Cable Message From Corinto Gives
Account of Attack Made by
Natives on American
Forces

WASHINGTON, Sept. 20.—That there has been a terrific battle between American marines and Nicaraguan rebels under General Zeledon is the belief of the State and Navy Department officials. No reports have left Corinto since late Tuesday night and it is feared that communication between Managua and Corinto has again been destroyed. If so, Rear-Admiral W. H. Sutherland, with a force of nearly 1000 men, is in the interior of the country, cut off from the American warships at Corinto. So worried has the navy department become that a rush message was sent to Rear-Admiral Sutherland today ordering him to report immediately.

BROWNELL TO URGE 'WOMEN'S' SUFFRAGE

George C. Brownell will deliver an address at Estacada at 2 o'clock Sunday afternoon on "Woman's Suffrage." The promoters of the meeting expect a large crowd, and many residents of Springwater, Eagle Creek and Garfield have announced that they will attend. Mr. Brownell was one of the first men in this county to advocate equal suffrage, and has advocated it in public addresses in all parts of the county. Mr. Brownell says that there being more than 8,000,000 women in the United States who are self supporting, there can be no adequate reason presented against them being given the right of suffrage. He asserts that in states where women have been given the right to vote, better men and women have been elected to office than in states where only the men have the right of suffrage.

PRESIDENT TO GO TO HOT SPRINGS, VA.

BEVERLY, Mass., Sept. 20.—Plans for President Taft's vacation here were changed today, and it became known that the President would probably remain in Beverly only until October 20. He had intended staying at Parramatta until a few days before election, and then closing up his summer home, travel to Cincinnati to vote. According to the new plan the President will leave Beverly with Mrs. Taft for Hot Springs, Va., late in October.

MT. PLEASANT TO URGE NEW SIDEWALK

At a recent meeting of the Mount Pleasant Civic Improvement Club held at the Mount Pleasant school house, it was arranged to have an interview with the City Council in regard to the building of a sidewalk from this city from the head of Fifth Street to Mount Pleasant, which is in a poor state of repair. Many of the residents of that place come to Oregon City daily and have to travel over this walk. There is much danger during the winter, and the members of the Improvement Club are anxious to have the broken planks replaced with new ones before winter begins. The committee appointed to interview the Council is composed of S. O. Dillman, A. C. Warner and J. M. Warner. This walk was constructed seven years ago by the Mount Pleasant Civic Improvement Club, and this organization does not feel it is its duty to build sidewalks in Oregon City when its own walks have to be looked after.

The sidewalk committee on the walk that has been constructed along the Holmes road made its report. A. C. Warner being the chairman of the committee. This walk has been completed as far as the home of W. B. Stafford, and it will be up to the Mountain View people to complete the walk to that place. This is the first meeting that has been held since the summer months, and there is no doubt but there will be many interesting meetings held during the winter. One applicant was made a member at the last meeting.

BIG PRICE IS OFFERED FOR 'CAPT.' APPERSON

The victories of Haltamont and "Capt" Apperson, pacers owned by Clackamas County men at fairs in Washington, Oregon and California, will give an impetus to the raising of fine horses in this county. Haltamont, owned by W. O. Vaughn, of Molalla, won a \$2,500 purse at Sacramento Friday, and "Capt" Apperson has been "in the money" in every race entered but one this season. These horses have competed with the best pacers on the Pacific coast and Canada, and have shown consistent form from the start. Ed. Reckner, of this city, owner of "Capt" Apperson has received several handsome offers for the horse, but believes he can do better by keeping the pacer. Both horses were trained by Clackamas County men, who have not had a great deal of experience in the work, while the animals with which they have competed were trained by expert racing men.

LAWYER'S MEMORY TO BE HONORED TODAY

Memorial services and adoption of a resolution upon the death of Carey Johnson will take place in Judge Ganter's department of the Circuit Court in Portland today at 2 p. m. Addresses will be made by C. M. Idle, man, C. A. Dolph, C. W. Fulton, A. H. Tanner, Charles H. Carey, James L. Conley, H. K. Sargent and E. R. Ringo. Members of the bar are requested to attend. Mr. Johnson practiced in Oregon City many years.

GLADSTONE IS TO BE CITY BEAUTIFUL

MASS MEETING CALLED TO AR-
RANGE FOR PLANTING
SHADE TREES

BETTER CAR SERVICE IS DESIRED

Residents Who are Employed in Ore-
gon City Declare Present
Schedule Causes Loss
of Time

At a meeting of the Gladstone Commercial Club held in the City Hall at Gladstone Thursday evening a committee was appointed to arrange for a mass meeting at the City Hall. Property owners will be asked to plant shade trees in the parkings. The committee is composed of J. N. Sievers, chairman; Hugh Hall, E. P. Nelson, Thomas Burns and Chambers Howell. It is planned to have 10,000 shade trees planted in the city. A committee was appointed to interview the superintendent of the Portland Railway, Light & Power Company in regard to installing a better car service in the mornings. About sixty or seventy men of that place are employed in the mills in this city and must report for work at 7 o'clock in the morning. The first through that city at about 6:15 now and the men must wait at the places where they are employed for more than half an hour before going to work. For some time a car passed through Gladstone for Oregon City at 6:40, which was satisfactory to all, allowing the men enough time to get to their places of employment. H. E. Williams is chairman of this committee.

BANKERS TO BE GUESTS OF CITY

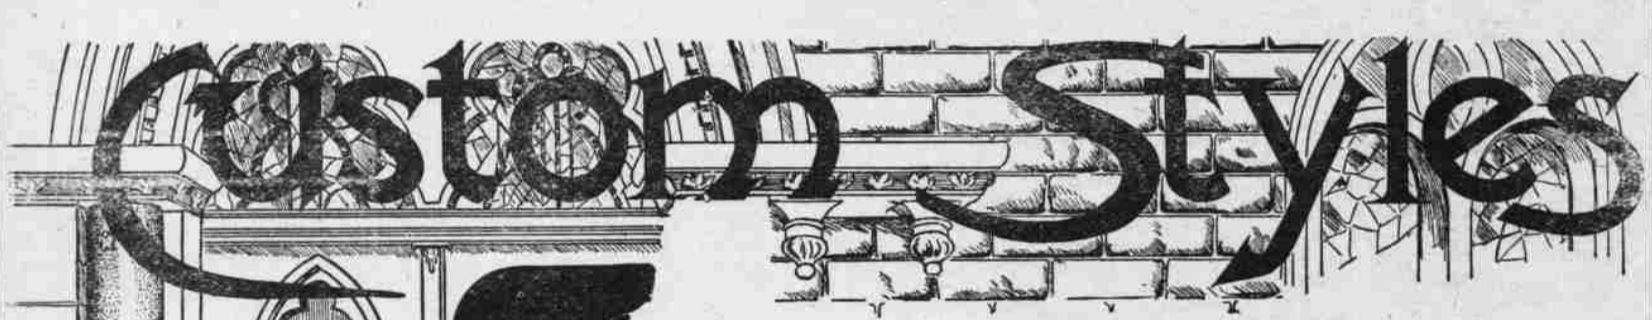

MEN WHO HAVE CHARGE OF FI-
NANCES WILL VISIT PAPER
MILLS TODAY

MORE THAN 100 ARE EXPECTED

Historic Plants of City to be Inspect-
ed by Distinguished Guests—
T. H. West in Charge of
Party

Representative bankers of Oregon will be guests of Oregon City today. Paper manufacturing in all its branches will be explained to members of the Portland chapter of the American Institute of Banking at Oregon City this afternoon, at the second of a series of trips. The plants of the Crown-Columbia Paper Company and the Hawley Pulp & Paper Company will be visited. The Crown-Columbia plant has a historic interest, in that it was the first paper mill on the Pacific coast, having been established at Park Place, on the Clackamas River forty-three years ago by H. L. Pittock to supply the paper demand of the Oregonian. The plant grew from a capacity of 900 pounds per week in 1869 to 230 tons per day, the later figure representing the output of the Crown-Columbia chain of mills on the Pacific coast. The Hawley Pulp & Paper Company is a comparatively new plant and is modern in all respects. The Portland bankers will come to Oregon City this afternoon by special train, via the Portland Railway Light & Power Company line, leaving First and Alder streets at 3 o'clock. T. H. West, president and Sam F. Mullin, chairman of the entertainment committee of the American Institute of Banking, are in charge of arrangements. More than 100 bankers are expected. Oregon City bankers will assist in entertaining the visitors.

SATURDAY SALE NEW FALL SUITS

EVERY cloak and suit we sell is man-tailored—the material must be all wool, or wool and silk, or it cannot enter our store. This means garments that will hold their shape, and enable us to give you a perfect fit. This is why we talk of custom styles, because they are really custom-made garments, and we ask no more for such goods than others do for ordinary clothes. It is easily proven, just come in and see for yourself.

A STRAIGHT TALK TO OREGON CITY CLIFF DWELLERS People That Live on the Hill

It takes just 238 steps to scale the bluff from the Seventh Street ascent.

Don't take our word for it. Tomorrow morning when you come turkey-trotting down the gang-plank, just count them for yourself.

And after having mounted the "238" why then you're only at the foot of the hill.

Fine exercise and all that, but there's many an Oregon City cliff dweller, who realizes more each day that tripping up and down the "238" four or five times every 24 hours a most awkward pastime.

A man who has climbed the bluff daily for the past thirty years told us recently that if his daily hill climbing had all been placed in a straight line on the same grade as the Seventh Street stairs he'd have been in Heaven three years ago.

Of course he wouldn't have been.

He was just a little "peevish" because he had to go up and down the "238" every morning, noon and night.

We told him about a little Paradise called Gladstone which he could reach in five minutes, and where everything is on the level.

He and his good wife bought a couple of our beautiful residence lots, will begin their home about November 1, and in the future will save their remaining energies for climbing the golden stairs.

Our office at Gladstone is located opposite the postoffice. Our telephone number is Pacific States, 1982. Our agent is at your service.
