ARBITRATION OF CANAL FIGHT OFF

ADMINISTRATION WILL OPPOSE PLAN OF BRITISH WHO ARE ANGRY

TWO SPECIAL TREATIES INVOLVED

One Binds Country To Submit To The Hague Any Differences That May Relate To Interpretations

WASHINGTON, Aug. 29.—Although the State Department will authorize no statement to that effect, it is understood the administration will decline to permit the question of the right of the United States to relieve its own shipping from tolls in the Panama Canal to go to arbitration. This position of the Government, it is said, may not be developed fully for some time.

While the British protest, delivered yesterday, clearly intimated a purpose to demand an arbitral decision in the event that a more careful study of the Panama Canal toll-act brought out the impression that it is in violation of the Hay-Pauncefote treaty, if the usual course in diplomatic exchange is followed, many arguments and counter arguments must be submitted on both sides before the resources of diplomacy would be exhausted, thus warranting a demand for arbitration.

The British foundation for such a demand rests upon the broad basis of

JUVENILE FAIRS AMAZE CROWDS

WORK OF CHILDREN THROUGHOUT CLACKAMAS COUNTY PRAISED

BABY SHOWS ARE BIG FEATURES

Fairs in Oregon City, Oswego, Milwaukie and Wilsonville Maintain High Record Of Other Places

The Juvenile Fairs held at Oregon City, Oswego, Milwaukie and Wilsonville Thursday were among the most successful held in the county. The exhibits were exceedingly fine, and those who viewed them spoke in the highest terms of the work of the children, and of the interest that the parents had taken in their children's work. The first fairs were held at Sandy, Estacada and Logan Tuesday, on Wednesday in Molalla, Clarks and Canby.

Oregon City Commercial Club parlors were the headquarters for the Oregon City Juvenile Fair, which commenced at 9 o'clock a. m. and continued until 10 o'clock p. m. Long before the hour of the commencement of the fair many persons were present. The baby show was one of the attractive features, and Dr. Guy Mount, who has been judge at the three days' session, was in attendance, and although several of the babies had never seen

the doctor before, they gave him patronizing smiles in the hope that they would be among the prize winners. But the smiles "did not go" with Dr. Mount, as he has followed the rules of the fairs very strictly, and the youngsters had to go through the trying ordeal in having the measurements taken besides the counting of

the teeth, the shape of the ears, eyes, nose and disposition. One youngster, the son of very well known people of Oregon City, decided that he was not to be judged even by a physician, but before the close of the show it finally "gave in" after succeeding in kicking off his shoes. He was one of the most attractive babies that have been judged by Dr. Mount, and the latter was determined to have him in the "ring" with the others, and at last won out. The babies, who were judged in the Oregon City Baby Show were the following, Fred Glenn, Ruth Waldring, Walter Leslie Waldring,

GORED BY BULL, HE CRAWLS UNDER FENCE

Joe McDermott, who lives near the Abernethy bridge, and whose business is to keep cows from crossing the Abernethy bridge in the northern part of the city, had a narrow escape from death by being gored by an infuriated bull. McDermott seeing a cow in the pasture caught in vines climbed the fence and went to its assistance. No sooner had he rescued the cow than he saw the bull coming after him. The man endeavored to escape but before doing so he was thrown heavily to the ground by the maddened animal and gored between the shoulders and also on the ankle. He finally was able to crawl on his hands and feet to the fence, where he escaped by climbing beneath the boards. Dr. Guy Mount was immediately called to attend the injured man's bruises and cuts, and there is now no danger of blood poisoning setting in, although the ankle and limb is badly swollen, and McDermott is able to walk by means of crutches.

The animal, which has been known to some of the residents of that section is owned by two Italians residing near the Abernethy bridge, and there is no doubt this will keep the people on a sharp lookout when they pass through the field, where the animal is kept.

Theodore Gary, Dorothy DeBok, Robert William Henderson, and Chester Mead.

The pupils of the Gladstone, Jennings Lodge, Twilight, Willamette, Parkplace, Maple Lane, Mount Pleasant, Jones Mill, Maple Lane made an excellent showing as well as the Oregon City schools. Many of the boys and girls were awarded prizes.

Among the exhibits that were noticeable and attracted no little attention was the automobile made by Alon Shevman, who was the youngest mechanical exhibitor, and his work showed unusual ingenuity in the motor wagon with detachable body, and with an electric lamp, by which may be seen the timepiece at night by working a push button connecting a small light with the battery. Young Shevman has a future before him in this line. He was awarded first prize for one of the mechanical pieces. He is a member of the Concord school, and is an unusual bright lad. He is the son of Mr. and Mrs. W. A. Shevman, formerly of Oregon City.

Stanford Ely, son of Mr. and Mrs. Charles Ely, of this city, who is eleven years of age, will no doubt be one of the prominent poultrymen of the county when he grows older. He has already had some experience in raising some of the finest poultry that has been raised in the city, and had a sample at the fair Thursday, these being of the White Wyandottes, and received first prize for them.

The other exhibits were composed of jellies, fruits, vegetables, needlework, etc. In the vegetable exhibit Elmer Shepherd had a collection of vegetables that were above the average, these consisting of squashes, turnips, cabbage, cucumbers, potatoes, and beans. Adolph Spiess, of Parkplace, had a general exhibit of vegetables, and the appearance of these showed that the lad had worked diligently to produce such a display. His potatoes, corn and other vegetables, will no doubt be among those to be taken to the state fair. He also had an excellent collection of asters. Willamette made itself famous Thursday by the exhibit of the children of Mr. and Mrs. George DeBok. Mr. DeBok donated some of his land to the children to see what they could do in the line of raising vegetables, as he himself has been very successful in that line, having won many premiums at the county and state fairs, and his children, Emma, Ethel, Thelma, Gordon, Winnie and Herbert DeBok, assisted in making the Oregon City fair a success by their excellent display of vegetables, fruit, as well as poultry, jellies, sweet-peas, needlework. Helen Painton, of Jennings Lodge, had a good exhibit, consisting of preserves and needlework. Shirley and Myrtle Swallow, of the Maple Lane district, who have won prizes heretofore at the county fair, carried off several at this fair. They had an excellent display.

George Randall was superintendent and he was assisted by Miss Lillie Schmidt, Mrs. A. Jolly, C. F. Anderson and Professor B. Vedder.

ED. RECKNER'S PACER AGAIN IN MONEY

Ed Reckner's horse "Cap" Apperson was second in the big racing event at the Country Club Track, Portland, Thursday. The horse has been in the money several times recently, and if Sim Lindsey, its driver, had not been injured Mr. Reckner is confident it would have won the \$1,000 prize Thursday. In the first heat Ella Penrose, driven by Barnes, beat "Cap" Apperson by a few feet and in the second the Oregon City horse made even a better showing. Lindsey will be unable to drive the horse again this season.

GOVERNOR CLOSES SLOT MACHINES

LAKEVIEW, Or., Aug. 29.—Governor West's order to the various sheriffs throughout the state to eliminate slot machines and other forms of gambling has resulted in closing up this line of industry in Lakeview and other parts of Lake county.

The illegal sale of liquor in a dry precinct was stopped when a large party of the Central Oregon Development league members took a side trip to New Pine Creek. Sheriff Warner Snyder, together with Deputies Rinehart and Arthur, went to the various places that are run as near-beer joints and called for various drinks that are generally served over the bars in ordinary saloons. They had no trouble being served with what they called for and arrested every proprietor in that vicinity. As they pleaded guilty when brought before Justice Farrell, the county is richer by about \$500.

POLICE HUNT GIRL "LOST" AT THEATER

LUCIA WEST, SEVEN YEARS OF AGE, DISAPPEARS EARLY IN AFTERNOON

"SHOW FINE," SHE SAYS ON RETURN

Child Thought Kidnapped For Several Hours—Police Make Search Of City And Suburbs

Lucia West, the seven-year-old daughter of Mrs. Ida West, who lives on the hill disappeared at 3 o'clock Thursday afternoon, and did not return home until 9 o'clock in the evening. The mother of the little girl was almost frantic and the police and friends searched for several hours for the child. It was thought for a time that she had been kidnapped.

Policeman Frost and Bradley, when they went on duty at 6 o'clock began a systematic search for the girl, but were unable to obtain the slightest trace of her. Lucia had disappeared as completely as if the earth had opened and swallowed her.

When the police and Mrs. West's friends were making a final search, and when it seemed that the girl was lost never to be found, she returned home.

"The picture show was fine," said Lucia. "I liked it so well I stayed all afternoon and part of the night. I would like to go often."

An investigation revealed that the child had gone to a moving-picture theatre immediately after leaving home, and had remained there until shortly before returning home.

WOMAN THREATENS PRESIDENT'S LIFE

LUNATIC, DECLARING SHE IS WIFE OF EXECUTIVE, ARRESTED IN COLUMBUS

TWO KNIVES FOUND IN HER POCKETS

One Weapon Has Photograph Of Taft On Handle—Woman Found Lurking On Upper Hotel Floor

COLUMBUS, Ohio, Aug. 29.—Caroline Beers, aged 40, who said she was from Greenville, Ohio, was arrested by Pittsburgh detectives at the Southern Hotel while waiting for President Taft with two long knives, found concealed in her clothing. The woman said she was the wife of the President.

Mrs. Beers said she was going to punish the President. She had been noticed yesterday afternoon waiting around the hotel and told employees that she was waiting for Mr. Taft. "I have the sacred knife for President Taft," she told a detective when arrested.

The woman did not get near the President, but was found and rushed out of the hotel just as the Presidential party arrived. She was found in one of the upper floors waiting near the elevator on which it was expected the President would go to his apartments.

One of the knives found in her clothing was a long keen-bladed affair, on the handle of which a picture of President Taft had been photographed. Mrs. Beers was well dressed. A roll of \$200 was found in her clothing.

President Taft arrived in Columbus this morning. He was accompanied by his brother, Horace D. Taft, who joined the Presidential train at Boston last night.

Although it had been announced that Mr. Taft's visit was purely social and on account of the Columbus centennial, politicians from all over the state flocked into the city, in apparent hope of a conference with the President.

Gladstone

HAS WON ITS OWN BATTLE

WITH THE COMPLETION OF OUR \$20,000 WATER SYSTEM, NOTHING IS LEFT FOR THE COMFORT AND CONVENIENCE OF GLADSTONE'S PROGRESSIVE CITIZENS. HENCEFORTH ALL FLOWERY WORD PICTURES, DREAMY DESCRIPTIONS, ETC., CONCERNING GLADSTONE'S FUTURE ARE UNNECESSARY SO WE COME AT ONCE TO OUR POINT:

Between September 1 and November 1 we Will Sell 200 Choice Residence Lots
\$10.00 Down; \$5.00 Per Month

Ranging in prices from \$200.00 up to \$400.00. Of course you have seen such offers before—but not on Gladstone property. Do you fully realize what you are getting when you buy a residence site in Gladstone? Portland's speculating realty dealers, no doubt, would make an equally generous offer on their UNDEVELOPED suburban tracts, and you would gobble it up, depending wholly on the fickle God of Chance for improvements and developments.

Do you get the idea? In Gladstone property EVERYTHING IS HERE—ON THE GROUNDS NOW! Understand? There is no "probability hitch," no "paper railroad" pending, or any thing of that sort necessary before the town begins to develop. If you don't agree with everyone that is at all familiar with the beautiful little townsite on the Clackamas, that Gladstone is head and shoulders above all other suburban cities between Portland and Oregon City, and that, with telephones, electric lights, excellent half hour car service both ways, a \$20,000 WATER SYSTEM, and many other comforts that contribute to the making of the ideal home,—why, just jump on the Oregon City car, come to our Gladstone office, and our agent will change your way of thinking in about six minutes. Why? Because we have everything right where you can see it, touch it, or taste it—if you will. We deal wholly in actualities, not possibilities.

NOW LISTEN: Doesn't that offer look fair enough? Doesn't it look a little different than that of the speculator who serves you "choice lots" from the silver platter of Prophecy? Wholly unsolicited, eight different parties grasped this situation for themselves within the past week, and we gave them their pick of the two hundred lots to be sold. Understand, our offer only holds until November 1, and on that day and date we will pull up the reins on both Prices and Terms. Hadn't you better come into our office in the Beaver Building at Oregon City, Room 12; or our Gladstone office, opposite the postoffice, and talk the matter over?
