## 18 CENTS TOP PRICE OFFERED FOR HOPS

Practical the only business passing in the hop market at this time in the Willamette valley is for the account of those dealers who had sold and covered by contracts and were unable to secure the quality they purchased.  
Recent operators in the market for this account were Klaber, Wolf & Netter and the Savoy Hop Company. The latter firm has purchased recently about 400 bales in the Hillsboro, Banks and Laurel section at 16c to 18c. Only one lot was bought at the high figure.  
There was a report that Weldner had purchased a lot of cheap quality hops in the Yamhill section at 14c a pound but this could not be confirmed.  
Badly moulded and green hops are pressing for sale on the trade, but dealers are fighting shy of this quality owing to the absence of orders. Much of it is said to be so poor that it will not bring 10c a pound at this time.  
Hop trade everywhere is very quiet owing to the poor quality. What is true of the local market is equally true of California. Samples are now being forwarded and until they are received by the eastern and European interests, little activity can be expected. In the meantime no business of importance can be expected.

Selling's Position Similar to Borah's  
In refusing to leave the Republican party, Ben Selling, progressive Republican nominee for United States Senator, has taken the same position as Senator Borah, Governor Deneen, Governor Hadley and other leading progressives of the country. With them he believes that the reforms demanded by the people can best be accomplished within the Republican party—the party of performance. And in taking this stand he has not compromised his progressiveness in any way. Does any one, even the most rabid so-called progressive, question the progressiveness of Senator Borah?  
The Story of Mary.  
Little Mary started to school, slate and pencil in hand. By and by she stopped the use of the slate, and the "tablet" was substituted. She also dropped the "r," and "May" was her new name.  
High school days increased her knowledge and also her name. It appeared "Mayme."  
College days followed, and the little notes reached home signed "Mae."  
College days have passed and gone, and in a home of her own they call her "Ma."  
If it happened it is in the Enterprise.

## Lay in A Supply

DON'T run the kitchen in hand-to-mouth fashion. Nothing is gained by running low on groceries; you can buy to better advantage in quantities, and you pay less than if you bought in pints and pounds. Besides, you are not continually running out of something just at the time you need it.  
Why not make up a list today that will cover your every-day needs for a week or month and leave only the perishable things to order from day to day.

## MCGRAW CONFIDENT OF BEATING RED SOX

NEW YORK, Sept. 27.—Now that the New York Giants have elected themselves to a second term as champions of the National League by defeating Boston twice yesterday, Gotham fans and fanettes today predicted that McGraw's men will walk away with the world's championship. New York and Chicago each have nine games to play before October 6, when the National league season legally closes, but the Cubs will now win all of their games and New York lose all without a displacement of the Giants from the head of the list.  
Although he was not boasting, Manager McGraw is confident that the Red Sox cannot repeat the dose handed out to his men last year by Connie Mack's Philadelphia Athletics.  
"I am not making any predictions," McGraw said today, "but the boys are confident. We have had experience in one world's series, and this time it won't look like such a big event. I expect the Giants to win the series, but slippups of course, are always possible."

## ELEVATING THOUGHTS.

The epochs of our life are not in the visible facts of our choice of a calling, a marriage, our acquisition of an office, and the like, but in a silent thought by the wayside as we walk; in a thought which revises our entire manner of life.—Emerson.

## "BIG BUSINESS" IS GIVEN HARD JOLT

"Will you please cash this check for me?" asked a nice looking young man of the cashier of a Main street restaurant Friday.  
"Sure," said the cashier, who had never refused such a favor.  
The check was presented. It called for \$300,000.  
The cashier said he did not have the money in the house. The customer became angered. He said he was not being given a square deal. He called the cashier a mollycoddle, and said "big business" was being hit all over the country. While he was still condemning the poor, and telling what a hard time the rich were having, the cashier called E. L. Shaw and Jack Frost, who took the writer of the check to jail. He said his name was John D. Weakly, and that he had escaped from the insane asylum at Salem about two weeks ago. He was returned to the asylum Friday night.
