Sept. 6 In American History.

1492—Columbus sailed from the Canary Isles on his voyage of discovery. 1822—William Steele Holman, Democratic statesman, born; died 1897. 1901—President William McKinley shot while holding a reception in the Temple of Music at the Pan-American exposition in Buffalo by Leon F. Zolozog, an anarchist.

ASTRONOMICAL EVENTS.

(From noon today to noon tomorrow.) Sun sets 6:24, rises 5:33. Evening stars: Venus, Mars, Jupiter, Mercury. Morning star: Saturn.

The action of the city council in deferring further improvement of streets until next Spring is along the right line. There are several streets now undergoing improvement, and it would be unwise to tear up too many of the city's thoroughfares at one time.

Suggestive Questions in Sunday School Lessons

The wonderful words of praise for the I. P. R. C., published last week, have created widespread interest in our Local Club, so we decide to give brief extracts from a few more letters. President H. L. Nave, D. D., Albany College, Oregon: "I consider your questions intensely practical and stimulating to thought." Rev. G. A. Humphries, Pastor, Presbyterian church, Tamaqua, Pa.: "No praise is too great to bestow upon your wisely conceived plan and its excellent execution. The questions are gems. Their comprehensiveness appeals to me."

Your Questions Answered

If you would like to have answered any particular question each or any week from "The Suggestive Questions on the Sunday School Lesson" by Rev. Dr. Linscott, send in your request to this office giving the date of the lesson and the number of the question you wish answered. You may select any question except the one indicated that it may be answered in writing by members of the club. Dr. Linscott will answer the questions either in these columns or by mail through this office. Don't forget to state what benefit these "Suggestive Questions" are to you. Give your full name and address. Send your letters to the Question Editor of the Morning Enterprise.

SCHNOERR MAKES STRONG DEFENSE

(Continued from page 1) that the lawyer had first been a socialist, then a Populist, a Democrat, a Prohibitionist and a Republican in rapid succession. "Chris Schuebel has changed his politics every few years," said the witness. "and I take everything as I see it. If a man changes his own political convictions so often, he must be a Prohibitionist when he drinks wine, but it was not good, so he gave it to his mother. Such a man must be a hireling and a hireling must be bought and sold." Mr. Schnoerr testified that he asked Schuebel how he could ride around the county in an automobile and spend weeks in campaigning, and go fishing whenever he wanted to. He declared Schuebel had informed him he had a fund that he drew on and that he had plenty of money.

Ordinance No. —

An ordinance providing for the manner of the construction of concrete sidewalks. Oregon City does ordain as follows: Section 1. All sidewalks hereafter constructed on any improved street in Oregon City (unless otherwise allowed) shall be made as follows: Curb: The Curb shall be eighteen (18) inches deep and eight (8) inches wide at the bottom and six (6) inches wide at the top, and shall be set with the back perpendicular to the sidewalk line. The top shall be beveled or rounded on the upper and outer edge.

Sidewalks shall be placed on the side of the street adjoining the property line, and shall be of an even width of six feet or more, with a rise of one-quarter inch to the foot from the curb.

Foundation: The space over which the walk is to be laid shall be excavated to the proper sub-grade, and thoroughly compacted by rolling or ramming.

Material: Sand and gravel or broken rock, or by permission of the engineer, what is known as Clackamas river gravel, may be used in making the concrete. When rock is used, the same shall be the best hard, dark colored, sound basal rock, granite, or equally hard stone, broken in pieces not larger than two inches largest diameter, nor smaller than one-half inch in diameter, or gravel of similar size may be used.

The broken rock shall be screened so that all dust, clay, loam, vegetable matter, and pieces smaller than one-half inch in diameter shall be removed. The rock shall be thoroughly washed if considered necessary by the City Engineer. The sand used shall be clean of all vegetable matter or dirt, coarse and sharp, and of the quality, known as Columbia river sand.

Cement: All cement shall be artificial Portland cement, free from lumps and deterioration on account of exposure to the weather, and must be approved by the City Engineer, who shall have access to it for the purpose of testing it, at least ten days before it is used.

Forms: The forms used shall be of lumber free from warp, and not less than one and three-quarters inches thick, and sized; and if previously used, all mortar and dirt shall be removed therefrom.

All forms shall be securely staked to conform to the established lines and grades, and the upper surface of same shall be on a line with the finished surface of the walk or curb. All forms shall be thoroughly coated before any material is deposited thereon.

Concrete: Upon the foundation prepared as heretofore specified will be laid a bed of concrete three and one-half inches thick to be made as follows: The cement and sand will be thoroughly mixed and made into a mortar with the least possible amount of water; to this shall be added the broken stone or gravel thoroughly drenched with water, and the whole shall then be thoroughly mixed until the aggregate is coated with mortar.

The concrete for the base shall be of one part cement, three parts sand and four parts broken rock, or clean gravel; quantities shall be measured and not approximated. A sack of cement, ninety four (94) pounds shall be considered to have a volume of one cubic foot.

Machine mixing will be acceptable in quality to that specified above is obtained. The mixing of the concrete and mortar shall be thorough and at all times done to the satisfaction of the City Engineer. The concrete shall be deposited in the forms within sixty minutes after being mixed, and shall be transformed to the forms in water tight carriers. The concrete shall be evenly spread and tamped until free mortar appears on the surface. The base shall be deposited in the forms either by using strips across the forms or by placing the blocks alternately, or by cutting through to the sub-grade with a tool not over six inches long and one-quarter inch thick. The upper surface shall be made exactly parallel with the surface of the completed work. The mortar and the concrete shall not be mixed in greater quantities than is required for immediate use, and none remaining unused until having set, shall be remixed or used in any way. The whole

operation of mixing and laying each batch of concrete shall be performed as expeditiously as possible.

Wearing Surface:

Upon this surface the wearing surface shall be laid one-half inch thick; the mortar for the same shall be mixed in the same manner as that for the base; and shall be one part cement to two parts of clean, sharp sand; and shall be of such consistency, as not to require tamping, but so that it may be readily floated with a straight edge; the mortar shall be thoroughly mixed with it One (1) pound of best Germantown lamp-black to each sack of cement, and the same shall be thoroughly worked and brought to a uniform but roughened surface finished with rake trowel.

Any dirt, sand or other refuse that may have fallen or collected on the base shall be removed before placing on the wearing surface; the base shall be wetted before placing the wearing surface.

The mortar shall be spread on the base within thirty minutes after mixing, and in no case shall more than sixty minutes elapse between the time that the concrete for the base is mixed, and the time that the surface coat is floated. The surface shall be marked as nearly as possible into slabs three feet square, or of such other size or shape as directed, and if required by the city engineer, shall be protected from the action of the sun wind and rain until thoroughly set. Six foot walks shall be marked with a jointer eighteen inches from either side and parallel to its length, and at every three feet across. The finished surface shall be left rough or slightly corrugated.

Surface of Curbs:

The upper and outer one-half inch of the curb shall be of the same material as the wearing surface heretofore described and subject to all the conditions herein stated. The inside core shall be of concrete mixed and laid similar to the concrete bed for the walk. Plank boards free from warp and not less than one and three-quarters inches thick shall be used for curbs. They shall be treated in the same manner as for sidewalks. The curbs shall be placed parallel with the property line and not less than ten feet from the corner.

At intersecting streets the corner shall be a quadrat with a three foot radius, and at street intersections with alleys, shall be a two foot radius, and shall be finished as other parts of the curb.

Section 2. All sidewalks and curbs as aforesaid hereafter built shall be constructed in conformity with the foregoing plans and specifications, and whether built by the city or by property owners, shall be built under the supervision of the City Engineer, and the committee on streets and public property of the Council, and the Ordinance now in force governing the giving of Notice to build sidewalks in Oregon City, shall be followed when Notice is necessary in carrying out the provisions of this ordinance; and the property owner shall be required to obtain a permit as provided in such ordinances. Any person or firm engaged in building sidewalks in Oregon City shall notify the Recorder that he is engaged in such work, and shall be required by these plans the same may be required to obtain a permit as provided in such ordinances. Any person or firm engaged in building sidewalks in Oregon City shall notify the Recorder that he is engaged in such work, and shall be required by these plans the same may be required to obtain a permit as provided in such ordinances. Any person or firm engaged in building sidewalks in Oregon City shall notify the Recorder that he is engaged in such work, and shall be required by these plans the same may be required to obtain a permit as provided in such ordinances.

Section 3. Any person who shall violate any of the provisions of this Ordinance, shall upon conviction thereof be deemed guilty of a misdemeanor, and punished by a fine of not more than \$50.00 or by imprisonment in the city jail not to exceed 25 days.

Read first time and ordered published at a regular meeting of the City Council held on the 4th day of September, 1912, and to come up for second reading and final passage at a special meeting to be held on the 19th of September, 1912, at 8 o'clock, p. m.

L. STIPP, Recorder.

Dated August 20, 1912.

Summons

In the Circuit Court of the State of Oregon for Clackamas County. Lucy Overington, plaintiff, vs. Charles H. Overington, Defendant.

To Charles H. Overington, above-named defendant:

In the name of the State of Oregon, you are hereby required to appear and answer the complaint filed against you in the above entitled cause, on or before the 11th day of October, 1912, being more than six weeks from the date of the first publication of this summons, and if you fail so to appear or answer, the plaintiff will apply to the Court for the relief prayed for in the complaint, which is, for a decree forever dissolving the marriage now existing between you and the plaintiff, and that plaintiff be permitted to resume her former name of Lucy Northcutt, and for such other and relief as to the court may seem just and equitable. This summons is served upon you by publication by order of the Hon. R. B. Beatie, Judge of the County Court, which order is dated the 29th day of August, 1912; the date of the first publication of this summons is August 30th, 1912, and the last date of publication October 11th, 1912.

FRANK SCHLEGEL, Attorney for Plaintiff.

Summons

In the Circuit Court of the State of Oregon for Clackamas County. H. A. McClintock, Plaintiff, vs. Jennie McClintock, Defendant.

To Jennie McClintock, Defendant: In the name of the State of Oregon, you are hereby required to appear and answer the complaint filed against you in the above entitled cause, on or before the 11th day of October, 1912, and if you fail to answer, for want thereof Plaintiff will take a decree against you divorcing him from you and freeing him of all obligations of the marriage contract now existing between you and the plaintiff.

Notice of this summons is made upon you by publication in the Morning Enterprise for six successive weeks by virtue of an order dated August 29th, 1912, signed by the Honorable R. B. Beatie, Judge of the County Court, of the State of Oregon for the County of Clackamas.

Date of first publication, August 30, 1912.

Date of last publication, October 11th, 1912.

PETER A. McDONALD, Attorney-at-Law, 302 Falling Bldg., Portland, Oregon.

Summons

In the Circuit Court of the State of Oregon for Clackamas County. James F. Gero, defendant.

To James F. Gero, Defendant: In the name of the State of Oregon, you are hereby required to appear and answer the complaint filed against you in the above entitled suit on or before the 11th day of October, 1912, in that being the last day prescribed in the order of publication of the summons; and if you fail to so appear and answer said complaint the plaintiff will apply to the Court for the relief therein prayed, to-wit: A decree dissolving the marriage contract now existing between you and the plaintiff and changing the name of plaintiff to Ethel Smith.

This summons is published in the Morning Enterprise, a newspaper, for six consecutive weeks by order of Hon. R. B. Beatie, Judge of the County Court, made on the 29th day of August, 1912, the first publication being on the 30th day of August, 1912.

S. R. HARRINGTON, Attorney for Plaintiff.
