A MESSAGE TO THE WORLD

If each one of our own people would only look upon the possibilities at his command as the visitor sees them and would lend his aid in the great work of advertising what we have, to let those who need us know we want them, what an easy matter it would be to fill all the vacant land owned by somebody but now tilled by nobody. We have the most productive country out of doors. You'll all say "we know that," but our friends and people who want to be our friends now residing East, North and South of us do not know it, and unless we tell them, nobody will tell them about Oregon City and Clackamas County. They will hear of every other district with minor claims, trumped up into seemingly major ones, and without a word from us, how are they to know the truth about the place they are all looking for--the promised land--Oregon's Garden Spot--yes, we might say "The Garden of Eden" of today. Oregon City's Woolen Mill was the first manufacturing plant in Oregon, yes on the whole North Pacific Coast. Oregon City's paper mills were the first western mills to produce paper from Oregon timber. Oregon City's Willamette Falls pro-

duced the first Oregon electricity by water power.

Oregon City was the first builder of river steamers in Oregon.

Oregon City was the home of Oregon's first newspaper.

Oregon City was the mecca of the "Main's" travellers of early days--the builders of the Pacific Northwest.

Oregon City was the first territorial Capital of the Pacific Northwest and later of Oregon territory.

Oregon City was the home of the Father of Oregon, Dr. John McLoughlin and his old home survives him.

Oregon City and vicinity grows the best strawberries and small fruit in the world, barring none.

Oregon City and vicinity supplies Portland market with the wherewithals of life, fruit, vegetables, meat, dairy products, etc.

Oregon City is now the home of the largest woolen mills west of the Rocky mountains.

Oregon City is the proud possessor of the largest news print mill west of the Rockies and third largest in the world.

Oregon City has river electric and steam transportation the equal of anywhere, with deep water to the sea. Oregon City is promised terminal rates.

Oregon City is alive to its possibilities.

Oregon City's three paper, pulp and sulphite mills manufacturing over 250 tons per day.

Oregon City is still the best spot on the Pacific Coast for the traveller who is looking for a home and willing to work for it.

Oregon City is all that we claim for it--no boasting.

If we can but let the visitor know our message, we have the game won.

COMING OF THE HERD

In this, as in many other cases publicity means advertising. The Publicity or Advertising Department of the Commercial Club of Oregon City has provided the County of Clackamas with many original stunts in the advertising line, the last one known to the public being a monthly, live, wide awake newspaper, which is mailed to prospective settlers until they yell quits or come to the land of sunshine cream and strawberries. The latest plan in advertising is the best yet. In July the B. P. O. E. Elks' Reunion will be held in Portland while Oregon City is older than Portland, on account of Portland's natural geographical position the younger brother has grown far beyond expectations and cannot wear his brothers' castoffs, at the same time the brotherly feeling is none less and the Portland Lodge of B. P. O. E. Elks looks to Oregon City for aid. There will be a 50 page souvenir program of 75,000 copies in which seven pages in the front will be given entirely to the program of the seven days, and, incidentally telling the people who read each day's program all about Oregon City one inch at the bottom of each page being at the disposal of our publicity department. The Elks Lodge here is working with the advertising department of the Commercial Club and a fine program of entertainment is to be provided the visitors during the entire week. Oregon City business men should get into line and get hold of all the purple and white bunting and American flags they require before the supply runs out. Advertising is the life of trade but

when funds are limited as they are here, the advertising plans must necessarily be very carefully laid

HOP CONTRACTS ARE BRINGING 25 CENTS

That there is much strength in the market for hop contracts, notwithstanding the determined efforts of the shorts to depress views of growers, is indicated by the heavy purchases during the past ten days or two weeks by some of the heaviest operators in the hop market.

McNeff Bros, who are probably among the biggest in the country, are still tagging on supplies of 1912 contracts at 25c and would certainly secure them for less if desirable yards could be written below that figure. The firm recently took the Simon crop of Salem at 25c, the J. B. Kennedy crop at Woodburn at 25c, and the Niger crop of Salem at 25c. Other contracts were written by the same firm for terms of one to three years, the latter being made at an average of 18c a pound and even better.

Other prominent buyers who participated in the purchasing of contracts recently were Hugo Leowi, who secured the Hanna Bros. lot at Independence at 25c and the Fletcher lot of 40,000 pounds at the same figure. Louis Lachmund, who is considered one of the real conservative ones when it comes to forecasting the future, has been also a buyer recently at 25c. At this figure he not long ago took a contract for the 1912 crop of Gong.

Prevailing Oregon City prices are as follows:

- DRIBED FRUITS--(Buying)--Prunes on basis of 6 to 8 cents. Fruits, Vegetables. HIDES--(Buying)--Green hides, 7c to 8c; salters 6c to 7c; dry hides 12c to 14c; sheep pelts, 25c to 75c each. Hay, Grain, Feed. EGGS--Oregon ranch eggs, 18c case count; 20c condeled. HAY--(Buying)--Timothy, \$12 to \$15; clover, \$8 to \$9; oat hay, best, \$10 to \$11; mixed, \$9 to \$11; alfalfa, \$15 to \$16.50. OATS--(Buying)--\$37.50 to \$38.50 weight 1 lb.; oil meal, selling \$35; Shady Brook dairy feed, \$1.30 per 100 pounds. FEED--(Selling)--Shorts, \$28; bran \$28; process barley, \$41.50 per ton. FLOUR--\$4.60 to \$5.50. POTATOES--Best buying \$1.00 to \$1.40 according to quality per hundred. Butter, Poultry, Eggs. POULTRY--(Buying)--Hens 13c to 14c; spring, 17c to 20c, and roosters 8c. Slugs 11c. Butter--(Buying)--Ordinary country butter, 20c to 25c; fancy dairy, 40c roll. Livestock, Meats. lambs, 4c and 1/2 c. BEEF--(Live Weight)--Steers, 5 1/2 and 6 1/4 c; cows, 4 1/2 c; bulls 3 1/2 c. MUTTON--Sheep 3c to 3 1/2 c. VEAL--Calves 10c to 12c dressed, according to grade. MOHAIR--33c to 35c. Shirt Sleeves to Shirt Sleeves. Oliver Wendell Holmes counted only three generations between shirt sleeves and shirt sleeves. A daughter of Tolstoy in an interview with Henry Nor man expressed the same idea in these words: "No Russian ever 'founds a family' as you say. A man makes his fortune; his son lavishes it; his son disperses it." A Mean Way to Put It. "I think this that makes me look ten years younger, don't you?" "Yes. My husband said to me yesterday, 'When your friend takes her hat off she looks ten years older.'"--File-gene Blatter. An Excellent Memory. Hicks--He's very charitable, isn't he? Wicks--Who? Pincher? Hicks--Yes. He says he always remembers the poor. Wicks--Well, that's all. It's a matter of memory. --Philadelphia Ledger.

"Titanic Waifs" Restored To Their Youthful Mother

Photo by American Press Association.

AFTER tragic and romantic experiences such as fall to the lot of few, whether babies or grownups, the two Titanic waifs, Michel and Edmond, have been restored to their pretty young mother, Mme. Navratil, who, mourning the loss of her children, taken from her by their father, from whom she was separated, first learned of their whereabouts through the newspaper accounts of the two beautiful children rescued from the sinking vessel and tenderly cared for by a young New York woman, also a survivor of the wreck. Probably no two children in humble life (their father, who went to his death like a man on the Titanic, was a tailor and their mother a saleswoman) have ever received the worldwide attention which came to these two boys. Their beauty and the pathetic circumstances of their rescue and restoration to their mother constituted the one episode of the disaster upon which the mind can dwell with unmixed gratification, so full is the whole story of human nature and human kindness. In spite of many offers for the adoption of the children their mother has taken them back to their home in Nice and declares that she will never part with them.

ELKS HONOR STARS AND STRIPES TODAY

(Continued from page 1)

The address will be an interesting one. As the flag is unfurled above the new building, the lodge will sing "The Star Spangled Banner." Exalted Ruler O'Malley asked the Morning Enterprise to extend an invitation to all the residents of the city to the exercises which will be in commemoration of the adoption of the Stars and Stripes by Congress. At a meeting of the committee on Elks Reunion composed of Dr. Clyde Mount Chairman; Henry O'Malley, Secretary, T. P. Randall, H. S. Moody and M. D. Latourette, the following sub committee was appointed to meet the trains and arrange for the entertaining of visiting Elks: Dr. A. L. Beattie, chairman; O. D. Eby, W. H. Howell, William Stokes and W. A. Huntley. It is planned to keep open house during the convention and it is expected that at least 10,000 members of the order will visit the city during the convention. The Elks drill team, composed of 100 members will meet in the lodge room next Wednesday evening. The team will participate in the big parade in Portland July 11. It also is the intention to arrange a banquet for the team after the parade in a leading grill in Portland. Exalted Ruler O'Malley announced Thursday evening that the new home would be ready for use about September 1. The membership is increasing at a remarkable rate, and no city the size of this one in Oregon is better represented.

Japan Will Never Forget Its Debt to This Nation

Baron T. OZAWA, Vice President of the Japanese Red Cross Society

EVER since our country was awakened by the voice of an American prophet-like man calling in the wilderness--I mean Commander Perry on his visit to Japan--we have NEVER BEEN ABLE TO FORGET OUR DEBT TO THIS NATION, which knocked so gently at our doors, like a mother awakening her child in the night. JAPAN HAS BEEN WARNED UNDER THE WINGS OF AMERICA.

Nevertheless there has been much comment on a war between the United States and Japan. We Japanese never dream of anything like that and never shall. It is utterly ridiculous.

Your country has been OUR BENEFACTOR from the start, nor can we forget, dear friends, that it was under American intervention and on American soil that the treaty of peace after the late war in which our country was engaged was concluded.

WHO CAN DARE BE UNMINDFUL OR UNGRATEFUL TO MOTHER AMERICA FOR HER KINDNESS TO HER CHILD JAPAN?

Coming out every time you comb it--is the falling hair ruining that beautiful thick and wavy hair that you are so proud of and treasure so much? You can stop the falling out and restore those gray hairs to their natural color just as soon as you begin to use HAY'S HAIR HEALTH. Don't delay--don't run the risk of losing altogether, with thin, scraggly, gray hair your beauty and youthful appearance. Keep your hair natural colored, thick and glossy, and you will always keep your good looks. It is not a dye. 1.00 and 50c at Drug Stores or direct upon receipt of price and dealers name. Send 10c for trial bottle. Philo Hay Spec. Co., Newark, N. J. HUNTLEY BROS., Distributors
