

# "MADE IN OREGON"

The regents of the Oregon Agricultural College adopted a resolution at their last meeting to purchase all supplies and building materials for that institution in future from Oregon industries. They believe when they are expending the taxpayers money they should give the products of the home manufacturer the preference, and this idea is growing in favor with all public officials, our state institutions county and city institutions, colleges and school houses, armories and public buildings generally that are built and maintained by the taxpayers money should not be filled up with the products of the eastern manufacturer if they can be as well supplied from the Oregon Manufacturer. This action has been followed by the Board of Regents of the State Normal School at Monmouth, who have ordered all furniture, building material, paints blank books and printing "Made in Oregon." All Oregon public officials should be loyal to the home industries when expending Oregon revenues derived from the taxpayer.
