The Term "Prime Minister." "Prime minister" is one of the many terms in English which seem to have been slang at one time. It was first applied to Sir Robert Walpole, but in a reproachful sense. Feb. 11, 1742, after twenty years' tenure of office, Sir Robert resigned all his employments. "Having invested me," he remarked, "with a kind of mock dignity and styled me prime minister, they impute to me an unpardonable abuse of that chimerical authority which they created and conferred." Such a personage as the prime minister or the premier is not even mentioned in the official table of precedence and is unknown to the written constitution of Great Britain. The Achaean League. The Achaean league was formed by the twelve towns of Achaia for mutual protection against foreign aggression. It was broken up by Alexander the Great, but reorganized by C. C. 280 and again dissolved by C. C. 147. The second of these leagues comprised all the leading cities of the Peloponnesus and, indeed, most of the cities and states of Greece. It was this league which contended with the Romans for the independence of Greece; but its troops being defeated by Metellus at Scarphean and by Mummius near Corinth, the league was dissolved, and all Greece submitted to the Roman domination. Has Three Climates. Abyssinia has three climates, according to the altitude above the sea. In the low country or valleys bananas, dates, indigo, cotton and other tropical plants flourish. Elephants, lions, giraffes, zebras and gazelles abound. The intermediate zone recalls the climate of Sicily or of Andalusia, in Spain. There is good pasture for flocks and herds in the highest region.

WHITE LINEN GOWN White linen and eyelet embroidery were combined in the making of this airy little gown. Three bands of the eyelet form the waist, the center band continuing beneath the girle to form a tablier front edged with a lace ruffle. The other bands of embroidery cross the shoulder and continue in the back. Embroidery bands the sleeves. The skirt has a rather short tunic with a modified pannier gathered into a broad band of eyelet embroidery which is finished on the bottom with small crochet balls. The underskirt is severely plain. Hat of white chip with large white egrette.

BEAVERS FIND ANGELS HARD PROPOSITION

PORTLAND, Aug. 13, (Special).—Portland made a determined effort to win today but it was futile. Los Angeles garnered 9 while the Beavers were getting 6.

Table with columns for National League, American League, and Pacific Coast League Standings. Lists teams like Vernon, Los Angeles, Oakland, Portland, San Francisco, Sacramento, Chicago, Pittsburgh, Philadelphia, and New York with their respective records.

Scandinavians. The term "Scandinavians" is not confined to the Norwegians. The Norwegians are indeed Scandinavians, but so also are the Swedes, Danes and Icelanders. For that matter, the Germans, English and Americans of English stock are also of the Scandinavian stock, since it is more than probable that Germany was originally stocked from the land of the northmen, and it is from the North German stock that the so called "Anglo-Saxon" comes. The northman has written his name large in history, and his breed is today ruling the world and will continue to rule it, in all likelihood, to the end of time. There is no other blood so virile and powerful.—New York American.

His Apology. "Sorry, old man, I called you a fool. I should have remembered the well known injunction." "You mean the verse which says that he who calls his brother a fool is in danger of everlasting fire?" "No; I mean the saying, 'The truth should not be spoken at all times.'"—Boston Transcript.

FIT FOR A QUEEN Therefore It Is Not Too Good For American Women No queen ever used a better one. No American woman should use an inferior one, because nothing is too good for her. This thought governs in the making of Violet Dulce Talcum Powder. Violet Dulce Talcum Powder is so impalpably fine as to make it unusually persistent in its clinging qualities. It leaves the skin soft and velvety. It gives forth the dainty, exquisite odor of freshly-cut violets. Its soothing, antiseptic qualities help to allay irritation and keep the skin in health. It is cooling, comforting—a delight to men and women who want the best and daintiest. Violet Dulce Talcum Powder will in every way please the most exacting woman. That is why we sell more of it than of any other kind, and hear more praise for it than for all other kinds put together. Use it and you will praise its high quality. We are sure of this, and want you to try it at our risk. If it does not more than satisfy you—if it does not delight you—we want you to tell us and get your money back. Price, 25 cents. Sold in this community only at our store. The Rexall Store, Huntley Bros. Co., Oregon City, Canby, Hubbard, Molalla.

LONG POTATO VINE GIVES FINE YIELD

A vine ten feet long with potatoes weighing thirteen pounds dangling to it is some vine and the potatoes are some potatoes. Well, that is just what Publicity Manager Freytag has strung across the front of his little Main Street office, and they were grown in Clackamas County. There were seven large potatoes in the hill, much to the astonishment of Peter Rober, in whose gardens the tubers were grown, for it is almost a universal rule when the vines are long the potatoes are few in a hill. Mr. Freytag is receiving daily many fine samples of fruits and vegetables for exhibition at the state and county fairs.

BITULITHIC MAKES GOOD IN COL-FAX

The Warren Construction Company has been granted the contract to pave Perkins avenue district, thus completing the whole of the paving in Col-fax, which is now a bitulithic town in every sense of the word. The efforts of some property owners to bring in other paving and divide the business of the town has come to naught. The company which has paved all of Colfax's streets that have been paved to date, and which has proved so satisfactory has been granted the exclusive right to the business of the town and no other paving is to be used here. This is not the result solely of action by the city council. Bitulithic paving has given such general satisfaction that there are few property owners who desire any other kind. 3 DAYS' DEMONSTRATION Of the Famous Copeman Automatic Electric Range This will be something to make you sit up and take notice. Many great things have been invented in the last decade, but very little attention has been given to lightening women's work. This famous range does away with all dirt, soot, grease, ashes and the use of oils. It reduces the heat in the room to a trifle. It can be turned on as easily as an electric light and is not only a labor saver but is more economical than any other way of cooking. An expert lady demonstrator will be at our office for three days, Thursday, 15, Friday 16, and Saturday 17. She will make practical demonstrations of this famous range. Remember Three Days Only It Will Pay You to Call The Portland Railway Light & Power Co. MAIN STREET in the BEAVER BLDG.
