## REPUBLICANS WIN MAINE BY 4000

HAINES LEADS FOR GOVERNOR  
WITH CONGRESSIONAL  
RACES CLOSE

## DEMOCRATIC LOSS IS 8 PER CENT

Several Leading Speakers Declare  
They Will Stump For Roose-  
velt—Local Issues  
Rule in Race

PORTLAND, Me., Sept. 9.—The struggle between the Democrats and Republicans in Maine today for control of the executive and legislative departments of the state government the four congressional districts and county officers was one of the closest in years, with returns up to 11 o'clock in favor of the Republicans.

With five-sixths of the state on record, William T. Haines, Republican, had a good lead over Governor Frederick W. Plaisted, and the percentage system indicated that if the ratio were maintained the Republicans would win the fight for the head of the ticket by about 4,000.

Returns from the four Congressional districts also leaned toward the Republicans, especially in the first third and fourth districts with the second showing a Democratic tendency.

Returns for Governor from 550 out of 634 election districts give Haines (Rep.), 66,121; Plaisted (Dem.), 62,127. The corresponding vote in 1910 was Fernald (Rep.), 66,556; Plaisted (Dem.), 67,501. These returns show a Republican gain of 9 per cent and a Democratic loss of 8 per cent.

The legislative returns were too meager to give any indication of the complexion of either branch, so that the outcome of the fight for the United States Senatorship between Senator Obadiah Edwin C. Burlingame, Republican, was in doubt into the campaign on the defensive, having won control of the state department in the election of 1910. They based their campaign almost wholly on National issues, although defending their course in the state administration. The Republicans used state issues entirely as the weapons of attack, and refused to be drawn into any discussion of National affairs. The Bull Moose element of the Republican party was in full control of party machinery, but with the approval of Colonel Roosevelt a split was averted until today's struggle.

Many of the leading state speakers in the campaign announced tonight that they were no longer in the Republican ranks, but would take the stump for Roosevelt.

## UNIVERSITY WILL TEACH JOURNALISM

UNIVERSITY OF OREGON, Eugene, Sept. 9, (Special)—Journalism which is the catalogue word for what the newspaper men usually prefer to call "newspaper work" will appear among the subjects taught when the University of Oregon opens September 17.

The newspaper is the last of the great public institutions and professions to gain official recognition from the universities of the country, but facilities all over the United States have awakened to its surpassing importance in a democratic society, and the training of newspaper men has become an important duty in many of the best colleges. The universities were conservative about entering a new field, but the two great middle western state institutions of Wisconsin and Missouri went ahead and established schools of journalism. It was not until practical editors, sceptical at first, that the movement spread rapidly.

The work in the university has been placed in charge of Eric W. Allen, recently northwest editor of the Seattle Post Intelligencer. He was selected because he combined experience of both the metropolitan and as a teacher. He has never been far from the smell of printer's ink since his boyhood.

## OREGON CITY MEN ON FEDERAL JURY

In the United States District Court in Portland Monday a venire of 35 citizens of Multnomah, Clackamas and Washington Counties was ordered drawn by Judge Bean to serve on a grand jury that is to be convened of the afternoon of September 19.

## FAIR EXHIBIT TO BE IN LAND SHOW

CLACKAMAS COUNTY DISPLAY  
WILL BE TAKEN FROM  
CANBY TO PORTLAND

## APPLES CAUSES LOSS OF FIRST PRIZE

Fruit Amazingly Large, But Color Not  
So Good as Benton Display  
—Move Exhibit This  
Week

The Clackamas County exhibit at the Oregon State Fair is being packed and will be shipped to the Clackamas County Fair grounds this week, where it will be placed on exhibition. The display caused much comment from the many thousands of visitors at the fair, and Clackamas County has accepted the invitation of Multnomah County to have the exhibit at the Portland Land Show, which will be held November 18. Mr. Freytag and several assistants will move the exhibit to Portland after the County Fair at Canby.

Clackamas County would have won first prize at the State Fair if the apple display had been better. Clackamas County lost three points in apples. They lacked color. There were more apples in this exhibit than in that of Benton County, which was awarded first prize, but Benton County apples had better color. Clackamas County won first prize on everything exhibited but the apples, and Mr. Freytag, who had charge of the exhibit, says he is sure that it will win first even on apples in 1913. The largest apple on exhibit in the big pavilion was in the Clackamas County exhibit. It was grown by J. E. Hedges, of this city, being of the Beltinger variety. The apple weighed 1 3/4 pounds, and was 16 inches in circumference. The largest squash in the building was also in the Clackamas County bungalow, this being grown by Thomas Lindsey, of Canemah. It weighed 130 pounds. Both of these exhibits attracted wide attention. The exhibit of Clackamas County was artistically arranged, and much credit is due O. E. Freytag and T. W. Sullivan, the former assisting in gathering the exhibits and arranging them, while the latter drew the plans for the structure of the bungalow.

The people of Clackamas County were liberal in contributing exhibits, and next year a larger space will be obtained.

## BROTHERHOODS TO HAVE UNION MEETING

In order that they may have a better understanding and accomplish better results of a civic nature it has been suggested that a union meeting of the various church brotherhoods of the city, and the one of Gladstone to be held in the near future. While the details have not been worked out, it is probable that the meeting will be in the nature of a big banquet, at which members of the various organizations will give their views regarding many important questions. One of the men interested in the plan to be the union meeting said Monday that all members of the brotherhoods he had approached on the subject favored holding the meeting.

## MEXICAN BULLETS WHIZ ACROSS BORDER

MARFA, Tex., Sept. 9.—Ojinaga, Mexico, opposite Presidio, Texas, is being attacked from two sides by 400 Mexican rebels. The battle commenced at 3 o'clock this afternoon. A bullet from the Mexican side struck an American at Presidio, piercing his hip. A party of United States officers left Marfa for the scene tonight. Marfa is 30 miles from the border.

General Sanchez is in command of federal forces defending Ojinaga. Ojinaga was taken several days ago by a party of rebels without resistance, but yesterday General Sanchez with 300 troops from Cuchillo, Parado and Coyamo, drove the invaders from the town.

One thousand federal troops are reported on route to assist Sanchez in defending Ojinaga. About 800 so-called "redflaggers," a type of guerrilla favoring the cause of the revolutionists, are reported in the hills about Cuchillo Parado.

WASHINGTON, Sept. 9.—Dispatches to the War Department today reported Salazar, the Mexican leader, encamped across the Arizona line opposite the Lang Ranch, threatening to raid American territory. One of his troops captured in a skirmish has told American soldiers that raids upon American ranches were upon personal orders of Salazar, who wanted beef for his men.

At the regular meeting of Meade Post, No. 2, Grand Army of the Republic, the following resolution was unanimously adopted:

"That by the death of our late Comrade D. K. Bill, Post Commander the past year, we have lost a true and honorable member and the community a good upright citizen. The charter and the colors of the Post will be draped for the next thirty days in honor of his memory. ## "BUGS" RAYMOND VICTIM OF ATTACK

CHICAGO, Sept. 9.—City detectives and attaches of the Coroner's office today reported that a post-mortem examination showed that Arthur L. Raymond, ex-pitcher for the New York National League baseball team, died Saturday, as the result of a fractured skull and not from heart disease, as was first supposed.

"Bugs" Raymond died as the result of an attack, and his assailant will be under arrest by night," declared a detective. "Raymond was given a terrific beating at the Eldson, Ill., baseball grounds a short time before his death, and his skull was fractured then."

It was announced Saturday that Raymond had died of heart disease, aggravated by excessive heat. His body was found in a room of a downtown hotel by a maid.

A horse belonging to Dejl McCormack, who lives near Mount Pleasant, was stolen from the hitching post at the courthouse about 9 o'clock Monday night. Mr. McCormack came to the city early in the evening on business. After transacting his business he started for the courthouse, and was within half a block of it when he saw a man mount his horse and ride rapidly down Main Street. McCormack notified the police, but they obtained no clue to the identity of the thief.

Prominent advocates of single tax and equally prominent opponents of the measure will take part in the discussion. Officers for the year will be elected at the meeting. T. J. Gary, president and J. A. Roake, vice president probably will not stand for reelection, it being the custom to distribute the honors among the members.

## MT. HOOD RAILWAY TO BE ELECTRIFIED

Electrification of the Mount Hood railway will be started early this fall. Estimates for the cost of the work have been completed and submitted to the Eastern offices of the Portland Railway Light & Power Company.

At Ruby five and one-half miles east of Montavilla, a junction point will be established. At this point the Trondale branch of the Oregon Water Power line crosses the Mount Hood railway and arrangements are now being made to make physical connection of the two lines. The company has acquired two acres at Ruby to provide ample freight and switching yards.

## COLONEL GIVEN GREAT OVATION IN SPOKANE

SPOKANE, Sept. 9.—When Colonel Roosevelt climbed on board his private car tonight to wend his way westward once more, on the last stage of his journey from the Atlantic to the Pacific, he turned to look back at the city from the vantage point of the observation platform and remarked: "Well by George! Spokane has given me what I might call a middling lively day."

The colonel was permitted to have eight hours sleep after he reached Spokane last night, and that was all the time he had to himself. He made four speeches, attended a breakfast, luncheon and dinner, talked politics, with the Progressive leaders and headed a parade through the city. He is due in Seattle in the morning to spend the day there and in Tacoma.

## MCLOUGHLIN SCHOOL ATTENDANCE IS BIG

McLoughlin Institute was opened Monday for the school term of 1912-13 with the largest first day's attendance in the history of the institution. About 106 pupils were enrolled and it is expected that there will be more than twice that number, which will make the total enrollment about 20 per cent larger than last year. The increased attendance applies to the high school years as well as the grades. The state course of study is used in the grades as well as the high school years, and commercial work also is taught.

She received a Bachelor of Arts degree at Olivet College, Michigan, in 1902 and has taken post graduate work at the University of Chicago, in addition to normal work.
