PLANE BUCKLES IN TEST FLIGHT

Machine Collapses as Men are Com-
ing to Earth—One Instantly
Killed, Other Soon
Dies

WASHINGTON, Sept. 28.—Two more lives were sacrificed to aviation at the United States aviation field, College Park, Md., near here, late today, when an army aeroplane fell 35 feet to the ground, instantly killing Corporal Frank S. Scott, and so seriously injuring Second Lieutenant Lewis C. Rockwell that he died later.

Hundreds of persons, including fellow army officers attached to the aviation school, witnessed the tragic accident. When they reached the scene Corporal Scott was found dead several feet from the wrecked machine, while Lieutenant Rockwell was near by, fatally injured. The lieutenant was taken to the Walter Reed Army hospital here, where he died this evening.

Lieutenant Rockwell had started up with Corporal Scott as a passenger to make a test flight in his trial for a military aviator's license. They had been in the air about eight minutes and at a height of about 500 feet began gliding down. About 35 feet from the ground the aviator turned the machine upward again and something went wrong. The aeroplane buckled and crashed to the ground, reduced to a heap of wreckage.

Scott and Rockwell were hurled several feet from the machine. Brother officers, acting as officials in the test flight, picked up the men. Scott was lifeless, his clothes torn, from him and his bones broken. Rockwell's head buried in the earth, showed signs of life.

Officers who witnessed the accident were at a loss to account for it.

The last day of the Clackamas County Fair was successful in every respect. The officers of the fair are delighted not only with the attendance, but the exhibits and interest which has been taken by the citizens of Clackamas County. Secretary O. D. Eby issued the following statement Saturday:

"The directors and management are delighted over the attendance and patronage from the people, and also over the exhibits from all classes which far surpass anything that has been exhibited in the past. We feel that this was one of the most successful fairs ever held, both from the standpoint of attendance and exhibits and also gate receipts. The management was especially pleased with the attendance on German Day, and with the program which was furnished on that day. We wish to thank every person who assisted in the success of the fair in any way. We sincerely hope that next year all who so ably assisted us this year in a financial way, will come to the front to assist the next year's fair. We say again that we wish to thank all who assisted us in any way to make the Sixth Annual Clackamas County Fair such a success as it was."

The Oak Grove Girl's Band gave concerts throughout the day. In the morning, the judging of the cattle, swine, sheep and goats was finished. A stock parade was held on the race track. The Canby band, led by W. H. Bair, played throughout the day, and furnished music at the races. Dr. James Withecomb, of Oregon Agricultural College, spoke briefly on the principals of stock raising.
