LIVE STOCK MARKET HAS LITTLE STRENGTH

Three carloads of cattle, eighty-four head, and one boat load of hogs, fifty-one head, comprised the receipts at the yards in Portland Saturday, and with little material for the trade in sight the market during the half-day session was a quiet affair. Most of the beef stock brought in was disposed of before noon, and with the stuff for the most part grading short of the prime the prices paid were in line with the quality of the offerings. The steers sold brought \$6.50 to \$6.60 and the cows and heifers \$5.25 to \$6. Good grade steers sold up to \$7.10, and at the close Saturday the cattle market on the whole was counted about steady at the prices quoted. In the sheep market values appear to have receded somewhat, the result, in part at least, of the marketing of a good deal of unfit stock lately. Best wethers for the time hold at \$4 to \$4.50, ewes at \$3.50 to \$3.75, and fancy lambs at \$5 to \$5.50.

Calumet. "Calumet," supposed to be an Indian word meaning "pipe of peace," was wholly unknown among the savages. It is Norman and signifies in general a pipe. The pipe of peace was a "gnowndoo," among the Iroquois and a "pogon" among some other tribes. The Algonquians called it "pogan," the Winnebagoes "tahnneho" and the Dacotahs "chaidonhoona."

The Best Light at the Lowest Cost. ELECTRIC LIGHT is the most suitable for homes, offices, shops and other places needing light. Electricity can be used in any quantity, large or small, thereby furnishing any required amount of light. Furthermore, electric lamps can be located in any place thus affording any desired distribution of light. No other lamps possess these qualifications, therefore it is not surprising that electric lamps are rapidly replacing all others in modern establishments. The Portland Railway Light & Power Co.
