SINGLE TAX PARALYSIS

What are the Single Tax people figuring on? What is their present game? Why don't they come out and explain all points of their proposed constitutional amendment? Do they want the people to know that it is their desire to kill Oregon industrially? Do they want the voters to know they are working to kill the goose that lays the golden egg? Do they want to tell the unsuspecting public that our great industries dependent upon our timber resources would be greatly injured and that through the constitutional amendment they are working for, labor will probably eventual-

To Europe In a Day May Be Ultimate Triumph of the Aeroplane

By WILLIS L. MOORE, Chief of the United States Weather Bureau

THE PLACING OF PASSENGERS IN ALUMINUM CASES, CARRYING THEM UPWARD ON AEROPLANES TO THE EASTWARD DRIFT ABOVE THE STORM STRATUM AND SHOOTING THEM FROM AMERICA OVER TO EUROPE BETWEEN BREAKFAST AND AFTERNOON TEA IS NOT SO WONDERFUL A PERFORMANCE AS THE SENDING OF AN AEROGRAM ACROSS THE ENGLISH CHANNEL OR THE TRANSMITTING OF THE HUMAN VOICE OVER A METALLIC CIRCUIT.

WILLIS L. MOORE

By the use of cinematography (photographing of moving objects) we are justified in believing that atmospheric phenomena 50 to 150 miles above sea level are now coming within the reach of ACCURATE METEOROLOGICAL OBSERVATION AND CALCULATION. We shall in the near future have a more intimate knowledge of the complex operations of nature in these high altitudes than we have today.

Aviation is largely indebted to meteorology for its existence. The aeroplane is but a kite of the meteorologist with power and rudder attached, and the ART OF AERIAL NAVIGATION AND THAT OF WEATHER FORECASTING WILL BE CLOSER ALLIED IN THE FUTURE THAN THEY HAVE BEEN IN THE PAST.

It is no wild flight of fancy to assume that in the near future the WEATHER FORECASTER WILL DAILY LAY OUT THE ROUTES OF THE SHIPS OF THE AIR.

CONTROL OF CROSSINGS

The County Court of each county should follow the course of our county court and insist upon the railroads maintaining proper crossing where the track crosses the county roads. Clackamas County has a number of very dangerous crossings of this kind and many serious accidents have only been averted by the presence of mind of those participating. We have a live county court and it can bring about the desired result. The crossing between Oregon City and Parkplace near the hop dryery, which is to be widened by the Southern Pacific Co., is one of the worst of the road at this point is only of sufficient width for one vehicle to pass over the railroad at one time. Teams and automobiles often meet at the top of the grade from opposite directions and should a train happen along at the same time, the result would be far from interesting to the participants and to the Railroad Company. If the county courts do not insist upon the county's rights the railroads become lax and let well enough alone.

PRESERVED STRAWBERRY DELIGHT

The season of the delicious strawberry is not very long and it behooves the housewife to be familiar with methods of preserving so that the berries may best retain their flavor. Strawberries make the most delicate of preserves. Use pound for pound of fruit and sugar. Select the largest most perfect berries; put in deep dishes; sprinkle over the sugar and shake the dishes so it may reach all the berries; leave 12 hours, or longer if more convenient; drain off the juice carefully and boil it until it is like jelly, then put in the berries, a few at a time (not pour them in a mass), and let simmer 15 minutes. Skim them out carefully, put in pint cans or jelly cups, and fill with syrup. When cold cover with melted paraffin and tie up to jam.—Farm and Home.

If it happened it is in the Enterprise.

SEALS LOSE FOUR GAMES TO BEAVERS

PORTLAND, July 13, (Special).—McCorry, the Seals' Detroit acquisition, stopped Portland's hitting streak today, but his wildness gave the Beavers four straight by a score of 4 to 1. Klawitter proved no enigma, but his unparalleled feat of striking out three consecutive batsmen from the bases loaded in the fourth inning broke the Seals' backbone and from that on the fans took more interest in Butcher's slugging than in the final outcome.

At the Portland Theaters

Last Car Leaves for Oregon City At Midnight. Cathrine Countiss begins her summer season at the Heilig Theatre, Seventh and Taylor streets, in "The Thief," on Sunday evening, July 14. Public interest is very great; many elements inspire it. Miss Countiss is very close to the hearts of Portland play-goers, whose encouragement led her on to broader achievements. She returns as one of the best known women of the stage. Sydney Ayres, her leading man, is also widely known and deservedly popular. "The Heilig" is a beautiful theatre, with a wonderful cooling plant for mid-summer nights. The plays are high-class and attractive. The special scale of prices, 25c to 75c, is within reach of all purses.

MOOSE TO STAMPEDE TO PORTLAND LODGE

As the time draws near for the stampede of the Oregon City herd 961 of Loyal Order of Moose to the Portland Lodge July 17 it is requested that all local Moose send in their names and round trip fares, of fifty cents to the secretary. A number have responded to the first call, and it is confidently expected that the excursion will be one of the largest private junkets which has ever left Oregon City.
