#### ADVERTISING TALKS No. 1

(By Ralph Kaye.)

Why should people buy your goods of your competitors? You know yours are better, but do you tell people WHY they are better

in your advertising? People nowadoys look to the advertisements for information on the goods they want to buy and for suggestions as to what to buy. This saves them from calling only on the stores that carry the want. When jeople turn to the advertisements for suggestions and ideas -they are in a receptive mood. Their minds are open-they want some

You practically have a Virgin Field that needs Seeds of information. Are

# The Best Light at

## the Lowest Cost

LECTRIC LIGHT is the most suitable for homes. offices, shops and other places needing light. Electricity can be used in any quantity, large or small, thereby furnishing any required amount of light. Furthermore, electric lamps can be located in any place thus affording any desired distribution of light.

No other lamps possess these qualifications, thererore it is not surprising that electric lamps are rapidly replacing all others in modern establishments.
