A Vote on World Progressiveness.

A thousand prominent scientific men in Europe and America have been asked to make a list of what they consider the seven wonders of the modern world, and responses have come from a majority large enough to represent their decision. The subjects proposed numbered fifty-six and the seven standing at the head, in their order, are the wireless, telephone, aeroplane, radium, antiseptics and antibiotics, spectrum analysis and the X-ray. Falling short by a few votes were the Panama Canal, anaesthesia and synthetic chemistry. All in the winning list are recent in origin. Three relate to means of rapid communication, two to medical advance, while spectrum analysis reaches out into the study of the universe. Radium is a curiosity of unknown possibilities, and not yet obtainable in quantities needed for active experiment. The list in itself is proof that the progressiveness of the world is a fact well established, and that the wonders yet to come would tax the imagination if they could be foreseen.

Modern wonders run to utilities and uplift the conditions of mankind, in which respect they far surpass the recognized wonders of old. The seven famous in ancient annals are childish in comparison. The pyramids are masses of unused masonry in a desert; the hanging gardens of Babylon would be a small item in the present science of plants; the temple of Diana at Ephesus is as valueless in architecture as Diana herself in veritable history; the statue of Jupiter is living art, but the great god of old has settled down into a fancy; the Colossus of Rhodes is eclipsed by any great

MEN CALLED AUTO SLAYERS IDENTIFIED

NEW YORK, Aug. 1.—"Dago Frank" and Shapiro, the chauffeur and joint owner of the murder car, were taken before the grand jury to give evidence in the Rosenthal case. The inference was that "Dago Frank" had confessed and that his declaration was sufficient to warrant their being taken immediately before the grand jury. District Attorney Whitman said: "Dago Frank" has been positively identified as one of the men who shot Rosenthal. "Dago Frank" Cirofici and Shapiro confronted by three witnesses who positively identified them as participants in the murder—Shapiro as driver of the car and "Dago Frank" as one of the passengers. Shapiro had already confessed his part in the affair and his identification was merely a formal confirmation of his story. A report that "Dago Frank" had confessed proved to be erroneous.

BOURNE WILL RUN IF LAW WAS VIOLATED

WASHINGTON, Aug. 1.—Senator Bourne today received a telegram from F. Rice, secretary of a meeting of St. Johns citizens, asking Bourne to permit his name to be submitted as a candidate of the Independent Progressive party for Senator. Bourne says he is unable to take action upon the request until after he gets the postoffice appropriation bill through the Senate. Then, he says, if he should become convinced that the corrupt practices act was violated in the primary election in which he was defeated, and there is a general demand that he become an independent candidate for the Senate, he will give the matter serious consideration.

SEEKING EL DORADO, HE'S COFFEE VICTIM

M. D. Sprague, of Montana, was in Oregon City Thursday having come here to obtain medical treatment. He will remain for several days. Mr. Sprague accompanied by his brother, Frank Sprague, J. Campbell and Geo. Lawrence, had started to the Ogle Mountain to inspect the gold mine. They were camping while on the trip. Mr. Sprague was engaged in preparing food, and had a large quantity of coffee boiling in a tin can. The can exploded, and covered Mr. Sprague and neck and left arm were terribly scalded, and he suffered severe pain. It will be several weeks before Mr. Sprague will have the use of his arm. The trip to Ogle Mountain mines was abandoned by the party until Mr. Sprague recovers.

NEW YORK, Aug. 1.—The Kansas electoral cases, involving the legality of future action of presidential electors in states where the direct primary prevails, were taken up here today by Justices Vandevanter and Pitney of the United States supreme court. The proceedings resulted from the Kansas supreme court's decision that the names of eight Kansas presidential electors should go on the official primary ballot in the Republican column, although it was announced the electors would not support Taft and Sherman. As a result of the Kansas supreme court's decision the Taft leaders applied for a writ of error. The case of the Taft people is being presented by Congressman Olmstead, of Pennsylvania and Richard Hite, of Topeka, Kan. W. Keppinger, of Kansas City, and F. S. Jackson of Topeka are the Roosevelt attorneys. Congressman Olmstead asserted the Kansas delegates went to Chicago determined to support Colonel Roosevelt regardless of whether he was the Republican nominee. Olmstead read a letter indicating this was the attitude of the delegates. He explained the alleged necessity of changing the rulings of the Kansas court.

EXECUTION OF U. S. CITIZENS TO BE PROBED

WASHINGTON, Aug. 1.—American consuls in Mexico were ordered by the state department today to thoroughly investigate reports that two American citizens were hanged by Mexican rebels in the state of Sonora, Mexico. Officials of the department regard the Mexican situation as extremely grave and it is shown that the hanging was the carrying out of threats made by General Orozco and General Salazar, of the rebel forces to massacre American residents, the government may decide to intervene. The expulsion of the Mormon colonists by General Orozco has aroused bitter feeling in Texas, Arizona and New Mexico. It is believed that Orozco deliberately planned to loot the Mormon colony to re-finance, provision and equip his army, but later deemed it inadvisable to carry out his plan.

Kapsa, a Christian Scientist, has changed his mind and will allow the navy surgeons to perform the operation. Plenty of Room In Professions For Right Men

By Dr. JOHN GRIER HIBBEN, President of Princeton University. I DO not share the general alarm over the so called overcrowding of the professions. I feel, as Daniel Webster put it, that there is ALWAYS ROOM AT THE TOP. The world is continually in search of really able and talented men, and there are not beginning to be enough nowadays to meet the supply. The trouble arises from the fact that a great many men are simply of MEDIOCRE ABILITY and lack the energy and enterprise necessary to reach the top. In other words, they do not work hard enough and are careless in the preparation for their life work. GOOD MEN ARE EVERYWHERE IN DEMAND, AND SO FAR FROM THE PROFESSIONS BEING OVERCROWDED THERE IS A LAMENTABLE LACK OF REALLY ACCOMPLISHED MEN.

VACCINATION MAKES SOLDIER FREE MAN

United States Senator Works of California, advised Kapsa to submit in the hope of prevailing upon the navy official to rescind the sentence. A small classified ad will rent that vacant room.
