J. LEVITT

Oregon City's Leading Clothier

Great For the Tightwad.

"Ma, are they going to coin a half cent?"
"There is some talk of it."
"I hope they don't."
"Why?"
"Grandpa would only give us half a stick of candy at a time."

Girl's Coat Suit.

This drawing shows a neat tailored suit for a girl of fifteen, made of myrtle green serge with trimmings of self-tone silk. The coat has a high waist line and deep, close fitting peplum. There are wide square revers of the silk and a square collar of the same. A little novelty in the sleeve line is shown, this having a scant puff cut in line with the coat portion with a deep cuff of the silk. Silk covered buttons and silk cords catch down the revers, trim the sleeves and fasten the coat and skirt. The latter is narrow and untrimmed, closing on the left side.

GETTING GREY EH—OLD MAN AND BALD TOO.

Looking twenty years older than you really are. Being made the laughing stock of your friends and the butt of their jokes—"Old Age Class" simply because grey hairs are so closely associated with old age. It is very humiliating to be grey and bald when your age doesn't justify either—to be classed as a "Has Been" and set aside by your young friends as too old for them—to be turned down possibly, in your application for that new position because a YOUNG-LOOKING MAN WAS WANTED. Get the best of the grey hairs—don't let them get the best of you.

CONTRACTS ARE MADE BY HOP DEALERS

All over the coast the hop dealers are busy in adjusting their contract differences with growers. Dealers have 22c contracts are naturally particular that the hops are up to the contract before accepting them and few are reaching the basis. Many rejections were reported in the Mt. Angel section.

Only one sale could be confirmed during the last 24 hours that being the purchase of 130 bales of Fritz Elwert, of Middleton, by Klaber, Wolf & Netter at 18c a pound. While there were other sales reported at from 14 to 18c, none could be confirmed.

California dealers are having the time of their lives in settling contracts with growers there. Owing to the last rain, little of the Sonoma crop came up to the contract quality, therefore dealers are not inclined to accept delivery unless settlement is made on a lower basis. Poor quality is likewise reported in the Sacramento section although the rains did not interfere there.

Health Discussed by Experts

Washington, Sept. 26.—Every State in the Union and practically every foreign government is represented at the Fifteenth International Congress of Hygiene and Demography, which is in session here. The world's greatest experts on health are among the delegates, which is held under direction of the United States government with the approval of President Taft. This is the first time in the sixty years of its existence that this international body has met in the United States. Although fourteen other congresses have been held in the various capitals of Europe, the United States has never had anything like appropriate representation at the meetings. Between 6,000 and 7,000 American delegates are participating in the deliberations this year.

"Standardization of public health administration is virtually the keynote of the congress. To a necessity for some such standardization and co-operation between public health officials of Europe, the United States of Europe, the United States has never had anything like appropriate representation at the meetings. Two of the leading discoveries that in the last score of years have rendered invaluable aid in the conservation of the human race, and which were heralded throughout the world through the Congress, were the Pasteur treatment for rabies and Professor Von Behring's wonderful antitoxin remedy and immunization against diphtheria. Dr. Van Behring's method first received the sanction of the medical world at the Tenth International Congress, in Budapest, in 1894, and from there it was introduced into this country through the Health Department of the City of New York and the Massachusetts Health Board, with the well known result that there has been a decrease of more than 70 per cent. in the death rate of that disease. The census reports prove that more than half a million lives have since been saved and that in the single year of 1910 there were more than 69,000 deaths prevented by diphtheria antitoxin in the United States.

At the Ninth International Congress, held in Paris in 1889, the claims of Pasteur that he had discovered a preventive for rabies were confirmed.

The following partial schedule has been arranged: Estacada, October 8; Wilsonville, October 9; Canby, October 10; Molalla, October 11 and Oregon City, October 12. Mr. Pierce is one of the best speakers in the Democratic party in the state.

U'REN CHALLENGES MAYOR TO DEBATE SINGLE TAX

W. S. U'Ren again has challenged Grant B. Dimick, Mayor of Oregon City, to a debate, the subject being "Single Tax." These men debated the subject in the early spring and friends of the mayor declared he had the better of the argument. Friends of Mr. U'Ren asserted that the single taxer won "hands down." Mayor Dimick did not say Thursday whether Dimick would accept Mr. U'Ren's challenge, which is as follows: "Hon. Grant B. Dimick—The Clackamas County Single Tax and assessment roll has now been in circulation for over a month, and I desire to renew my invitation to you for a joint debate of the single tax measures before the people of Oregon City for the November election. I shall be glad to meet you in Oregon City any time after November 2."

This will be Oregon City day, one of the biggest days at the fair. Hundreds of persons will go from this city to see some of the big races that are on the program today. The Oregon City band and the Oak Grove Girl's band will accompany the Oregon City delegation and will play during the day. There will be plenty of music on the grounds.
The big pavilion was crowded Thursday with visitors, and much enthusiasm was manifested. George De Bok has the finest individual collection of vegetables on the ground. His exhibit is even larger than that of last year.
Among those of Oregon City who have booths are Burmeister & Anderson. They have a large number of graphophones which delight the crowds. L. Adams has a fine display of goods, his display ranging from a pair of shoes to everything in his big store. Bannan & Company have a display of cutglass, furniture, beautiful rugs and other handsome furnishings, and this booth as does Mr. Adams' is attracting much attention. Miss Alma Moore, of this city is in charge of the Bannan booth, while the Adams' booth is in charge of Messrs. Hendricks and Hampton. There is a prize offered for the best commercial booth and these two merchants have entered for this prize. The Oregon City Enterprise and Wes-

tern Stock Journal have headquarters there but neither is competing for a prize. Huntley Bros. Company have a demonstrator in the building, where some of their finest paints are on exhibit. The Burmeister & Anderson booth, opposite the Enterprise booth, was designed by George Hankins, and is one of the most artistic booths in the building. The color scheme is of dark green and red. This booth is presided over by William Andresen and George Hankins.

The Barlow exhibit is one of the on the ground to give his assistance in charge of H. T. Melvin, one of the finest the city has ever had. It is in charge of H. T. Melvin, one of the pioneer residents of Barlow, who is in charge of the Warner grange, who is making this one of the most attractive and tempting booths in the pavilion. He is assisted by Miss Hattie Irvin of Barlow.

Warner and Harding granges have the finest exhibits they have ever had at the fair, and both organizations are working hard to win the first prize. The Harding grange exhibit is in charge of Mr. and Mrs. W. T. Kirchem, Miss Mahala Gill and Miss Anderson, of Logan. Among those in charge of the Warner grange, who are present to give the desired information to the visitors are Mrs. George Lazelle, Mrs. Hoffman and Miss Hoffman. The decorations are prettily arranged with a black background up-

on which are large bunches of golden grain.
G. E. Bond, of Portland, who is secretary-manager of the Pacific Northwest Land Products Show, was a visitor at the fair Wednesday, and was surprised at the fine exhibits of grain, grasses, and agricultural displays. Mr. Bond went to the fair in the interest of the Land Show and after viewing the fine products of Clackamas County soil, arranged to give this county more space in the big building where show is to be held in Portland in November.

C. D. Minton, who is connected with the Oregon Agriculturalist, Portland, also was a visitor at the fair Wednesday, acting as judge of the poultry show. Mr. Minton stated that this poultry exhibit was something for the county to be proud of, and of the many fairs he has visited and judged chickens this was one of the finest he has ever seen.
