SAVE YOUR COUNTY.

Of all the measures before the people at the November election none is more absolutely vicious and unjust than No. 348.9 on the official ballot providing for the DIVISION OF COUNTIES. It is bad, unfair and unjust in many ways, but one provision alone is sufficient to condemn it without any further consideration. It provides that in the organization of a new county out of one or more existing counties ONLY THOSE RESIDING WITHIN THE BOUNDARIES OF THE PROPOSED NEW COUNTY MAY VOTE

It Is the Duty of the Worker to Learn to Play. By Dr. CHARLES L. DANA, Neurologist, of New York

WORK is eventually HARMFUL if it is done intensely and intensively with the mind concentrated upon practically one line of activities. All treadmill activity, if it closely and almost solely engrosses the attention, LEADS TO DEGENERATION. Interest in the cultural phases of life, in art, literature, music, social problems, politics, even religion, DISAPPEARS IN ABOUT TEN YEARS. In twenty such interest is almost BEYOND RECALL. This is the present state of mind of hundreds of thousands of EAGER MONEY MAKERS and GET-RICH-QUICK AMERICANS TODAY, and it includes many who simply are conscientiously trying to support their families and secure a competence for their declining years. Even before this the intensive worker who does not wisely divert himself will often have a BREAKDOWN RIGHT IN THE MIDST OF HIS ACTIVITIES. THUS IT SEEMS TO ME THAT IT IS A SERIOUS DUTY ON THE PART OF VERY ACTIVE BRAINWORKERS WHO WORK WITH CONCENTRATION TO LEARN TO PLAY. I REFER ESPECIALLY TO THOSE TO WHOM LIFE AT OFFICE AND HOME IS NEVER QUIET WITHOUT A CONSCIOUSNESS OR FAINT SUBCONSCIOUSNESS OF THE GREAT TASK THEY ARE DAILY ENGAGED IN. ALL THIS APPLIES JUST AS MUCH TO WOMEN, TO THE ANXIOUS MOTHER WHO BRING UP THEIR CHILDREN, WITH EACH CHILD ALL THE TIME ON THEIR MINDS, AND RUN THEIR HOUSEHOLD WITH ADMIRABLE BUT PAINFUL TIMIDITY.

UPON THE PROPOSITION, and if 60 per cent of these be favorable the new county come into existence. The people in the remainder of the county or counties so cut down are helpless, having no voice whatever in the matter, EVEN THOUGH THEY MAY OUTNUMBER THE PEOPLE IN THE PROPOSED NEW COUNTY TEN TO ONE.

If this measure should become a law not a county in the state will escape division.

VOTE "NO" ON NO. 348.9.

LADJOIE PRAISES JOHNSON.

Says Washington's Pitcher is the Greatest Game He Ever Known. Larry Lajoie, Cleveland's great, was asked the other day what he thought about Joe Wood and Walter Johnson as pitchers, and the heavy hitter of the Cleveland club lost no time in telling the following: "Walter Johnson is far and away a better pitcher than Joe Wood," said Larry Lajoie, "but whom there could scarcely be a better judge of pitching. "Wood has been pitching way beyond his ability this season simply because he has had a great team working with him. There never was and I doubt if there ever will be as great a pitcher as Johnson. He simply has so much stuff and speed that if he turned loose his hardest throw with his stuff on it no catcher could get down in time to receive the ball.

"Every ball he throws has stuff on it. Some of the hops his fast ones take are bigger curves than the biggest average pitcher has. I've seen him throw balls up to the plate that didn't look larger than a pinhead. Wood is a good pitcher, all right, but he is simply not in Johnson's class, nor is anybody else. "Wood broke into the league from Kansas City against us in 1908 in Boston. There was a little house out in center field, and we had about seven men who were hitting around 300.

"Wow! What a grand reception he got! First we'd knock a brick out of the chimney, then a few shingles off the roof, then we'd shatter a window pane. We had the little house ready for the wrecking crew to cart away when we got through. "Nobody ever did anything like that to Johnson and never will. When a fellow is coaching off first when he's pitching it's next to impossible to see his fast one. If he didn't have good control he would kill so many batters he would be barred from the league. He'd wreck every club he pitched against. There's next to no chance to duck or back away from his balls. "He hit this kid Martin of the Highlanders on the head last spring with one of his curves or slow balls, and Martin was out for weeks. "Almost any time you get a hit off Johnson don't figure that you're smart. Just figure it that you're lucky—lucky that you happen to make that blind swing in the spot where the ball came. "If all the pitchers in the league were like Johnson the pitcher's box would have to be placed at second base, so one club could get a run without the game going into extra innings."

LADIES' AID PLANS 'EXPERIENCE' MEETING

The Ladies Aid Society of the Presbyterian church met at the church parlors Wednesday afternoon, when arrangements for an experience social were made. An excellent program will be given. The following committees were appointed to arrange for the social: Entertainment, Mrs. Fred Swift, and Mrs. Leon DesLarzes; refreshments, Mrs. W. J. MAJORITY RULE AMENDMENT.

Among the thirty-eight measures, which will appear on the official ballot to be voted on by the electorate of Oregon at the coming election on November 5th, will be the Majority Rule Amendment. This is an amendment to the Constitution of the State of Oregon so as to require a majority of all electors voting at any election to adopt constitutional amendment and pass initiative measures. This measure is proposed for the express purpose of preserving the Initiative Law for the people of Oregon by preventing its over-use by its friends, and by preventing its abuse and possibly its repeal by its enemies. It scarcely admits of argument that the Initiative Law as originally intended by its sponsors, is a most worthy measure. But we find it today "working overtime" in Oregon. We find it being grossly abused and perverted—turned from the purpose for which it was originally intended, namely, to be a powerful weapon in the hands of the people with which to get important and necessary legislation after the same had been neglected or refused by the State Legislature, Governor Woodrow Wilson says: It is to be regarded as "a gun behind the door"—to be used only when the peoples' representatives fail to represent them.

After its eight years of use and abuse we find that it is fast pushing the Legislature into a subordinate and secondary place. Beginning with a few measures and a comparatively small official pamphlet, it has grown until today there are 38 measures to be voted upon, and an official pamphlet containing over 250 pages for the voters of Oregon to grope through in order to arrive at anything like an intelligent conclusion in regard to the proposed measures. What percentage of the voters will take the trouble to give these 38 measures the requisite time and attention in order to vote intelligently thereon? And yet it is the bounden duty of every voter to do so, because in this conglomerate mass there may be important measures affecting vitally all of the people of the state. A large majority of the 38 measures are ordinary matters of legislation which should have gone to the Legislature where members elected by all of the people are paid for the purpose of passing upon the merits or demerits of such measures, and who are at least supposed to be competent to render an intelligent decision thereon. And yet, we cannot expect any change in the number of measures on the ballot so long as we have an unbridled and unprotected initiative law that allows every paid propagandist, every faddist and fanatic who may be able to raise the price with which to hire an army of professional petition circulators to go forth and solicit signatures to a petition at so much per name.

What is there to prevent special interests from initiating measures containing jokers which if let pass, may work untold injustice to the people of Oregon? Will the electorate of Oregon take the time and trouble to study this official pamphlet sufficiently to select the good measures from the vicious ones—the wheat from the chaff, so to speak, and pass favorably on the good ones and reject

CLARK PLEADS FOR TARIFF REVISION

(Continued from page 1) than to conserve the material resources. Mr. Kennedy pointed out that the state board were all Salem men, and that it was only fair to the state that at least one be chosen from some other place than Marion county.

BAPTISTS URGE BUDGET SYSTEM

(Continued from page 1) are adopting it. Owing to lack of system in the making of offerings the convention pays \$300 interest annually on money borrowed, a needless expense should all the churches pay systematically throughout the year. Dr. W. B. Hinson, of Portland, spoke upon "The Message of the Seventy" to a large audience. The women had an excellent program in the early part of the afternoon. Rev. O. C. Wright advised the establishment of a state reformatory where boys could be saved from lives of sin. Mr. Wright also advised a similar establishment for girls. The report of the temperance committee, prepared by Mrs. Dunkin, added a few stirring words advocating the work of the Prohibition party. This was strongly endorsed by those present. The chaplain of the State penitentiary followed with a little anecdote of what made the Governor a
