#### Reclamation and the Waterways.

Both the leading parties in their platforms treat waterway development as one of the live national issues, and it is clear that the next ten years will witness important progress in deepening and restraining channels and in promoting their uses in industry as well as navigation. In Gibbon's work on the Roman Empire occurs this striking sentence: "The servitude of the rivers is the noblest and most important victory which man has obtained over the licentiousness of nature." Gibbon died 119 years ago, but though he had never seen a steamship he knew from history what rivers had been to ancient races, and placed their mastery, as far as it went, above all other achievement with natural forces. Though he lived before the era of steam and elec-

tricity he knew that the streams had been to many generations of men in reclamation, irrigation and transportation.

The National Reclamation Association, on the strength of the platforms just adopted, is preparing to push its cause in Congress more vigorously than ever before. At the session of Congress beginning in December it will favor the completion of a levee system from St. Louis to the gulf, the conservation of flood waters for irrigation and navigation, water supply, power development and allied subjects. Four hundred million tons of silt, the surface soil, is annually washed down to the gulf by way of the Mississippi River. Millions of electrical horse-power units are wasted in the freshets of tributaries of the Mississippi. All that can be done by means of the conservation of rivers is not determined, but there is no risk in a wise beginning, and in the more earnest, systematic attention of Congress to waterways. The platform planks relating to them should mean business.

A conservation plank is found in the Democratic platform, but the document is a general assault on the conservation of present prosperity.

Hydroplanes are gaining in public interest. They land in water and anything that lessens the dangers of aviation is welcome.

The versatile Dr. Woods Hutchinson is one of the signers of the Roosevelt convention call. They that be whole need no physician, says the Bible.

Mexico's silver dollar is quoted at 48. More than 95,000,000 Americans are glad that every one of their dollars is worth more than double that amount.

are the cause that our political life is as corrupt as it is. "That defendant by such publication intended by the first clause to charge and did charge plaintiff with spending hundreds of dollars unlawfully and in violation of the law of the state, and intended by the second to charge the plaintiff with being guilty of the crime of bribery, and intended by the third clause to charge and did charge plaintiff as an attorney and candidate for the office of representative in the legislative assembly in the state of Oregon from the representative district comprising Clackamas County, with being dishonest and corrupt and as having a design to secure his election to said office by dishonest and unlawful means for the purpose of corrupting public life."

### At the Portland Theaters

Last Car Leaves for Oregon City At Midnight.

The Cathrine Countess season at the Heilig Theater, corner Seventh and Taylor streets, began with magnificent performance of "The Thief", a midsummer revelation. It is greeted with enthusiasm. The critics are cordial in praise. Miss Countess has returned, a delightful actress with a world of magnetism. She rings true in comedy and strong emotion.

Portland Play-goers love this charming woman and brilliant artist. They have given her a series of ovations, and will watch eagerly for her portrayal of each new role.

For her second week, beginning Sunday evening, July 21st, Miss Countess turns to the sparkling American comedy, "A Woman's Way", by Thompson Buchanan, which was Grace George's best success. It treats the divorce question from a new comedy angle. The scenes are laid in a fashionable New York household. A wise and winsome little wife finds her husband yielding to the lure of a fascinating widow, who is his companion in an automobile smash-up. The way she urns the tables, and brings him to his senses, involves many funny complications.

"A Woman's Way" is a bright clean comedy, with amusing characters that will introduce many new members of the fine, high-class company, with capital parts for Miss Countess and Mr. Ayres.

There is a tremendous demand for a revival of "Merely Mary Ann", and it has been put in preparation. The cooling plant of the Heilig Theater is a wonderful attraction on hot nights.

### OFFICERS INSTALLED BY ARTISAN LODGE

The installation of officers of the Artisan Lodge took place at the Woodmen hall Thursday evening. There was a large attendance of members, and after the installation ice cream and cake were served. The following officers were installed: Master Artisan, Mrs. Emma Thomsen; superintendent, Miss Maude Lightbody; Mrs. E. H. Cooper, secretary; J. A. Tufts, treasurer; Mrs. Minnie Donovan, senior conductor; Mrs. Tobin, junior conductor; Mrs. F. Linn, master of ceremonies; Leslie Burk, warden; Mrs. Schwartz, instructor; Oscar Woodfin, musician; Mrs. J. A. Tufts, inspector.

Back to the Woods. "Do you believe in the Darwinian theory, Miss Stuckup?"

"Yes, but I go further than Darwin did, for I believe some of our species have started on their return journey." —London Tatler.

#### A SQUARE DEAL

Huntley Bros. Co. Back Up Their Claims With a Guarantee

We say to you that in our estimation there is no better nerve and blood tonic—nor one better able to bring the greatest relief in the shortest time—than Rexall Celery and Iron Tonic.

We have had ample opportunity to note the varying degrees of success attained by different preparations with this class of ailments. We feel that we are qualified to judge.

On the other hand, we have a reputation to sustain, and could not afford to recommend an article in which we did not have positive faith. But we do more than recommend Rexall Celery and Iron Tonic. With every bottle we guarantee satisfaction or your money back.

Warm weather is less bracing than the cold, and decreases the powers of resistance to disease. You become fatigued with less exertion, and ordinary work or pleasures are a much greater drain on your resources. As a result some part of the system breaks down, and refuses to do its work. You don't feel good. Something is wrong. You are depressed, easily tired, lose your appetite, lose flesh, your complexion is bad, your heart "thumps" too easily—any one of these symptoms is a danger signal you can't afford to ignore.

You need something to repair that nervous system, to tone up that stomach, and cleanse that blood. We believe Rexall Celery and Iron Tonic will help to do it. It is a specialized food and body builder that, through its action on the nerves and blood, aids in restoring them to perfect health—that develops an appetite and assists in converting the food into rich, red blood, and blood into brawn and brain. Price, \$1.00. Sold in this community only at our store, The Rexall Store, Huntley Bros. Co.

A small classified ad will rent that vacant room.

### Chautauqua Pianos for Sale

From \$30.00 to \$40.00 actually saved. Put your thinking cap on. Figure it out. If you intend to buy within a year, buy now, or at least come and investigate. These pianos are all brand new and were especially selected new and were especially selected such well known makes as the Ludwig, the Hobart, M. Cable, the Milton, and the Price & Teeple. 10 per cent off the Portland cash price, a small payment down, and easy monthly, or quarterly payments as best suits your convenience. These pianos have been used only by teachers, and have had the best of care and are truthfully a safer buy than a piano that has never been tried out. They have stood the test, and proven their worth. Who will be the first to take advantage of this opportunity to save some cold cash, and settle this piano question. If you never intend to get one, this will not interest you, but if you do intend to get one some time, why live without it, when you could just as well have it. Can you think of any kind of pleasure that does not cost money? A good piano will last for 30 years, less than 3 cents a day. The cheapest pleasure in the world. Pianos pay for themselves in various ways. Some make fortunes for their pupils. Some support families. Some are peace makers, by bringing sunshine and joy to the home, and least of all apparently, it provides pleasurable pastime, recreation and rest for the young and old, awakening new and good thoughts like an inspiration.

These are all really good pianos and grace many an Oregon City home, but no one ever got them NEW, for so little money. Why, because there never was a reason before, it is easy to give big discounts on an inflated price, but not off the right price. We feel that we have received 10 per cent on these pianos through the advertising we got out of the chautauqua.

They can be seen anytime while they last at the piano store, 709, Seventh street, Oregon City. The Wiley B. Allen Co., Estab. 1873.

#### Wanted Family and Got It.

An actress married a foreigner who was, she understood, a count, but it turned out that he was only a waiter. When she discovered his true station she reproached the man bitterly. "I knew I wasn't getting wealth with you," she said, "but I thought I was getting family."

"So you are getting family, my dear," her husband replied, and with a misty glance he opened the door and revealed six little children. "See, these are mine. I forgot to tell you I was a waiter."

## There Is No Place For the Idler In America

By GABRIEL HANOTAUX, French Statesman and Historian

LABOR! THERE IS THE TRUE BASIS AND ESSENTIAL CHARACTERISTICS OF YOUR AMERICAN CIVILIZATION, AND IT IS FORTUNATE, INDEED, FOR YOU THAT IT IS SO. LABOR, AFTER ALL, IS THE ONLY SOLID BASIS OF SOCIETY. HERE EVERY ONE WORKS, AND THERE IS NO PLACE IN YOUR SCHEME OF THINGS FOR THE IDLER.

The reason for the incomparable greatness of this country is that rich and poor alike voluntarily obey the duty imposed upon man in the opening chapter of the Bible. You remember the words, "Thou shalt earn thy bread by the sweat of thy brow." That is what the first settlers in this country had to do, and a glance at your way of living shows that you have REMAINED FAITHFUL TO THE EXAMPLE SET BY YOUR FORBEARS.

There is one thing it is well to remember in this land of the dollar—it is not gold that counts; it is the CONSTANT EMPLOYMENT OF ALL THE FACULTIES OF MAN, THE ELIMINATION OF WASTE IN THE LIFEWORE OF MEN.

The American republic and the French republic are the two elder daughters of Liberty. Both are powerful among the nations of the earth. America is FULL OF ENTHUSIASM. You have already accomplished a prodigious work. Your future achievements will be ever more extraordinary. France also is active. She knows no nobility but that of labor. She is enamored of beauty and brings to the realization of her ideal the most cultured civilization perhaps in the world.
