up the Chicago convention situation as follows:

"Colonel Roosevelt will be nominated no matter what the National Republican committee now in session does in deciding contests. The Roosevelt managers claim they are now assured of enough delegates to put through their program even though the national committee puts through its steam roller program.

"This was the information which came today from the inner council of Roosevelt's managers. Iowa's 10 delegates, which are for Senator Cummins, may swing into line on the first vote taken, which will be on the question of organization. It is believed also that assurances have been received that North Dakota will oppose its votes to the nomination of Elihu Root and the steam roller program of the national committee. Senator Kenyon of Iowa was a visitor at the Roosevelt headquarters yesterday, and had a long private talk with Senator Dixon, the Roosevelt manager. It is believed that Dixon received assurances that Iowa would help, if necessary, in rejecting the report of the credentials committee when that report is put up to the national convention.

"The Roosevelt managers have their teeth set, and say they will not be defrauded of their representation in the Chicago convention by steam roller or any other methods. They will fight from the drop of the hat. If necessary Roosevelt will come to Chicago. Probably he will come to Chicago. This will be determined as soon as the steam roller chauffeurs have got through their job."

J. C. SPAGLE, CUTTING WOOD, SEVERS THUMB

J. C. Spagle, mailing clerk of the Oregon City postoffice cut the thumb of his right hand off Sunday evening while cutting wood at his home on Lawson Heights, and will be unable to attend to his duties at the postoffice for several days. His position is being filled temporarily by William E. Howell, assistant postmaster. Mr. Spagle is left handed.

If it happened it is in the Enterprise.

WIRES URGED TO AID BRIDGE PLAN

COMMITTEE NAMED TO INVESTIGATE BUILDING SPAN ACROSS CLACKAMAS

EASTERN PART OF COUNTY WANTS IT

Committee On Public Baths Reports That Lot Should Be Obtained In City—Charter Revision To Be Discussed

A demand that a steel bridge to cost \$12,000 be erected across the Clackamas River between Logan and Barton will be investigated by the Live Wires. That organization at its weekly luncheon Tuesday was urged by citizens of the Eastern section of the county to investigate the feasibility of the proposed bridge and a committee was appointed to look into the scheme.

The committee which is composed of M. D. Latourette, C. G. Miller, E. E. Brodie, B. T. McBain, T. W. Sullivan, L. Adams, Frank Busch, W. A. Huntley, O. D. Eby, John W. Loder, A. A. Price, William Hammond, L. L. Pickens, O. E. Freytag and F. A. Olmstead, will go to Logan and Barton in a few days to make the investigation. A survey for a road between Logan and Barton has been made. The residents of the Eastern section of the county think if the plan for the bridge is approved by the Live Wires the County Court will have it built.

Rev. C. W. Robinson, of a committee named to find out the cost of a proposed free swimming pool and baths, reported that it would be more desirable to have the baths and pool in the city instead of erecting a platform in the river. He said the cost of a lot, cement pool and shower baths would be about \$4,000, and the cost of a platform in the river about \$500. Mr. Robinson said the pool and shower baths in the city could be used the entire year, while the river plan would only be available in the summer. He also announced that the danger to boys swimming in the river would not be obviated by the platform for they would swim any place they desired, while if a pool was established in the city, the boys would not be tempted to go to the river. The other members of the committee are William Sheahan and John W. Loder.

H. E. Cross said if the city would relieve him of his street improvement assessments he would donate one of four lots owned by him in block 157 for the pool and public baths. Mr. Loder suggested that Mr. Cross owned a lot at Ninth and Jefferson streets much more centrally located which he might donate. Mr. Cross replied that Mr. Loder had even a more desirable lot near Ninth and Jefferson streets which he might donate.

It was decided to devote the next evening meeting and luncheon two weeks hence, to a discussion of the amendments to the city charter providing among other things a business form of government, to be voted upon in July.

MORRIS BROS. GIVEN \$50,000 BOND ISSUE

The Board of Water Commissioners Tuesday afternoon accepted the bid of Morris Bros. of Portland for the \$50,000 bond issue to redeem warrants bearing 6 per cent interest. The bonds will bear four and one-half per cent interest. Carstens & Earles, of Seattle were the only other bidders, their bid being \$96.20 on the hundred and Morris Bros. being \$96.30. The bond issue will save the city about \$700 annually.

If you saw it in the Enterprise it's so.

Several lawyers have declared that neither Shaw nor Burns would be victorious as a result of the legal action. They assert that inasmuch as Burns is the appointee of the mayor, but opposed by the council and Shaw is favored by the council and opposed by the mayor, the courts will hold that the city is without a chief. The charter provides that the chief must be appointed by the mayor and the appointment approved by the council.

BURNS QUILTS WORK AS POLICE CHIEF

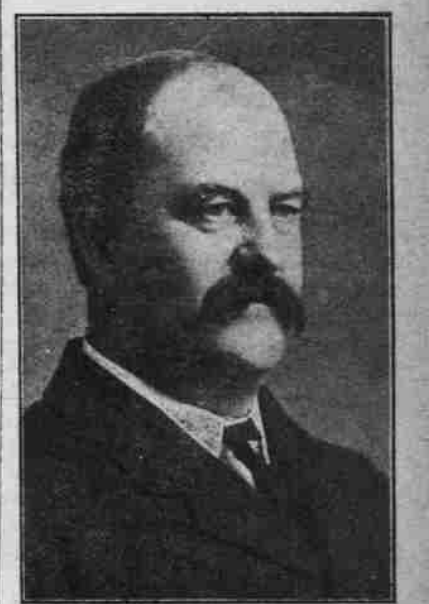

APPOINTEE OF MAYOR DIMICK SAYS HE WILL AWAIT DECISION OF COURT

WORKED 4 MONTHS WITHOUT SALARY

Judge Eakin Expected To Render Opinion This Week—Shaw Continues As Chief And Thinks He Will Win

Charles E. Burns, appointed Chief of Police by Mayor Dimick the first of the year, announced Tuesday night that he would not serve longer unless the decision of Judge Eakin, which is expected to be rendered in a few days, was in his favor.

"I have worked four months without any remuneration," said Mr. Burns "and I see no reason for serving longer until I know definitely whether I

Charles E. Burns, who has ceased acting as Chief of Police while awaiting decision of Court.

am the chief. Yes, I have quit, unless the decision should be in my favor."

Mr. Burns said that his four month's service expired on the night of June 8, and that he had not worked since then. He announced that he had informed Mayor Dimick of his plans.

Mayor Dimick said Tuesday night that his appointee had simply given up the place until the decision as to whether or not Burns is entitled to his salary is made by Judge Eakin. Meanwhile E. L. Shaw is continuing to act as chief of police. He has the backing of the city council, and is confident he ultimately will be declared chief. The council also has appointed him Keeper of the Jail at a salary of \$100 a month, and it is claimed if he cannot get his salary as chief he will get it as jailer.

Burns sometime ago filed suit for salary as chief for the latter part of January and the first part of February. The case was argued before Judge Eakin by Cross & Hammond for the plaintiff and J. E. Hedges for the city council. In the event Judge Eakin decides in favor of Burns, the decision will be equivalent to one that he is chief of police. It was announced sometime ago that if the decision was against him he will file another suit. However, judging from his statement Tuesday night, it is evident that Burns personally will not care to pursue the litigation further.

Several lawyers have declared that neither Shaw nor Burns would be victorious as a result of the legal action. They assert that inasmuch as Burns is the appointee of the mayor, but opposed by the council and Shaw is favored by the council and opposed by the mayor, the courts will hold that the city is without a chief. The charter provides that the chief must be appointed by the mayor and the appointment approved by the council.
