PROSPERITY HERE SAYS RAIL CHIEF

President of the Pennsylvania Sees Record Good Times Ahead.

PROMISES ENOUGH CARS

Declares He Will Provide Plenty of Chances to Move Products.

From the Chicago Tribune, Sept. 16, 1912:

Pittsburgh, Pa., Sept. 16.—(Special)—Prosperity that will eclipse anything the nation has ever enjoyed is what James McCrea, president of the Pennsylvania railroad, sees in the future. McCrea came to Pittsburgh last night. Asked what he thought of the business situation, he said: "Prosperity—what it is here! Every body can see that. The pulse of the whole country is beating to the rhythm of happier times. And we are just entering the new era of prosperity."

ALL SIGNS POINT TOWARD PROSPERITY

Tremendous Business in Sight Which Should Not Be Checked.

From the Gary, Ind., Tribune, Sept. 11, 1912:

Orders on the books of the United States Steel corporation as of August 31 called for 6,163,375 tons of material. This figure represents an increase of 206,296 tons over the amount booked a month earlier. It is also the largest amount of business shown since the corporation began issuing monthly reports of its orders, and has not been exceeded in the quarterly statements since September 30, 1907. The largest amount of business the corporation ever reported was 8,489,719 tons on December 31, 1906. Since the beginning of this year the business on the order books has increased from 5,084,761 tons and during a large part of the period the mills have been running close to their productive capacity.

This means everything to Gary for the next year. If the steel companies cannot keep pace with their orders, with all the plants running at practically full capacity, the time is at hand when extensions will be in order, and Gary is going to get its share of the extensions.

Elsewhere in this issue, the Tribune prints a remarkably "boonish" series of interviews with New York bankers. They are worth reading.

It all goes to show that general business is going to be tremendous for at least a year to come, and Gary is in position to get its full share of the good things bounteous times are giving out.

"HAIR THAT GIVES FATHER TIME THE LAUGH"

We are just about as old as we LOOK. People judge us, by the way we LOOK. The man or woman with grey hair is beginning to get in the "Old Timer's Class." This Twentieth Century does NOT want GREY hair—it wants the energy of Youth. The big things are being done by the YOUNGER generation. There's a sort of "Has Been" look about those "Grey Hairs." There is always one to criticize and smile scornfully. Father Time is a stern disciplinarian. Get the best of him. Give him the laugh. Do not be a "Has Been." It's unnecessary. Use HAY'S HAIR HEALTH.

HOP GROWERS WAIT FOR BETTER PRICES

Many of the hop growers of this county have not sold their hops, as 15 cents is the highest price that has been offered. They will wait for better prices. This year's crop was good Gebhardt's seven acres producing almost ten pounds to the bushel. The potato crop is unusually large. The heavy rains of August and September did much damage. From the latest returns the Oregon yield will be about 16,000,000 bushels. The increase this season is due to increased acreage and a greater yield per acre. Conservative estimates place the potato yield in Oregon this season at an average of 250 bushels an acre while some sections have an average of 250 bushels an acre.
