CHILD'S FROCK IN LACE AND BATISTE

A little girl's dainty frock of cream marquisette and lace has been pictured above. This frock has a noticeable novel touch in the panel effect over the shoulders and the blouse effect at the front only. This is arrived at the cutting of side, bodice and skirt in one and the clever application of lace insertion which hides seams and joinings. This is rather an elaborate little frock but has sacrificed none of its youthfulness. Val lace has been used for the insertions and the whole is worn over a simple silk slip of white.

Somber Christianity.

The Auld Licht kirk when Dr. Chalmers visited it was a terribly bare little building. The elders were a grim set. They kept their bonnets on their heads till the minister entered, and they had each a large stick in hand, which they used for "chappin" their noses through all the service. The minister wore no gown or bands. He gave a very long sermon, full of sound divinity, but without the smallest practical application and without a vestige of feeling. At length Dr. Chalmers got out, the dismal worship being ended, and his word was, "If these people ever get to heaven they will live on the north side of it."

Rosewood.

Rosewood is so called because it exhalates the fragrance of roses when freshly cut.

Misses Edith Smith and Alta Smith, after spending a year on the Pacific Coast, left on Saturday last for their home in Portland, Maine. Mrs. Truscott for some time was the librarian at Oregon City and after giving up her work there was always very active in work here for the good of the community. While Mrs. Truscott has not disposed of her property interests here we are in hopes she may decide to return to this place to make her permanent residence.
