RAILROADS—POPULATION

Oregon City is to grow and to grow rapidly according to D. W. Campbell, General Superintendent of the Southern Pacific Company who met with our town folk at the Commercial Club Tuesday night last. The west side will be opened as an addition to Oregon City, streets will be laid out, up to date sewer and water system installed—in short a model city planned and completed at an early date by the Moody Land Co. Oregon City will be connected with Portland by an up to date electric service on the West Side.

Portland people are expected to provide themselves with suburban homes on the West Side—all in all the railroad company predicts nothing but best possible future for this district. Why not? Our natural resources warrant all and more and we will get it if the people will work together.

THE PUBLICITY COMMITTEE

The work of this committee on duty all the year round deserves more attention and patronage at the hands of the farmers and large land owners. Some of the town's best business men are on this committee. The mills and power companies are represented and a lawyer, O. D. Eby is chairman. Their work is the best form of publicity for the city and county and those outside of the city who feel able to aid should get on the subscription list for a monthly payment. Some of our best farmers are big-hearted and feel they should have a hand in the good work—this is your opportunity. Come forward.

LIVE WIRES—BARTON-LOGAN

The committee of 15 Live Wires took the country run in automobiles Thursday and saw everything to be seen, returning a wiser bunch—the bridge is needed—more than one is needed—as many as can be had are needed. If we can have the two sides of our county, both sides of the Clackamas united by bridges, we have the different communities united in a manner that no one can cut asunder. But how can we secure the bridges? If the railroads will help the county and come forward with their offers now when the matter is being agitated, the county court may see its way to put this bridge in its 1913 budget. The sooner the better.

To Cure Scars.

Scars are often very ugly things and disagreeable marks when they exist in a prominent place on the skin. Probably nothing can remove a big scar the tissue of which has become fibrous and unyielding, but the following recipe, to be applied on lint and allowed to remain on the part for a little time daily, will effect an improvement in small scars and blemishes: Borax, one and a half ounces; salicylic acid, twelve grains; glycerin, three drams; rosewater, six ounces. Mix.

BIBLE CLASS QUESTION CLUB OFFERS RARE CHANCE

We publish today the second of a series of suggestive questions on the International Sunday School Lessons. For some time these questions have been stirring a great deal of interest. They are published in nearly a thousand newspaper towns and are studied by millions of readers. They are received warmly by the public and enthusiastically endorsed by clergymen of all the churches. Sunday school superintendents, teachers and adult Bible class scholars use them in every town where they are published, and the general public are much interested. Contracting for this unique Bible study question service forms the Morning Enterprise and its readers into a local club of one of the classes of the International Press Bible Question Club, and gives the right for all our readers to compete for some very valuable prizes. There are four classes organized each year composed of the newspapers which take up the publication of these questions at four different periods, viz: Those that commence April-June are Class A; July-September are Class B; October-December are Class C; and January-March are Class D. Hence the Morning Enterprise local club belongs to Class B. There are fifty valuable prizes to be given to our class: Five solid gold medals, five sterling silver medals, five teachers' Bibles, price \$5.50 each, and thirty-five copies of the book "The Heart of Christianity," price \$1.50 each. The medals are specially designed and engraved and each will be inscribed with the name of the winner. The conditions of the contest are so simple that any person can comply with them. The contest will not commence until the questions have been published thirteen weeks, in order to give everybody a chance to become familiar with them. One condition is that the questions must be read each week and as the Morning Enterprise will be necessary for this, you had better send in your subscription at once. If there are five or more contestants from your local club, and no one of them has won a prize as above provided, there will, in that event, be a special local prize of solid silver medal, specially engraved with the name of the winner, awarded to the one who has the highest marks among the contestants of our club, in the written examination.

BLUE ARMY READY TO BATTLE WITH RED

GATE, Wash. (headquarters of Brigadier-General Marion P. Maus), July 25.—With a rising barometer and indications that the weather will be fair for the remaining days of the campaign between the Blues and the Reds the Blues camped near Rochester for two days, advanced to meet the Reds at 6 o'clock today. The Blues will camp in the vicinity of Gate today and prepare for the great struggle. From the frequent clashes of the cavalry it begins to look as though there certainly must be a great battle between the two forces soon, probably Friday or Saturday. The Reds, with their camp at Porter, are reconnoitering the country towards the Black River, apparently with the intention of concentrating their forces at the bridges near Oakville and Cedarville. Having been declared free, Lieutenant Walter A. Beal was restored to duty today. The eight Blues captured were taken to the Reds' line at sunrise and passed through their lines and instructed to return to their Blue commander. All the roads, villages, bridges and points of vantage here are closely guarded, and signal corps men are doing effective work on both sides, rushing back information gained by outposts and scouting parties at the front. General Maus and General Robert K. Evans, of Washington, D. C., in charge of the division of military affairs, went to the Red side today to watch operations from that side. From the fact that both sides have taken their rapid-fire guns to the bridges near Oakville, it is taken that each side considers the roads in that section most important and purposes to hold them at all costs. No fighting was done last night, though heavy outposts were out.

Be a Thinker and a Gentleman Success Will Be Your Reward By CHARLES F. THWING, President of Western Reserve University. Image of Charles F. Thwing.

TO become a successful man BE A THINKER. At the same time BE A GENTLEMAN, using your thinking qualities for the benefit of yourself and for the good of your fellow man. The one great way of making yourself a thinker is to THINK. Thinking is a practical art. It cannot be taught. It is learned by doing. Yet there are some subjects in the course which seem to be better fitted than others to teach you this art. CONCENTRATION IN THE THINKER, CLEARNESS, COMPREHENSIVENESS, COMPLEXEDNESS, CONSECUTIVENESS, CONTINUITY—THESE ARE THE SIX BIG C'S WHICH ARE MARKS OF THE SUBJECTS WHICH TEND TO CREATE THE THINKER. Of course you are and of course you will be a gentleman. In the creation of the gentleman as well as of the thinker the PERSONAL EQUATION COUNTS. In fact, it counts more in the making of the gentleman, for in this making truth is less important than the PERSONALITY. As a gentleman YOU WILL BE A FRIEND AND WILL HAVE FRIENDS. In this relation of friendship in its earlier stages there is no part of life in which it is more important for you to exercise the virtue and grace of reserve.

Cook. Miss Lulu Wanker is also there, and the two young people are helping work for the men during the haying season. Miss Lucile Duncan, who has spent a few days with her aunt and sister at Mount Scott, returned Monday evening. J. N. Morgan, formerly of Hazelia, came out to his old home from Portland last week to visit relatives and incidentally to help with the haying.
