Lingerie Toilet with Black Satin Coat

Another example of dame fashion's fondness of the separate coat is the subject of today's drawing, varied in this instance by the use of lingerie collar and revers on the coat to accord with the frock of embroidery and lace beneath it. The frock is of handkerchief linen with a tunic bordered by a broad band of eyelet embroidery headed with a narrower one of lace and finished on the lower edge by a lace ruffle. The blouse is kimona style with trimmings of lace and embroidery. The black satin out-away coat has revers of broderie Anglaise and lingerie ruffles finishing the long sleeves.

PLANS FOR POULTRY SHOW ARE DISCUSSED

The Executive Committee of the Clackamas County Poultry Association met at the office of Dr. M. C. Strickland in this city Tuesday afternoon at 2 o'clock, and arrangements for holding the poultry shows were discussed. The show will be held in January, and will be a better one than that of last year. Several of the leading poultrymen of the state are members of the organization.
The officers of the Association are President, W. A. Shewman; Vice-President, George Hall; Secretary and Treasurer, M. J. Lazelle; Executive Board, Dr. M. C. Strickland, Elmer Dixon. Another meeting will be held after the County Fair is held at Canby, and further arrangements will be made for the coming Poultry Show.

ROOSEVELT SCORED BY PEERLESS ONE

PUEBLO, Colo., Sept. 17.—Delivering his message in characteristic style, William J. Bryan provoked a storm of Democratic enthusiasm at the state fair grounds here today by a scathing denunciation of Theodore Roosevelt, the Progressive candidate for president. Bryan's denunciation of Roosevelt at Colorado Springs last night was particularly bitter. He said: "One short year ago Roosevelt did not raise a hand to help Senator La Follette in his fight against Taft. La Follette is a thousand times better reformer than Roosevelt ever was. "Roosevelt is an eleven-hour Progressive—hardly that, for he did not do as was done in the biblical parable when the eleven-hour call was made. Instead Roosevelt came at 5 minutes to 12 and asked for the whole thing."
From Pueblo Bryan will go into Montana and Utah, following the trail by Colonel Roosevelt in his jaunt for Progressive converts. Saturday Bryan will leave for California.

SKYSCRAPER ERECTED IN BEAVER CREEK

Beaver Creek has its first skyscraper, it being just completed by George Sshultz, of this city, the building being owned by Frank Hennessy of Beaver Creek. The structure is three stories the first floor of which will be used for the storing of the threshing outfit of Mr. Hennessy, while the second floor is to be used as a dining room and kitchen for the ball room, which is on the third floor. The interior has not been thoroughly finished but will be completed by Mr. Schultz by Thanksgiving when it is planned by the owner to have a big house warming. The building is 32x40 feet, the rear end of which stands 52 feet. Hennessy has a farm of 60 acres, and the building he has just erected stands in the central part of Beaver Creek.

RAFT TIPS OVER AND BOY IS SHOT IN LEG

Roy, the fourteen-year-old son of Mr. and Mrs. Joseph Sprague, residing at Logan, Clackamas County, had a narrow escape from death by being shot Sunday. The lad, in company with several companions, was enjoying a ride on a raft on the Clear Creek. In some manner the raft tipped to one side and the gun which they had in their possession was accidentally discharged, the full charge passing through Sprague's leg. Dr. C. A. Stuart, of this city, was summoned to the Sprague home and it was necessary to take four stitches in the calf of the leg to close the wound, after it had been thoroughly cleaned. There is no danger of the lad suffering from any bad results of the gunshot, but will be confined to his bed for some time.

DELIGHTFUL PARTY GIVEN BY GARDNERS

Mr. and Mrs. William Gardner entertained at their home at Meldrum Sunday in a most delightful manner. Their guests being Mr. and Mrs. William Ross and two children, of Portland; Mr. and Mrs. Land, Miss Beattie William Love, and Harry Land, of St. Johns. Mr. and Mrs. George Gardner and young son, of Oregon City. During the day William Gardner, George Gardner, Mr. Land and William Ross formed a party that left by automobile for the Clackamas River dam, and returned by boat. Upon their return to the Gardner home in the evening, supper was served by Mrs. Gardner in the grove, on the Gardner place, the grounds being prettily decorated with bright colored Chinese lanterns. A delicious repast was enjoyed by the guests. About 8 o'clock the guests from Portland and St. Johns returned to their homes by automobile.

DEMOCRATS PLAN VIGOROUS FIGHT

(Continued from page 1)
ty collectively and individually. The Democrats have hopes of electing P. S. Noyer, their candidate for Representative, in the legislature. Mr. Noyer served one term in the legislature and made a record as a capable representative. Among the candidates who will make speeches are Gilbert Hedges, nominee for District Attorney; J. E. Jack, nominee for Assessor; Ernest Mass, nominee for Sheriff; M. E. Gaffney, nominee for Recorder and George M. Hively, nominee for County Commissioner. It also is expected that Dr. Harry Lane, candidate for United States Senator, Walter M. Pierce, one of the best orators in the state and a man of superlative ability, John M. Gerrin and Senator Chamberlain will stump the county. The Democrats are going to make a hard fight, they are confident of winning, and the Republicans must look to their laurels in good old Clackamas. However, the Democrats always win about two months before election.

WOODBURN SCENE OF HOP ACTIVITY

The only operations in the hop market at present continue in the vicinity of Woodburn, and the lots taken are not generally classed as choice. With the English markets very firm, although showing but little business and a fractional advance noted in Germany, indications point to some development in the trade as soon as samples are received from here. Dealers are surprised at the excellence of the quality sent forward in many of the early samples. While there are many fields where the mold was severe, still there are plenty of others where only a trace of damage was shown. In still other places no mold at all was reported.
Hop crop estimates for the Willamette valley are being revised upward. From every section reports indicate that the output was far greater than expected. It is now believed that the crop will be fully 1,000,000 bales.
