RECOVERY OF T. R. ALMOST ASSURED

ASSASSIN'S BULLET FRACTURES ONE OF COLONEL ROOSEVELT'S RIBS

VICTIM'S WIFE IS AT HIS BEDSIDE

Physicians Say It Will Be Four or Five Days Before Ex-President Can Breathe Easily

CHICAGO, Oct. 16.—After a day of ceaseless vigil, Colonel Roosevelt's physicians tonight could say no more than that his condition was virtually unchanged. Indications, they said, favored the speedy recovery of the ex-president from the effects of the bullet which struck him down in Milwaukee Monday night.

A rise in temperature and pulse late in the day, however, made his condition for the time being somewhat less favorable.

The fact that a rib was fractured, which was not disclosed until today, added to the feeling of uncertainty. Not before Friday, if all goes well, will the physicians be prepared to say that their patient is out of danger. The intervening period will be required to determine whether blood poisoning or other complications are to be feared.

Theodore Roosevelt, Jr., after a talk with his father and a consultation with the attending surgeons, expressed the feelings of those about the ex-president.

"It will be four or five days," he said "before father can breathe easily."

Colonel Roosevelt spent a quiet and apparently care-free day, seemingly the least concerned of all. He was buoyed up by the cheerful appearance of Mrs. Roosevelt who arrived early in the day from New York and remained with him constantly. He felt no pain, he said, and moved about as will on his bed, reading, dictating telegrams or talking with members of his family. In the afternoon he slept for a time.

WILLAMETTE CLUB TO GIVE BIG DANCE

A record breaking attendance is expected at the last dance of the 1911-1912 series of the Willamette Club at Busch's hall this evening. All members are expected to be present and each member has been given the privilege of inviting one man, who is urged to bring a lady. H. E. Draper, chairman of the refreshment committee, will provide a light luncheon and punch. Mr. Draper at the last dance was complimented by all members for his efficient work. The dessert which consisted of ice cream and lady-fingers, was especially appreciated. Parson's orchestra, of Portland, will furnish the music, and a large number of persons from Portland will be in attendance. The committee on arrangements, composed of Dr. Clyde Meent, H. E. Draper and M. D. LaCourrette, announces that the dance will be one of the most successful ever held by the club.

MRS. PACE OPERATED UPON IN PORTLAND

Mrs. O. A. Pace, who was removed to the Good Samaritan hospital a few days ago, underwent a critical operation Friday evening at the hospital. Dr. M. C. Strickland, one of the attending physicians, says Mrs. Pace will recover.

FENWAY PARK, Boston, Oct. 16.—

By miffing an easy fly ball in the tenth round, Fred Snodgrass today cost New York the championship of the world and Christy Mathewson one of his greatest games. The Red Sox, hopelessly beaten, rallied again in the face of this ghastly break by the Giant's outfielder and finally fought their way across by the margin of a run, where, with good support, Mathewson would have drawn a shutout. It was a heartbreaking battle for the Old Master, who stood through the game, through uncertain support as only a marvel of heart, brain and arm could have stood.

First Inning.

PORTLAND, Oct. 16. (Special)—Judge Stephen A. Lowell, in an address here tonight declared that Ben Selling would be elected United States senator by a large plurality. Judge Lowell deplored the shooting of Colonel Roosevelt, but declared that the campaign must continue.

"Ben Selling is the regular Republican nominee," said the speaker, "and no Republican patriot can honorably deny him support. Mr. Selling's record for sixteen years, which covers the period of his political activity has been that of a sincere and consistent progressive. He has long been president of the Oregon People's Power League. He has supported the direct primary, the initiative and referendum, election of senators by direct vote of the people, the presidential preference law, and all measures for which state and national progressives stand."

HARDING FENCE IS RAZED BY TRAIN

George A. Harding learned Wednesday that sacks of cement on a Southern Pacific train, which broke down the fence to his rear yard were consigned to his son, Carlton B. Harding, resident engineer of the Oregon Electric Company at Eugene. The bags of cement protruded from the car raking down several yards of fence. Mr. Harding made complaint to the railroad company, and after an investigation, the company decided to erect another fence. It was not known at that time, however, to whom the cement was consigned. The shipment was delayed a day or two by the accident, and meanwhile, Carlton B. Harding, who was superintending a big piece of railway work was anxiously waiting for the cement. Upon communicating with his parents he was informed of the fence having been razed, and of the cement having been scattered in the yard.

"Why that was my cement," said Mr. Harding. "That's the cement I have been waiting for. I noticed when it arrived that there was a shortage. However, I guess I won't charge my father and mother for that which was spilled in their yard."

They were married in Portland, July 21, 1905, and plaintiff alleges her husband deserted her October 1, 1906. Anna Wentzy seeks a decree of divorce from Eugene B. Wentzy. They were married in Kinbar, South Dakota, October 18, 1892. The plaintiff alleges her husband deserted her March 23, 1911.

WISE ORCHARDIST GETS HIGHEST PRICE

T. C. Thomas of Mount Pleasant, has demonstrated that there is a big demand, at a good price, for good apples grown in Oregon outside of Hood River, despite an alleged prejudice against them by many of the Oregon dealers. Mr. Thomas' South Dakota, October 18, 1892. The plaintiff alleges her husband deserted her March 23, 1911.

The elder Mr. Thomas, who had not accompanied his son to the commission house, later went there, and representing himself as a grocer, asked the price of Gravenstein apples. He was informed that he would have to pay \$1.25 a box. He then took his apples to the Portland hotel and was given \$1.25 for them and informed that the hotel would purchase all he had. The Oregon City Commercial Club is interested in the transaction, and its members declare that growers of this county by following the example set by Mr. Thomas could get the highest price for their best fruit.

BAPTISTS SEEK MISSION FUND

ANNOUNCEMENT MADE AT STATE CONVENTION THAT \$3,000,000 IS DESIRED

DENOMINATION IS WARNED OF CRISIS

Dr. Woody Declares That the Church Must Preserve Its Independence—Fine Program Today

The Baptist denomination is in one of the greatest crises of its history," said Dr. C. A. Woody, of Portland, who spoke at the state Baptist convention, being held in this city, Wednesday afternoon. "There is a movement on—unknown to many, but none the less real—which is, in a measure changing our character. The problem of this crisis is this: To preserve our independence and safeguard the freedom of the local church while at the same time so unifying our forces as to properly increase our efficiency. We need liberty and coherence." The speaker's subject was, "Affiliation with Northern Baptist Convention."

The principal address of the morning was made by Dr. F. P. Haggard of Boston, field secretary of the American Baptist Mission Society. On this trip to the west, however, he represents in addition the American Baptist Home-Mission Society, the Publication Society. He spoke on "The local church in the three million dollar campaign of the Northern Baptist convention." There is a national movement on hand to raise the contribution to missions to \$3,000,000 within three years. When Dr. Haggard finished his conference the delegates present resolved to see that Oregon did her part in this forward advance. The morning session closed with a Bible reading by Dr. W. B. Hinson of Portland.

Luncheon was served to the delegates by the women of the Methodist church.

George L. White, in speaking of the missionary work of the American Baptist Publication Society, said that a Calistoga motor boat, was being made to prosecute Sunday school work in the vicinity of Marshfield. It will be put in charge of Rev. L. Hall, recently pastor of the Marshfield Baptist church.

R. R. FRANCHISE BEFORE COUNCIL

RIGHT TO OPERATE FREIGHT CARS TO BE DISCUSSED AT PUBLIC MEETING

TELEPHONE COMPANY IS ATTACKED

Charge Is Made That Poles are Being Erected Without Permission Having Been Obtained

Residents of Oregon City are urged by the members of the City Council to be present at a special meeting to be held Friday evening, October 25, to discuss the proposed franchise to be given the Portland Railway, Light & Power Company to operate freight cars through Oregon City. The present franchise expires November 10, and the company has urged the council to act upon the matter at once. Councilmen Toose, Albright, Beard, Holman and Horton who were present at a special meeting Wednesday evening, said that before acting upon this franchise it should be discussed thoroughly and that the residents of the city should have some voice in the matter.

The council, upon a motion made by Councilman Toose, authorized the City Attorney to prosecute the Pacific States Telephone & Telegraph Company for alleged violation of an ordinance. The company is accused of erecting several telephone poles without first receiving permission to do so from the council or the street committee. Mr. Toose explained that this had been the custom of various companies and while the council did not wish to make it unpleasant for public companies it was necessary that they observe the ordinance. He was upheld by other members of the council and Mayor Dimick.

An ordinance which will cause the removal of all unnecessary poles on Main street from Moss to the Abernathy bridge was read and passed.

Protests against the appraisements made on Monroe street were heard and a special committee will investigate the appraisements. The council chamber was crowded with residents who own property on Monroe street and it was declared that in many cases the appraisements have been too high.

If it happened it is in the Enterprise.

Only Two Weeks More

In which to buy beautiful Gladstone lots at the present prices and special terms. Many people have taken advantage of our most generous offer to allow then four, five or six years in which to pay for their selection, and have chosen some of the most ideal homesites in Gladstone.

By this means the man of moderate means can pay for his home without "pinching" and by the time his payments are all made, his lots in Gladstone will be worth AT LEAST TWICE WHAT HE PAID FOR THEM.

People have appreciated the genuine worth of this proposition, and during the next two weeks we are going to sell many more of these beautiful homesites. The prices run from \$200 to \$400.
