## THIRD PARTY MAN GIVES UP FIGHT

SECRETARY SIMS QUILTS ROOSEVELT BECAUSE OF PLAN OF CAMPAIGN

## ILLINOIS LEADER SUPPORTS DENEEN

Originator Of Movement That Brought Colonel Out As Candidate Favors Original Plan

CHICAGO, July 26.—Edwin W. Sims secretary of the National provisional committee of the Roosevelt third party and who, with Alexander H. Revel, headed the original movement which brought "T. R." as a candidate openly into the field, resigned tonight, and asked United States Senator Dixon, Roosevelt's campaign manager, to relieve him of further duties at once.

Lack of sympathy with the new third party plan of going into state and county politics was the reason for his withdrawal. Mr. Sims' principal reason was that he was not in accord with the scheme of placing a third party ticket in Illinois in opposition to Governor Deneen. He says the State Executive, is a real progressive and that Illinois has no cause to be ashamed of her stand for a "new deal" and for its administration.

Mr. Sims, who was formerly United States District Attorney in Chicago, says he was in full accord with the original Rooseveltian scheme of placing electoral tickets in each state and battling for their election. He says he is still for Roosevelt as the Presidential candidate, but has resigned so he may openly work for the election of the regular Republican state and county tickets.

His resignation came as a thunderbolt into the third party camp. Since January he has been heading the movement and was one of the hardest workers in Colonel Roosevelt's service. Recently he has been sitting in the inner circle meetings at New York, where the provisional committee mapped out its plans for a national organization, and was regarded as one of the new party's staunchest leaders.

## GLADSTONE HIGH SCHOOL IS URGED

PROPOSITION TO BE VOTED UPON BY RESIDENTS SOON

## COST WOULD BE SMALL, IS REPORT

Opponents Of Plan Declare That It is Cheaper To Send Children To Oregon City

An election has been called by the school board of district No. 115 to determine whether Gladstone shall provide a four years' high school or whether the boys and girls shall be sent to the Oregon City High school at the district's expense. At the annual school meeting held June 17 a large majority of those present voted for a high school but it was necessary to call a special election to vote on this question in order to comply with the school law.

A strong effort is being made by persons who are opposed to a high school in Gladstone to prevent its establishment or, if that cannot be done, to compromise by voting to send all the eligible high school pupils to Oregon City High school at the district's expense. Since it was made evident at the annual school meeting that the sentiment of the district is largely for high school instruction, the latter plan is being pushed on the grounds of economy. To this end a statement is being circulated, ostensibly issued and signed by the school board, some of whom do not endorse it, showing the estimated cost for the first year if a high school is established at Gladstone, amounting to \$1305 as against \$550 if the eligible high school pupils are sent to the Oregon City High school.

Of the items which make up the estimate of \$1295 as cost for the first year if the high school is established there are but two, amounting to \$220, which will really be necessary. At the present time there are but four pupils in the district who are eligible for high school and these can easily be provided for in the room now being used by the few who are taking ninth and tenth grade work. Likewise no additional teacher will be required to handle the added two years course.

## FISHING RECORD MADE BY REV. LANDSBOROUGH

Rev. J. R. Landsborough, pastor of the Presbyterian church, has returned from a fishing trip in the Washington country. Mr. Landsborough accompanied a party of ministers from Portland including Rev. Thomas Holmes Walker, Rev. J. E. Snyder, Dr. Hutchinson, and three sons of Rev. Walker. Many fine trout were caught by the pastors, who enjoyed the sport. On the last day of the outing Rev. Landsborough made a record catching forty-three fish. Rev. Walker and Rev. Snyder were the cooks of the camp, while it fell to Rev. Landsborough and Dr. Hutchinson to arrange the table and wash the dishes after each meal. Rev. Landsborough gained several pounds in flesh and a good coat of sunburn.

## CRAWFISHING PARTY CATCHES 35 DOZEN

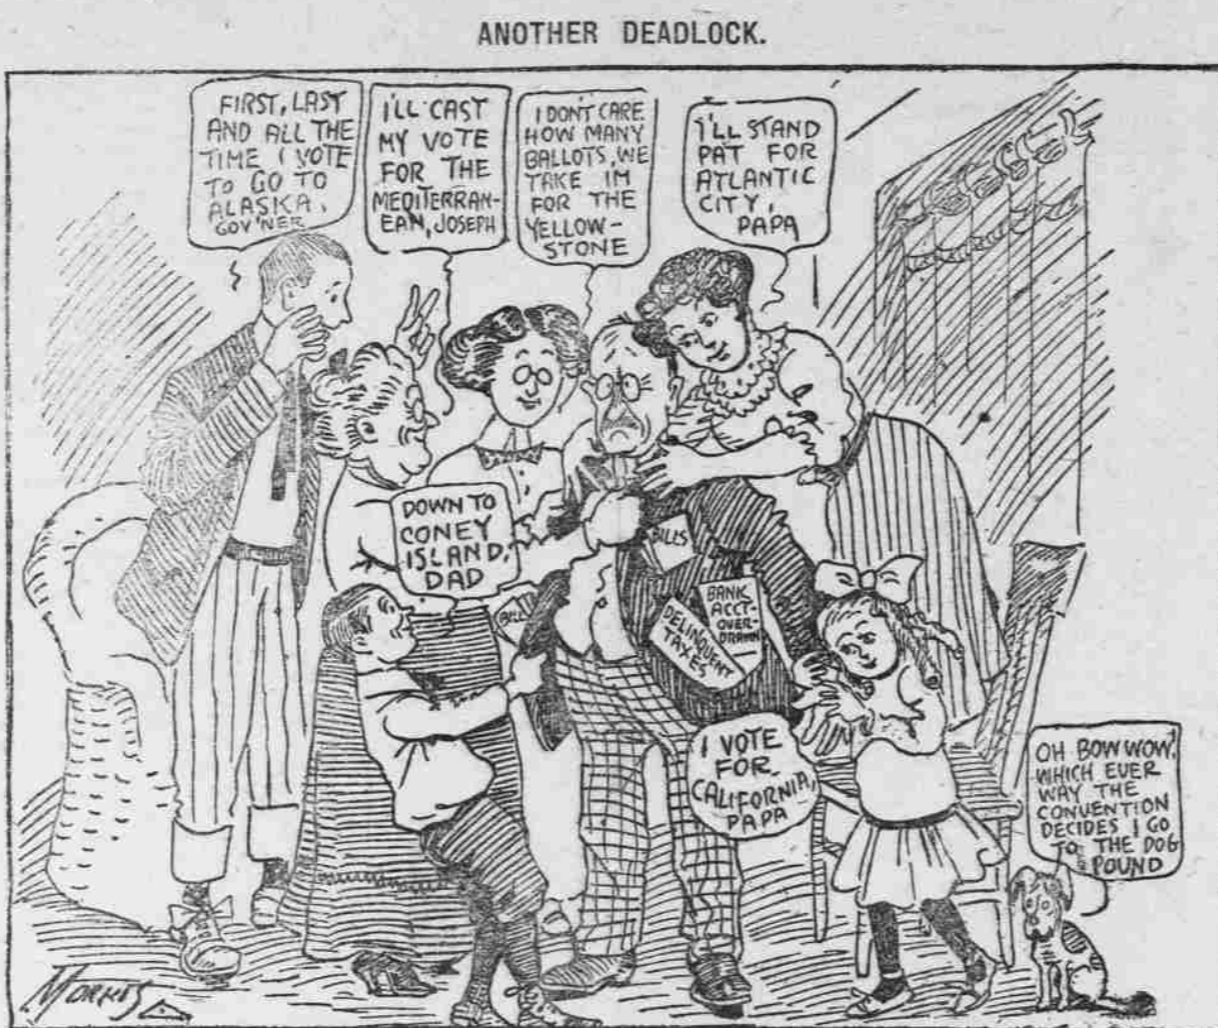

A crawfishing party left this city early Thursday morning, the destination being Biglow's Mill on the Abernethy. Thirty-five dozen of the finest crawfish that have been caught from that stream was the result of the day's sport. All the "catch" but about two dozen, was eaten by the party before returning to their homes in this city. The two dozen were brought to E. L. Johnson, who did not go on the trip. F. D. Simmons, was the only man in the party. Mr. Johnson has decided that he will be a member of the next party, and he and friends are planning an excursion to the Abernethy in the near future. The party made the trip Thursday in carriages and automobiles, returning to their homes in the evening.

Those attending were Mr. and Mrs. F. D. Simmons, Mrs. O. D. Eby, Mrs. E. L. Johnson, Mrs. W. J. Johnson, Marvin and Roland Eby, Gordon and Roland Wilson, Elva and Veda Erickson, Carl Johnson, Margaret Simmons.

## TWO WIVES GIVEN DECREES; ONE SUING

Alleging that he deserted her in Portland May 12, 1911, Gertrude Robin filed suit for divorce Friday against Ferdinand Robin. They were married July 5, 1902, in Golden, Col. Judge Campbell Friday granted Allura C. Smith a decree of divorce from W. A. Smith and Genevieve Roseburg a decree from Frederick John Roseburg. The court restored the plaintiff's maiden name, Genevieve Kelly.

Big Dance Given Tonight  
A grand ball will be given by the Canby band in the new hall this evening. The music for the dancing will be furnished by the band. Many persons of this city are arranging to attend the dance.

WHERE SHALL WE SPEND OUR VACATION?

## COUNTY PLANS EXHIBIT FOR PORTLAND SHOW

The Commercial Club has arranged to have a big exhibit of Clackamas County products at the Pacific Northwest Land Products Show to be held in Portland October 18 to October 23 inclusive. The exhibit will be shown first at the state fair in Salem, O. Z. Freytag, manager of the Publicity Department of the club, says the county will be a contender for first prize. Although the work of collecting the samples for the display was not started until late last year, and the appropriation made by the county court was much smaller than that of this year, the exhibit won second prize it is assured that it will be one of the best at the state fair and also at the show in Portland.

T. W. Sullivan has drawn plans for the building for the Clackamas County exhibit. It will be a bungalow booth and will be covered with grain and grasses. The booth probably will be moved from the pavilion at the state fair grounds at Salem to Portland for use at the land products show.

## BANKER'S WIFE WHO FLED IN AUTO IN NEW YORK

NEW YORK, July 26.—Mrs. Clare Perkins, housekeeper; Frederick E. Patterson, chauffeur, and Patrick Walsh valet, employes in the household of Nicholas J. McNamara, of San Francisco, were arrested here today charged with grand larceny. Mrs. Margaret McNamara, wife of the banker, who left with the servants was present when the arrests were made. The arrests resulted from the receipt of a telegram charging the prisoners with grand larceny. Mr. McNamara swore out warrants for his three former employes charging them with stealing his automobile.

## PROSECUTOR RAPS HEAD OF POLICE

WALDO'S "OPEN POLICY" HELD RESPONSIBLE FOR NEW YORK MURDER

## MAN ARRESTED IS CALLED SLAYER

Witness Declares He Saw Prisoner In "Murder Auto"—Other Suspects Are Located

NEW YORK, July 26.—Charged point blank by an eye witness of the murder of Herman Rosenthal, gambler who was shot down here in front of the Hotel Metropole, Jack Sullivan, an east side gambler, was arrested for the murder here this afternoon. Louis Krese, a waiter, was the man who pointed out Sullivan. He was produced at the inquest by District Attorney Whitman as an actual eye witness of the killing which has convulsed the New York police force.

Krese said he was passing the Metropolitan when he saw a group of men standing in the entrance and a big automobile stationed nearby. A man stepped out from the group and told him to "move on unless he was looking for trouble."

Krese said he moved on at once. Then came a volley of shots and he

## JUDGE SAMSON IS SOMEWHAT IMPROVED

The condition of Justice of the Peace Samson, who is suffering from paralysis, was somewhat improved Friday. Mr. Samson had partially regained the use of his vocal cords, and to a slight extent the use of his hands and his arms. His physician, Dr. J. W. Norris believes that Mr. Samson has a chance to recover. The Justice of the peace was stricken early in the week while attending to his work. After officiating at the marriage of a couple, he informed his friend, W. W. Myers, that he was not feeling well and asked Mr. Myers to fill out the marriage certificate. Mr. Samson was able to sign the paper. Scores of friends called at the Samson home Friday to learn the condition of the stricken man.

## DIFFERENT COLORED BUDS ON SAME STEM

Two dahlias blossoms grown together comprise a floral freak of nature which was brought to the office of the Morning Enterprise Friday morning by Joseph Collins, a florist of Gladstone. One of the blossoms is pink and the other is white. Mr. Collins, who was formerly in business in this city, has placed the blossoms in a window of the Publicity Office of the Commercial Club, where they are attracting much attention. In all of his experience as a florist, Mr. Collins says this is the first instance that has come under his observation in which dahlias, of different colors, have grown from the same stem.

## FREIGHT REFORMS ARE MADE BY S. P.

SAN FRANCISCO, July 26, (Special.)—A campaign for a number of freight traffic reforms that will be a great aid to both the shipper and the railroad, is being worked out by the traffic and claims departments of the Southern Pacific Company. One of the important features of this campaign is to be an attempt to do away with overcharges.

"A railroad would rather spend \$2 to avoid an overcharge, than half that sum in adjusting one," says E. O. McCormick, vice-president in charge of traffic. One of the common causes for overcharges is the failure of the shipper to properly describe the article on the shipping ticket, and in such cases the bill of lading carries erroneous information.

Claims, in many instances, arise from causes beyond the control of the shipping company, and can be avoided only through the active interest and cooperation of shippers. Another cause for overcharge claims is illegible and poorly written tickets and bills of lading. The use of abbreviations also makes a great deal of trouble. Frequently these alleged overcharges are really undercharges. Proper description of the article shipped is one of the best methods of avoiding overcharges, says the officials. It means much delay to the shipper when the railroad company has to adjust these, and the company is able to save much of this delay and expense, principally by having the agents and shippers see that proper descriptions and proper addresses are well written or printed on the shipping tickets and bills of lading.

HEN HATCHED APRIL 15 MAKES LAYING RECORD

Several Clackamas county hens are making laying records. The last one by a laurel is owned by Harry Koenig, merchant of Twelfth and Madison streets. The hen is of the round Comb White Leghorn breed, and was hatched April 15 and laid its first egg July 18.

## ELKS PLAN NEW HONOR FOR MOUNT

EDITOR OF ORDER'S PAPER SUGGESTS HE BE NAMED DISTRICT DEPUTY

## WORK OF LODGE IS COMMENDED

Nathan Baker, of Kansas City, So. Favorably Impressed With Country He May Locate Here

At the suggestion of Nathan Baker, editor of the "Interstate Elk," who addressed the local lodge Friday evening, a resolution was adopted by a unanimous vote, providing that Dr. Clyde Mount, Past Exalted Ruler of the Oregon City lodge, be named District Deputy of the Grand Exalted Ruler.

Mr. Baker declared that the Oregon City lodge had as fine a record as any in the state and that it was due its members that one of its number be signally honored. He called attention to the fact that the lodge, although it was organized only three years ago, is one of the strongest in the northwest and captured one of the big prizes in the recent parade in Portland.

The speaker was enthusiastic in describing the noble work that is being accomplished by the order. "Instead of painting towns red," he declared, "this great order is painting homes white. Its great aim and work is in the line of uplift. It inculcates, better than any other force the great moral laws, that once adopted make for a better citizenship and a more glorious country."

Mr. Baker came here to attend the big convention in Portland, and is so favorably impressed with Oregon that he is thinking of locating here. He likes Clackamas County better than any other section of the state he has visited.

"I am confident Dr. Mount will be made District Deputy," said Mr. Baker. "If the local lodge asserts itself, and it is no exaggeration when I say that it is the most deserving in the state."

A small classified ad will rent that vacant room.

## STREET CARS TO STOP AT CORNERS

COUNCIL INSTRUCTS RECORDER TO INFORM MANAGEMENT OF EDICT

## PHONE RATES MUST BE UNIFORM

Committee Reports That One Company Has Two Scales—Examination of Books Is Finished

The city council, at a meeting Friday evening, authorized City Recorder Stipp to inform the management of the Portland Railway, Light & Power Co. that it must stop its cars at all street crossings. An officer of the company explained to a committee several days ago that it was the intention of the company to stop the cars at crossings but that the rule had not been rigorously enforced during the recent press of business incident to handling the crowds to the Elks' convention and the chautauqua.

Mayor Dimick called the meeting to order, Roake, Meyer, Albright, Horton and Pope being present. A motion made by Toozee that lateral sewers be laid to property lines in Eighteenth street where mains are being placed, was passed. The contract for police signal lights and telephones in firehouses was referred to a special committee.

Street Inspector Burk made a report which was referred to a committee. City Engineer Montgomery was requested to file his records on the grade on Thirtieth street. Requests for a grade having been made. The special committee, composed of Toozee, chairman; Horton and Holman to investigate a report that there was discrimination in telephone rates made a report. It was alleged that the Pacific Company was charging persons who had moved recently or new subscribers 25 cents more for residence telephones than those who had been subscribers for sometime and had not moved. The city attorney was instructed to draft an ordinance providing that the rates be made uniform. A report of Street Inspector Burk regarding
