WIFE SUMMONED TO HUSBAND, BADLY HURT

Mrs. Frank Lambert, who has been in this city visiting her sister, Mrs. M. M. Cross, was summoned Tuesday to Tacoma, where her husband, while in the employ of a lumber company near Rainier, was seriously injured. Mr. Lambert was struck on the head, his skull being crushed. He was immediately taken to Tacoma and placed in a hospital. The accident occurred Friday, and he was in an unconscious state from Friday afternoon until Tuesday morning. Although he is still in a critical condition the physicians think his life can be saved but he will be in the hospital for at least a month. Mrs. Lambert was formerly Miss Mable Eiters, of this city, and is a sister of Mrs. M. M. Cross, and Mrs. W. A. Cross, of Silverton.

GERMAN DAY TO BE FAIR FEATURE

(Continued from page 1)

to the German Societies at 11 o'clock oration and response by Gustav Schmoor; song, selection in German and English; big barbecue and potato bake from 12 o'clock to 2:30 o'clock. The afternoon program will commence at 2:30 o'clock with the following: Song, "Des Deutschen Vaterland," accompanied by the band; local and instrumental selection, "Columbia the Gem of the Ocean," by Arion and Turner; oration in German by the secretary of the German Societies of the state, Edgar Winter, of Portland; "Die Wacht Am Rhein" (vocal and instrumental) selection, the Misses Hopp, of Oregon City, who recently arrived from Germany. There are three of these young women, who have excellent voices; appropriate remarks by Rev. A. Hillbrand in English; band selection, "Star Spangled Banner"; "Greeting from Homeland," in German, Arion and Turner; humorous declamation, Professor Gus Hill; "Yankee Doodle Pot Forie"; remarkable feats and gymnastics by Turner Verein of Portland; "America" multitude and band.

The races will be among the features of the day. There will be a fast trot, pacing and a mile run, and the Clackamas county horses will be on hand for mixed races, this being free for all. This will be exclusive for Clackamas county horses. The money will be divided as follows: sixty, thirty and ten with best two out of three winning first money. A part of the Oregon National Guard Company of Oregon City will camp on the grounds and beside its regular military maneuvers will police the fair grounds and buildings night and day. It is believed that military protection will be a great aid to the fair. This plan was used at the Lewis & Clark Fair in Portland, and proved satisfactory, and the management of the fair feels confident that the same results will be obtained at the Clackamas County fair this year.

MRS. E. R. BROWN GUEST OF HONOR

Mrs. J. A. van Brakle entertained in a charming manner at her home on Center Street, between Sixth and Seventh Streets, Wednesday afternoon in honor of Mrs. E. R. Brown, who recently moved to Astoria, Oregon. The van Brakle home was prettily decorated with nasturtiums and sweet alyssum. Those enjoying Mrs. van Brakle's hospitality were Mrs. E. S. Follansbee, Mrs. S. P. Davis, Mrs. E. A. Smith, Mrs. J. W. Loder, Mrs. E. R. Brown and Miss Colson.

POTATO SHIPPING IS NEAR STANDSTILL

Potato shipping trade is almost at a standstill. A nominal supply of stock has been sent out to the southwest and a small shipment is going to California but that is the extent of the trade. Potatoes are so low in California at this time that the best price available in carload lots is 50c per cental net to growers for extra fancy. This is the lowest price that has ruled for similar quantity for a great many years. Effort to boost the market by talking of blight in Colorado is simply another of those schemes of California manipulators who so successfully force Oregon growers to hold their supply last season until the southern state had unloaded; then forced growers to accept little or nothing for their offerings. While it is true that there is more or less blight in Colorado, this would be little if any effect upon the northwest market as the two growths do not enter into enough competition to worry anyone. There is likewise blight in Oregon, Idaho and Washington but so great is the crop prospect that if the entire crop was offered for market there would not be a sufficient number of cars to transport it.

Miss Carmen Schmidt, of Oregon City, spent Sunday with her friend, Miss Elanore Papan. Mrs. Theodore Steinhilber called on Mrs. S. Boutz Sunday. The Thompson Brothers' threshing machine has been very busy in Hazelia the past week, so that now the work is almost finished. S. S. Boutz and Messrs. Winfield and Harold Baker, who are still at the hop fields at Independence, report a fine crop.

The farmers are all happy because the sun is shining again so that they can thresh. Threshing is late on account of the rain.

ESTACADA

The home of George Blair, of Garfield, was destroyed by fire Friday. Mr. Blair was absent visiting in the East. Paper on the wall back of the stove caught fire and put it out Mrs. Blair struck it down with a broom, but that merely scattered the fire so that it got beyond her control. Very little was saved from the building. Mrs. Blair is a niece of United States Senator Geo. E. Chamberlain. H. F. James, school supervisor, visited the Garfield and Porter schools yesterday. Miss Rica Anderson opened the Garfield school yesterday. Rev. W. R. Hart leaves next Sunday evening for Ashland to attend the annual conference of the Methodist church. G. T. Hunt, road supervisor of District 49 resumed work on the Aonebone-Davis road today.

Kigel's threshing outfit has finished threshing the wet and dry grain in this neighborhood. Alged Gunderson injured his finger in a straw cutter and had to have it taken off later. Mrs. Joel Jarwl and baby Helen attended the State Fair at Salem last week and report a fine time. W. P. Roberts, of Dover, was in Kelso Monday and sold a fine young horse to O. Lindolin. Our Kelso school started Sept. 9 with Mr. Purcell, of Sandy as teacher of the advanced grade. Miss Johnson, who was to teach the primary grade failed to appear. There were were about thirty pupils present. Residents of this vicinity have lost a number of young and valuable horses by sickness and accidents. The Misses Bessie and Margaret Canning began the Fall term of school at Sandy Monday. Miss Wheller, the Dover teacher, passed through Kelso Monday. Mrs. Alt, of Firwood, was visiting with her daughter, Mrs. Ned Nelson, the past week.

GLAD TIDINGS

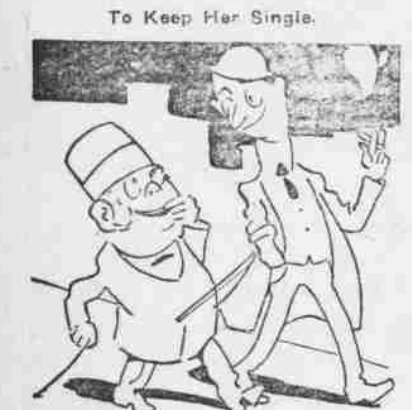

Tom Garret and the Harmon brothers have finished picking their hops. They had a fair yield, and their hops were in good condition. A number of Warm Springs Indians arrived a few days ago and started picking in the Hartman yards, as is their usual custom, having done the principal picking of his yards for a number of years past. Thousands of stars are twinkling this morning at 4 a. m. denoting settled weather, which will certainly be encouraging to all concerned and duly appreciated by all. The clover hullers will start up again in a few days, and the busy hum of the threshers will again make welcome music in the land, and instead of some of the farmers losing all, they will at least save a portion of their grain and clover. The Daily Enterprise each day enters into many homes and I have noticed that it is always the first paper to be read.

RURAL DELL

This glorious sunshine is certainly wreathing the farmers' faces all in smiles. Some are actually going to commence their spring work, being under the impression that winter is over at last, while others are afflicted with spring fever that is apparent throughout the community. The DuBois girls were up from Portland last week, visited their mother, Mrs. J. W. Nozher. Mr. and Mrs. Gunderson, of Portland, are visiting with the latter's parents, Mr. and Mrs. G. O. Amdahl. MISS M'CARVER'S PET DOG KILLED

"Bob", the pet dog of Miss Anita McCarver, president of the Clackamas County Humane Society, is dead. The animal while crossing Washington street between Eleventh and Twelfth streets, was struck by an automobile and his back was broken. Miss McCarver called to the driver of the machine to stop, but he failed to do so, although he heard her calls. The machine was a large and heavy one and was speeding at the time it ran over the dog. There was no light on the rear of the machine. This is the only place in the city where speeding is tolerated and it is the intention of the residents of that street to obtain the numbers of the machines and have the speed fends brought to justice. "Bob" was an old friend to all. About ten years ago he took up his residence at the barn of A. Robertson, a former resident of this city. He followed the horses daily on their trips, and calling at the Babcock home for his noon meal, would return to the barn as soon as his meal was finished. When Mr. Robertson disposed of his team, Bob refused to follow the new one and went to the Babcock home to live. He found a good home, and received the best of care. No tramp dog ever ventured near the Babcock home for Bob kept them at their distance, and never made friends with any dog even in the neighborhood. He was an intelligent dog, and always made his wants known. He was buried in the rear yard at the Babcock home. This is the third dog killed by automobiles recently.

"NO-BODY LOVES A BALD MAN"

Every day we see YOUNG men and women, who have grown prematurely grey. They immediately fall into the "Old Age" class, because grey hairs are so closely associated WITH OLD AGE. It is extremely disconcerting and humiliating to be bald—to be grey when the years do not justify it. The girls laugh at the young men so married—the young man soon learns to discriminate between natural hair in its full bloom of health and NATURAL COLOR, and shabby looking grey and faded hair. Give nature a chance. If she is encouraged, stimulated, assisted, she will give you a head of hair that you will be proud of. Give it to her.
