ASTRONOMICAL EVENTS.

(From noon today to noon tomorrow.) Sun sets 6:14, rises 5:39. Evening stars: Mercury, Venus, Mars, Jupiter. Morning star: Saturn.

Tammany's subrosa price for a favored news stand is \$400 a year. The chief Democratic organization in the United States is second to none in progressiveness, such as it is.

Suffrage for women is being agitated in Canada. As a political problem the people of Canada will find this more troublesome than the ques-

tion of reciprocity. If Premier Borden never trembled before, he may well tremble now.

The personal honesty of Mr. Archbold is declared, by a man who once knew him to return \$500 he had found. That settles nothing of the controversy. We say without reserve that we believe the colonel would do the same thing, but he might send for the reporters afterward to tell them.

Prof. Wilson has opened the campaign in New Jersey and made it clear that he is a free trader. The response in November will not be "gradually reduced." It will be practically complete before bedtime.

Senator Williams of Mississippi is in favor of limiting the president of the United States to two terms and will advocate a constitutional amendment to that effect. The two-term idea seems to be the rule now.

An authority says that eating apples will give women beautiful complexions. In other words, a woman should devour apples to become a peach. Could Eve have had this in mind when she ate the first pippin?

The president of the National Soil Fertility league says that there will be a famine in America in twenty years. How considerate of him to put it off so long!

At a recent session of the Dog Days club of Washington former Speaker Cannon proved the highest kicker. Is Uncle Joe in training for the chorus?

The British court of inquiry blamed speed for the Titanic disaster, but exonerated the speeders.

Not satisfied with the licking Italy is giving them, the Turks now threaten to start a civil war and whip each other. Merely for the sake of peace it may yet be necessary for the powers to push Turkey off the map of Europe.

Government experts are now trying to find out what makes the holes in Swiss cheese. Have they not got the cart before the horse? The holes were there first.

Live Wirelets

(By Edgar Bates.)

Is it a Bull-Moose Party or simply a "bull loose?"

Of course some people will say that T. R. brought the pleasant weather.

Be sure that each cord of wood you buy measures 8X4X1.

Almost the real old fashioned blanket weather.

Two weeks more and our own county fair opens at Canby. Get ready.

Portlanders have a shower of roses for Roosevelt when he arrives, but no doubt he would prefer a shower of votes in November.

Any man can get a draft at the bank but it takes a wizard to get a draft at the stores these mornings.

By the dispatches we note that a train ran over one twenty sticks of dynamite without an explosion, but a newspaper gets blown up every time a customer is misled.

Did you ever see salmon jumping the fish ladder? Right now is a good time to go to the island and watch the gamey chinook endeavoring to gain the waters of the upper river.

The other day a local contracting company fired two tons of powder in a single blast, one of the largest "fires" ever set off in this part of the state.

Of course we are easy and all that, but the story of carp coming to the top of a pond to eat when a bell is rung, is beyond us. Sounds too human.

The "expert eugenic opinion" is that Oregon babies are larger, stronger and better proportioned than eastern babies. No need of any "expert eugenic opinion" to tell us that.

An investment of a hundred dollars earning but 5 per cent a year means \$265 in twenty years. Of course any magazine you pick up offers shares of their stock for sale which they predict will make you rich in twenty years, or so, but—

There are those who feel that the opening of the Elk's Home will cause a number of members to drop the Commercial Club. No doubt men who only care for their own personal good times and enjoyment will cut loose, but every red-blooded man in the community who has a bit of civic pride and interest in the advancement of the city and county as a whole, will continue to support the club. The Publicity Department has done and is doing splendid work, but such work can continue only with the united aid of every man living or making his living in the vicinity. By the way, did you send the secretary a list of the names of your friends and relatives in the east who would be interested in "Publicity," the publicity paper of the Club.

FINAL TRIBUTE PAID DOROTHY KELLOGG

The funeral of Dorothy Kellogg, daughter of Mr. and Mrs. B. F. Kellogg, who died at the family home on Twelfth Street between Park and Taylor Streets, Tuesday afternoon, was held Wednesday at 2 o'clock at the residence of Mr. and Mrs. Frank Whitman, whose home adjoins that of Mr. and Mrs. Kellogg. Mr. and Mrs. Kellogg recently lost their home by fire, and since that time they have lived in a tent. The services were conducted by Rev. W. T. Millikin, pastor of the Baptist church. Dorothy Belle Kellogg was born in Oregon City December 10, 1898, and lived in this city all her life. She was a bright girl, and was a general favorite with her schoolmates. She was a member of the Baptist church and Sunday school, and attended regularly these services. She is survived by her parents, one sister, Miss Stella Kellogg, a nurse in the Good Samaritan Hospital, Portland, four brothers, Lyle, Leslie, Roy and Ronald Kellogg, of Oregon City; her grandmother, Mrs. A. M. Brayton, of Park-place, and grandmother, Mrs. Kellogg, of Ninth and Polk Streets. The funeral services were largely attended by friends of the family and the floral pieces were many and beautiful.

Maurice E. McLoughlin, New National Tennis Champion

Photo by American Press Association.

AMERICA'S new lawn tennis champion, Maurice E. McLoughlin, whose victory over Wallace F. Johnson in the final round of the all comers' singles at Newport was the sensation of the tournament, is only twenty-two years old. Though he now hails from California, he is a Nevada by birth. He has been playing tennis since he was thirteen years old, and he is the first champion since Beals C. Wright in 1905 to win first place in one season in doubles and singles. McLoughlin is five feet ten and one-half inches tall and weighs 165 pounds. The strongest features of his play are his sweeping attack at the net, his hard hitting and his splendid control of the ball. He is also possessed of a phenomenal reach. He attributes his speedy action to the fact that, like most Californian players, he has developed his game on asphalt courts, which are quicker than the dirt courts in common use in the east.

LITTLE GIRL SERIOUSLY INJURED BY FALLING

The two-year-old daughter of Mr. and Mrs. Rosenthal, residing on Division Street was seriously injured Tuesday afternoon by falling. Her head was badly cut. Dr. C. A. Stuart was summoned and the little one's injuries dressed, and she is recovering from the injury.

COURAGE.

The greater part of the courage that is needed in the world is not of a heroic kind. Courage may be displayed in everyday life as well as in historic fields of action. There needs, for example, the common courage to be honest, the courage to resist temptation, the courage to speak the truth, the courage to be what we really are and not to pretend to be what we are not, the courage to live honestly within our own means and not dishonestly upon the means of others.

Risky Politeness.

Captain Owen Wheeler relates a humorous story about the politeness of the Burmese. The experience was that of a brother officer, who, happening to arrive at a Manipur village when a polo game was in progress, asked to be allowed to take part in it. The natives were delighted, and the officer enjoyed himself amazingly, although he was unused to playing polo on a bareback pony and had several spills in consequence. But he was particularly amused at noting that whenever he fell off all the other players followed suit. He soon discovered that this remarkable phenomenon was the result of pure politeness on the part of these simple tribesmen.—London Tit-Bits.

A Collapsible Steamboat.

Every sportsman has long been familiar with the advantages of "take down" guns and rifles. The war department possesses a small steamboat constructed on a somewhat similar principle. It is eighty feet long, has a displacement of seventy-two tons and is capable of a speed of eleven knots. It is divided into five sections, which can be quickly knocked apart for transportation and reassembled in the water without the assistance of divers. It is made entirely of steel, with a flat bottomed hull which draws three and a half feet of water. When the deck is in place the sections are tightly locked together, each being in itself water tight.—Chicago Record-Herald.

GIRL LOSES SUIT FOR FALSE ARREST

After hearing the evidence offered by the plaintiff in the damage suit of Anna Hemrich against Joseph Bachman, Circuit Judge Campbell dismissed the action for lack of proof. The plaintiff sued for \$5,000 for alleged false and malicious prosecution. A strip of land on the Clackamas River near Baker's Bridge was claimed by the plaintiff's parents and Bachman. The latter fenced the land and commenced clearing it. Mrs. Marie Hemrich, mother of the plaintiff, it was alleged trespassed on the land and Bachman had a warrant issued for her arrest. The constable, however, arrested the daughter, who was acquitted in a justice of the peace court. Lily Stipp represented the defendant, contending that the evidence was not sufficient to show that the plaintiff had been damaged, and Judge Campbell sustained his motion to dismiss the suit.

Common Sense Is Biggest Factor In Procuring Happiness During Married Life

By Mrs. JULIAN HEATH, President of the Housewives' League of New York

WHY IS A HAPPY MARRIAGE?

That something besides LOVE is necessary we have agreed, and this something is not WEALTH, but the FACULTY OF MAKING WEALTH OUT OF LITTLE. It is the ECONOMIC WISDOM, the most UNCOMMON "COMMON SENSE," which so skillfully apportions a moderate income that the results are COMFORT and a continued state of WELL BEING.

THE FOUNDATION FOR THE HAPPY MARRIAGE MUST BE LAID DURING THE ENGAGEMENT PERIOD, and IT MUST BE LAID DEEP AND STRONG. NOBODY WANTS TO DO AWAY WITH THE MOON-LIT RAPTURES OF THIS DELIGHTFUL TIME. ONLY I SUGGEST THAT THE YOUNG PEOPLE MIX IN A LITTLE COMMON SENSE. INSTEAD OF SPENDING ALL THEIR EVENINGS IN THE CANOE ON THE RIVER LET THEM SOMETIMES SIT AT THE LIBRARY TABLE, UNDER THE GREEN SHADDED LIGHT, AND DO SOME GOOD HARD MATHEMATICS.

It isn't enough for the young wife to be a GOOD HOUSE-KEEPER; she must be a WISE SPENDER. Her husband brings in the money. It's her job to send it out again as wisely as possible. She won't find many helpers, and she will find tempter tradesmen at every turn.

BUT SHE MUST MAKE GOOD OR SHE WILL BE DOING LESS THAN HER SHARE TO PROMOTE THE HAPPINESS OF HER MARRIED LIFE.
