Trust Organizer Asserts that He Never Expected Any Return and None Was Received

WASHINGTON, Oct. 3.—J. Pierpont Morgan told the senate campaign committee today that while he had contributed \$180,000 to the last two Republican Presidential campaign funds, the gifts were made "without expectation of return."

After saying he had contributed \$150,000 to the fund of 1904 and \$30,000 to the fund of 1908, Mr. Morgan turned to the committee and exclaimed earnestly:

"I want it distinctly understood that J. P. Morgan & Co. never made a subscription to any election, with any promise or expectation of anything or return in any way, shape or manner and we never made without we deemed it advantageous for the Government and people. We never had a communication from any candidate for money and anything that we did or that was done under my suggestion—and we were all in harmony—was what was necessary for the good of the country and the business of the people. There was never any expectation of any return and we never got any return either, from anybody."

This statement followed a series of questions by Senator Pomerene as to whether New York financiers had conferred and ascertained the attitude of various candidates toward business before making contributions.

LONDON, Oct. 3.—Peace has been declared between Turkey and Italy. Under the agreement of settlement Turkey abandons sovereignty over Tripoli, the Sultan retaining only the spiritual claims.

ST. PETERSBURG, Oct. 3.—The Russian government has received information that the Bulgarian troops are crossing the Turkish frontier tonight.

CONSTANTINOPLE, Oct. 3.—The War Minister, Nazim Pasha, has been appointed Supreme Commander of the Turkish troops.

Reliable information reached here tonight that the Balkan ultimatum demanding autonomy for Macedonia would be delivered Monday.

In view of the gravity of the crisis the government contemplates adding to the Cabinet two or three members without portfolios.

Persistent rumors are current that hostilities have begun on the Bulgarian frontier north of Kirk-Killeseh, but the Porte declares it is without news. Bulgarian excesses against the Turks are reported from Varna, Aidos, Burgas and other places.

Thirty Turks have been killed and many wounded, according to this report, and several villages looted, bombs being employed in some cases.

The Samian leader, Sofoulis, late adviser say, has proclaimed a republic in the Island of Samoa, with himself as president.

CALIFORNIA BARS ELECTORS FOR TAFT

SAN FRANCISCO, Oct. 3.—The State Supreme Court, by a unanimous decision handed down here today, refused to make permanent the alternative writ of mandate by which the Taft Republican state committee sought to place Taft electoral nominees on the November ballot.

As the Taft supporters did not avail themselves of the opportunity to secure a place by special petitions and as the time for filing petitions has expired, no votes can be cast in California for President Taft at the November election unless they are written in.

MAX TELFORD WILL NOT BE CANDIDATE

Max Telford, pioneer Bull Moose worker of Clackamas County, has declined the nomination for joint representative in the Seventeenth Representative District. Mr. Telford's letter of declination to George Arthur Brown, Chairman of the Oregon State Central Committee, Progressive Party, is as follows:

"As I have the best interests of the Progressive Party at heart, having been one of the original members of the same, and having taken an active interest in all of its conventions, I regret that I was nominated as joint representative of the Seventeenth joint representative district of Oregon at the mass meeting between Clackamas and Multnomah counties held in Portland, Oregon Saturday September 28, 1912, and as I am in the movement from the standpoint of principal rather than for office, I believe that I can do better work for the success of the cause, as a private citizen in the ranks, and I therefore hereby decline the nomination."

D. C. ROBBINS' FATHER DIES AT AMITY HOME

J. H. Robbins, a well known Oregon pioneer, and father of D. C. Robbins, formerly connected with the Oregon Commission Company, of this city, died recently at his home in Amity.

Mr. Robbins was born in Decatur county, Indiana, September 2, 1833, and was married to Hester Minnock, January 12, 1855.

In 1862, with his wife and three small children, he crossed the plains by oxteam, settling at what is now Baker City, where his wife died.

In 1864, he was married to Mary Margaret Harvey and located near Bethel, Or., and while living there, perfected a patent on the combined harvester which is being used extensively throughout the Northwest.

He resided in Portland from 1877 to 1888. Afterwards he became interested in the Robbins-Elkhorn mine near Baker City, where he remained until 1895. The last few years of his life were spent on his farm near Amity. He is survived by his wife and five children—Grant, of Bager City; Dan C. and Elmer E. of Amity; W. A., of Portland and Estella M., now Mrs. F. C. Gillespie, of Portland.

J. W. HIATT SERIOUSLY INJURED IN RUNAWAY

J. W. Hiatt, a well known resident of Mount Pleasant, had a narrow escape from being killed Wednesday in a runaway. Mr. Hiatt was in company with a man and his wife, who had come to this city for the purpose of buying a farm, and the three were passing along the South End road above Canemah in the Hiatt buggy, when the horse "dinged" driven by Mr. Hiatt became frightened at an umbrella. A large furniture van was in the road ahead of the horse driven by Mr. Hiatt when it became frightened and threw the occupants out of the buggy, the wheels passing over Mr. Hiatt. He was rendered unconscious, but was soon resuscitated and brought to Oregon City. The other occupants of the buggy were uninjured. The horse, after going a short distance, stopped and was brought back to Oregon City hitched to the buggy which was somewhat damaged by the collision with the van and the bluff. Mr. Hiatt is suffering from an injured leg and a cut on his head.

MOLALLA IN LINE FOR REPUBLICAN TICKET

One of the most successful meetings held by the Republican candidates for county offices was that at Molalla Thursday evening. The hall was crowded, and the candidates made a fine impression. Senator Walter A. Dimick was to have been one of the speakers, but because of an engagement made several weeks ago he was unable to attend. E. C. Hackett, candidate for Sheriff; J. F. Nelson, candidate for Assessor; E. P. Dedman, candidate for Recorder and Gustav Schnoerr and Chris Schuebel, candidates for representative in the State legislature made addresses. They declared that they would do their best to serve the interests of the county, if elected. The candidates say the sentiment throughout the county is largely in favor of the Republican ticket.

SALOON MAN ACQUITTED OF ASSAULT CHARGE

Fred Ford, formerly of Portland, who was injured in being ejected from the Hub Saloon here last Friday night, made a hard, but unsuccessful fight to have F. E. McConnell, owner of the saloon, convicted of assault in City Recorder Stipp's court Friday afternoon. Ford demonstrated that he was thoroughly familiar with court procedure, and was profuse in his suggestions to City Attorney Story, who prosecuted. The evidence showed that Ford, upon entering the saloon demanded a drink, and McConnell, announced that he would not give him one. McConnell said that Ford became abusive, and that he was compelled to eject him. In being pushed out of the door Ford's left hand was cut on a plate glass. W. A. Dimick represented the defendant.

WORK ON MAIN STREET CONTINUES

HARD SURFACE PAVEMENT DEMANDED BY MAJORITY OF PEOPLE

INJUNCTION HEARING POSTPONED

Improvement Would Enhance Value of Property so Cost Would not be Felt by Property Owners

Despite an effort to stop the work of improving Main Street from Moss Street to the Abernethy Bridge, with hard surface pavement, which is desired by a large number of the owners of property on the street, the work is progressing rapidly. M. Griffin has sued; the Montague-O'Reilly Company, which was awarded the bid, asking for a restraining order. The plaintiff will also seek a perpetual injunction against the company. Circuit Judge Campbell was to have heard argument in the case Thursday night, but Attorneys Stipp and Story, representing the city, and C. D. Latourette, representing the plaintiff, who owns lot one, block seven, agreed to a postponement of the hearing.

The City Council did not authorize the improvement of the street until the majority of the property owners had announced themselves in favor of it. Opportunity for the filing of remonstrances was given, and the usual procedure for the improvement of streets was adhered to in every particular. It is generally agreed that the street should be hard-surfaced, and business men say the improvement will so enhance the value of the property that the cost of the street work will not be felt by the property owners. It is believed that the improvement will result in many business men locating in that part of the city.

CANBY LODGE A. F. & A. M. WILL LAY CORNERSTONE

HILL ELEVATOR IS ALMOST ASSURED

DECISION TO HAVE PROPOSITION ON BALLOT IS ENCOURAGING

PROPERTY VALUES WOULD ENHANCE

Increased Taxes Expected Soon to Pay for Improvement—Merchants Would Be Beneficiaries

The City Council having adopted a resolution providing that the residents of the city at the coming municipal election vote upon a proposition to erect an elevator at the bluff, it is confidently believed that it will be carried by a large majority and that the residents of the hill section will have the much needed convenience within a year. The proposition was voted upon at the last election and was lost because it was connected with other propositions on the ballot which were unpopular. This time it will be voted upon separately, and it is believed that the sentiment is almost unanimously in favor of it. Councilman Tooze, a member of the street committee said Thursday night, that the action of the council in adopting the resolution must not be construed that the council favored the project. He said, however, that the council believed it had it meritorious aspects, and that the body believed it was nothing but right that the people be given a chance to vote upon it. It is planned that the city spend not more than \$12,000 in building the elevator. The cost of maintenance would be small. There is no question that the erection of an elevator would greatly enhance the value of property on the hill and that the additional taxes accruing from a higher assessment would in a few years pay for the improvement. It also would be a boon to merchants of Main Street.

Among those taking an active interest in the enterprise are W. L. Mulvey, W. A. Dimick, T. P. Randall, R. E. Woodward, J. E. Hedges, O. D. Eby, George Randall, S. P. Davis, John Albright and Fred J. Meyer.

HADLEY FOR TAFT. JEFFERSON CITY, Mo., Oct. 3.—Governor Herbert S. Hadley, at a Republican rally tonight, said he had received assurances that President Taft would support the reforms Hadley had outlined in St. Louis, and declared he would support the Republican ticket.

Tested Eyes Free

Is Your Child Backward at School?

Possibly the whole trouble lies in DEFECTIVE EYES—the brain may be waiting and ready, but the eyes cannot feed it with knowledge. Thousands of "backward" pupils have been able to "go ahead" when their eyes were corrected by proper lenses. Or your child may be making progress, but under an EYE STRAIN that will soon tell on the nervous system. Better Bring the child to us, so that we may know there is nothing the matter with the eyes, or have what is wrong made right.
