Among the varieties he has are the King, Rome Beauty, Seek No Further, Newtons, Spitzenburgs, Rhode Island Greenings, Mann, Ben Davis, Baldwin, Ortlay and others. He is finding a ready market in Portland for his Himalaya berries that are still ripening on his farm.

Oldest Hospital in Europe.
Perhaps the oldest hospital in Europe is the Hotel Dieu, in Paris, which is said to have been founded in 660. True to its device, "Medicus et hospes," not only the sick, but also pilgrims and mendicants, regardless of age, sex, condition, creed or nationality, were admitted at all hours of the day and night. No regulations controlled their admission or departure. It was the most important of the forty-eight hospitals which existed in Paris in 1788 and in which during that year (according to the report of the commission consisting of Bally, Tenon and Lavosier) 35,000 sick and poor were cared for.—Dietetic and Hygienic Gazette.

The Difficult Pursuit.
There's plenty of happiness in sight, but getting it is another proposition.—Atlanta Journal

The Kind He Knew.
One of the lessons at an east end school was reading from the daily paper. Recently one pupil put the sentence, "The king and his escort passed by."
"Now, boys," asked the master, "do any of you know what the word 'escort' means?"
The class thought deeply, and then one grubby little paw was waved violently aloft.
"Yes, Jimmy," said the master, "tell me what it is."
"Please, sir," cried Jimmy in triumph, "it's a fellow what's got a girl, an' 'er takes 'er out walkin'!"—Boston Post.

CORRESPONDENCE
LOGAN

Once more Logan has demonstrated its ability to hold first place on the map or any other old place. Even some of our babies came home with blue and red ribbons. Little Mabel Kirchem won the Anderson prize for prettiest girl baby over one and under two years. The juvenile fair was a success too, and we hope to see it carried on and extended to even the remotest nooks and corners of the state, so that every boy and girl can have a part in it and be benefited by the spirit of competition and the incentive to better effort caused from it.
