DEMOCRATS FOR TAFT.

One of the most encouraging features of the campaign is the fact that thousands of Democrats have announced their intention of supporting President Taft and the Republican ticket.

These Democrats are convinced that the election of Professor Wilson means a savage assault by the Democratic party upon the protective system under which the United States has developed unequalled prosperity. They do not want to experience a repetition of the disastrous times which happened when the Democratic party was last in power.

With these men it is not a matter of politics but a matter of self preservation that leads them to support President Taft, whose re-election assures a continuance of prosperity. This being true, it is important that all Republicans should recognize the fact that the only way to defeat Woodrow Wilson is to vote for President Taft. Democratic business men and farmers all over the country show that they appreciate this fact and are determined to take no chances. Republicans should do likewise.

STENCH OF KEROSENE.

Try as hard as he may, Senator Bourne cannot expunge the stench of kerosene from his political garments. He has been designated the intermediary for the Standard Oil Company and the White House authority during the administration of Theodore Roosevelt by no less authority than Roosevelt himself. And Roosevelt ought to know. He was president at the time the Standard Oil Company was seeking to avert prosecution by the government under the Sherman anti-trust law. It was then that Bourne took Archibald, of the oil company, several times to the White House for conferences with

Roosevelt. Does anyone think for an instant that Bourne at these conferences was attempting to convince Archibald that the Oregon plan of direct legislation was just about the thing the Standard Oil Company and other large monopolies needed in their business? We think not.

"Stone Walls Do Not a Prison Make" While the Game Is On

Photo by American Press Association.

LIFE at the Ohio state penitentiary in Columbus has been made less irksome to the convicts by the establishment of a baseball league within the walls. This reform in prison discipline is due to the warden, T. H. B. Jones, with a view to keeping the men in good physical condition and to furnishing an incentive to good behavior, for only the good conduct men are allowed to play or to watch the games. The warden acts as umpire, and it is scarcely necessary to remark that his decision on a close play "goes." The photograph was taken at a game at which three condemned murderers awaiting execution were spectators.

Followed the Prescription. Lady of House—What caused you to become a tramp? Ragged Rogers—The family physician, mum. He advised me to take long walks after my meals, and I've been walking after 'em ever since.—Boston Transcript.

Suggestive Questions in Sunday School Lessons

The Morning Enterprise is a prime necessity and unless you order at once you may be left out without a paper from which to cut the coupon certifying that the necessary reading has been done. If you have not already ordered the paper, had better do so, and if you have, what better blessing could you confer upon some friend than by inducing

CANBY MAN HAS RECORD HAY CROP

William Bridge, of Canby has 41-2 acres of clover, from which he cut fourteen tons of hay the first cutting and three and one-half tons from two and one-half acres of it the second cutting, making 17 1-2 tons all told. Two acres of the field was used for pasture after the first cutting and the crop would have exceeded 20 tons. At the present market price of clover hay this would mean \$50 and acre—and hay is a cheap crop to handle.

Labor Won't Countenance War Between Germany and England

By J. KEIR HARDIE, Labor Leader of the House of Commons, England

THERE IS NO DANGER OF WAR BETWEEN ENGLAND AND GERMANY, unless those who have motives in keeping up the agitation over the subject and force one upon the two countries. LABOR IS OPPOSED TO WAR. It will not stand for it, nor will it be deluded into fighting for capital in the event of trouble.

THE LABOR INTERESTS OF THE TWO COUNTRIES ARE JUST AS PATRIOTIC, IF NOT MORE SO THAN OTHERS. BUT LABOR WILL NEVER STAND FOR A MANUFACTURED WAR FOR CAPITALISM OR BY CAPITALISM.

It is proposed to call a general strike in the event of war. A STRIKE OF ALL PRODUCING ORGANIZATIONS OF WORKINGMEN, to prevent the furnishing of supplies and munitions of war. And it is further hoped that such action taken in advance by labor may have the effect of preventing even any further talk of war.

It would CRIPPLE THE ARMIES OF EACH COUNTRY in case of war.

This is a daring scheme, but one which will be a great BENEFIT TO BOTH COUNTRIES.
