ASTRONOMICAL EVENTS. (From noon today to noon tomorrow.) Sun sets 7:33, rises 4:36. Evening stars: Mars, Jupiter, Mercury, Venus. Morning star: Saturn.

PACIFIC HIGHWAYS

The Pacific Highway Association will meet in Good Roads Convention in San Francisco August 7 and Oregon City has been asked to send a delegate. Many will wonder what good Oregon City's representative could do in San Francisco, but they do not know that Oregon City's suspension bridge across the Willamette is advertised not only in all parts of our own land as one of the beauty spots of the United States but is shown throughout Europe in the great road advertising schemes of the Pacific Coast as a part of the great Pacific Highway.

THE FOURTH OF JULY

The fun is over and we are all back at work again. The weather man saved a good day and delivered it at the right time. Many celebrations were held, and many burned fingers resulted, but never was there a time at Willamette such as marked the entire day at the picnic of employes

of the Willamette mills.

From the first tap of the gong until the fireworks set flashed "Good Night" everyone was busy. There never was a finer showing of employer and employee working and playing together, running side by side in the games and sports and partaking of the same luncheon on an equal footing. That picnic will long be remembered by all.

THE MILKY WAY

The Swiss-American Milk Products Company, a new corporation, is looking for a home. Its incorporators are all experienced dairy men and one of them, Mr. Cleaver, an old Oregon City resident and related to some of our best families. With a canning plant such as they promise if we win their good graces, using 50,000 pounds to 100,000 pounds of milk per day, 5000 cows will be kept busy. This will be a great thing for Clackamas County and our farmers should come to the front and show their interest. The Commercial Club can do its part through its publicity department but the club needs the cooperation of everyone.

Payroll, progress and prosperity are links in one chain which are wanted in all districts. Oregon City is to have a paper bag, paper towel and toilet paper factory and the payroll will be some considerable sum for in these articles labor is one of the main items. This shows continued progress and prosperity, assured for some time to come. As long as our people will foster industry, with our great power possibilities the three P's are sure to stay with us—Payroll—Progress—Prosperity.

FORUM OF THE PEOPLE

TOOZE MAKES CORRECTION. Editor Morning Enterprise:—Will you please correct the statement which appeared in the city papers to the effect that at last Wednesday's council meeting Mr. Tooze moved that saloons might be kept open until 12 o'clock P. M. before legal holidays but to only eleven o'clock other nights. The truth is that neither Mr. Tooze nor any other councilman made any motion relating to the hours for saloon closing. That matter has been fixed a long time by the charter. Mr. Tooze merely asked for the interpretation of the charter provisions in regard to saloon closing, as the right of the police to cause the saloons to close at eleven o'clock on either the night before or the night of the legal holiday had been questioned by some saloon keepers. The information was sought at the request of Mr. Frost, and for use of the night police. Another error was the statement that Mr. Hackett was to receive \$5 per day for a period of time not exceeding ten days. It was believed that it would require less than ten days time.

A Titanic Disaster a Day Appalling and Unnecessary Waste of Human Life That Could Be Prevented By Professor IRVING FISHER of Yale University MORE THAN SIX HUNDRED THOUSAND LIVES ARE LOST EVERY YEAR IN THE UNITED STATES FROM PREVENTABLE DISEASE AND FROM ACCIDENTS. Let me put the figures in another form. A life insurance president has calculated that PREVENTABLE DISEASE AND ACCIDENTS destroy every day American lives equal in number to the crews of two battleships. Think of it! A TITANIC DISASTER A DAY, and yet the public does not rise up and demand in a spirit of anger and determination that steps be taken at once to put an end to this appalling and UNNECESSARY WASTE OF HUMAN LIFE! Vital statistics have been well called the bookkeeping of health, and, believe me, the bookkeeping of health is JUST AS NECESSARY TO GET HEALTH RESULTS AS THE BOOKKEEPING OF BUSINESS is to get business results, and this is proved beyond doubt by the fact that those countries which have kept their health books the longest have been most successful in prolonging the average of human life within their borders.
