YOUNG MEN

For Gonorrhoea and Gleet get Pabst's Okay Specific. It is the ONLY medicine which will cure each and every case. It is a safe, reliable, and effective remedy. Results from its use will astonish you. It is absolutely safe, prevents stricture, and can be taken without inconvenience. PRICE \$3.00 For Sale by JONES DRUG COMPANY

"THE HAIRS OF YOUR HEAD ARE NUMBERED" There is a great deal of truth in the old saying. Roots die, vitality gives out. The hair begins to turn grey. This is particularly unfortunate as we are all living in an age when to LOOK young means to fill the YOUNG and IMPORTANT positions. Old fogies go to the background. If you should begin to chalk down every day of your life, the exact number of hairs that turn grey, you would be surprised and soon learn that "The Grey Hairs of Premature Old Age" come on very quickly, if you neglect them. Begin to count, and Use - HAY'S HAIR HEALTH Keeps You Looking Young \$1.00 and 50c at Drug Stores or direct upon receipt of price and dealer's name. Send 10c for trial bottle. F. H. Hay Spec. Co., Newark, N. J. For Sale by Huntley Bros.

Characteristic Snapshot of the Grand Army's New Commander

Photo by American Press Association.

CAPTAIN ALFRED BISHOP BEERS, the new commander in chief of the Grand Army of the Republic, was a soldier at the age of sixteen and served throughout the civil war. He enlisted as a private in the Sixth Connecticut volunteers, and during his military career he was mentioned in regimental orders for bravery and meritorious service in the field and was several times promoted, reaching the rank of captain in 1894. He participated in the campaign against Richmond, the siege of Petersburg, the James River campaign and the capture of Fort Fisher. After the war Captain Beers became a lawyer in Bridgeport, Conn., and was judge of the city court for seventeen years.

GRIFFITHS OBSERVE WEDDING ANNIVERSARY

Mr. and Mrs. George Griffith entertained a few friends at dinner Thursday, the occasion being the sixth wedding anniversary of Mr. and Mrs. Griffith. The house was daintily decorated with pink and red carnations. Those present were Mrs. Clara Moore, Mrs. W. A. Rump and son, Kenneth, of Gladstone; Mrs. Fannie Shadle, Letha Shadle, Catherine Shadle, of Milwaukie; Edwin Griffith and Norma Griffith.

POCAHONTAS ORDER TO GIVE BIG BALL

The order of Pocahontas met at Knapp's hall Wednesday evening and after the business was transacted a social time was had. Dancing was one of the features of the evening. A musical and literary program was given. There was a large attendance. Among the business transacted was the arranging for a grand ball to be given at Busch's hall November 15. Committees were appointed to make arrangements.

Heart to Heart Talks.

By EDWIN A. NYE. GET THE HABIT. When you have boiled down all the advice of all the books and articles respecting the building of a fortune you have this one great fact: Spend less than you earn. There is no other way—no royal road. To get on financially you must save. Add to this fact the other fact that "nothing on earth beats interest on money" and you have the combination which—if you will work it—will make your fortune. But, you say, the 4 per cent which the savings banks pay is not much. Figure a little. Do you know that 10 cents deposited daily at compound interest at 4 per cent amounts in ten years to the tidy aggregate of \$450? Whereat you hasten to start a savings account on 10 cents daily deposit. But hold! Can you or will you keep up that deposit 3,650 times? That's different, eh? Take another example: Suppose you have a good job, good health and determination and you are able to save \$5 per week. How much do you suppose that will produce at 4 per cent in twenty years? \$7,851! Whereupon you ask yourself why do not more persons begin a bank account and make a sure thing of accumulating a fortune? Because of the strain. They will not keep everlastingly at it. A man is not a machine. He rebels at the monotony of regularity. It goes against the grain. He will not form the habit of saving. Perhaps you have tried. You begin with enthusiasm. This week and the next it is easy to spare the sum you have decided upon. But week after next you see something you do not absolutely need, but which you very much want. You miss a week, get behind on your schedule, become intermittent. Finally you grow tired of the self denial and quit, saying: "What's the use?" You have not formed the habit. You do not see that if you will persist in your saving regularly you will finally get the habit and, once formed, you will find as much pleasure in saving money as in spending it. Get the habit. There's every incentive. Get the habit and keep it.

4 Couples Get Licenses.

Licenses to marry have been issued to the following: Myrtle Gates and C. I. Gipson; Estella Odell and Sherman Stone; Grace Tillison and Ernest Schatzman and Edna B. Taylor and Ivan A. Rittenhouse.

GERMANS WILL RACE HERE.

Beaten at Kiel, Foreigners Will Come to America. The German yachtsmen shortly are to send a challenge to the Eastern Yacht club for a match with yachts of the sonder class for next season. Since these races were first arranged they have been held on alternate years and other courses, first off Marblehead and then at Kiel. The last series was sailed at Kiel last year and the American boats won. This was the first time that a visiting team had been successful in foreign waters. Until that series of races each country had won in its own waters. As soon as the race is arranged the Eastern Yacht club will notify other clubs in the country that there is to be an international contest and invite yachtsmen all over the country to build and compete in the sonder class for the honor of defending the prize offered.

FOOTBALL BOX SCORE.

Father Stanton Would Have Plays Indicated, as in Baseball. The Rev. Father Stanton of Ottawa (Canada) college favors keeping a record of what the players accomplish in the Rugby football games in which they play, similar to the baseball box score. If a player made a tackle possibly he would be shown a tackle with a perfect 1,000 percentage. Also the scoring would show how many times each player received the ball and what he did with it when he got it. The kicks to the halves and their disposal of the sphere would also be carefully jotted down and averages made up on them. At the end of each story of the game he would have a summary showing the record of each player. Hal Chase May Be Traded. It is being whispered along the American league circle that Hal Chase will not be seen in a New York uniform next season. According to those in the know, the Highlanders' first sacker will be traded to some club during the winter. It is said that Hal is anxious to get away from Gotham and would welcome a change of scene.

RAIN HALTS DIGGING OF POTATOES HERE

The rain will delay the farmers in digging their potatoes. In many of the sections of Clackamas county there is a scarcity of men to dig the potatoes as well as pick apples. Women are assisting several farmers in gathering their crops.

Some of the late clover and buckwheat, which are now being threshed, have not filled out as that gathered early in the season. In some places where it is damp the threshers are experiencing much difficulty in getting the clover hulled, as the days have been damp and are short.

The hop market has quieted down somewhat, but buyers are still in the field. The growers are firm, and are making no concessions as yet. Mr. Johnson, of Marquam, has sold his crop of hops for 20 1/2 cents a pound. There are a few others in the county that are disposing of their hops. Many of the farmers are holding their wheat and oats.

Chickens are lower than they have been for some time, but eggs are scarce, and commanding a good price. The Seelye grocery store received a big shipment of eggs from the Mount Angel section Wednesday and retailing them at 25 cents a dozen, while fresh country eggs from this county are retailing at forty cents a dozen.

There is no doubt that the farmers who have their potatoes dug are welcoming the rain. The ground is almost too dry to plow. In some sections of the county the grain that has been sown is making good headway.

- POTATOES—New, about 50c to 60c per hundred. POULTRY—(Buying)—Hens 11c; spring 13c, an droosters 8c. The Best Light at the Lowest Cost. ELECTRIC LIGHT is the most suitable for homes, offices, shops and other places needing light. Electricity can be used in any quantity, large or small, thereby furnishing any required amount of light. Furthermore, electric lamps can be located in any place thus affording any desired distribution of light. No other lamps possess these qualifications, therefore it is not surprising that electric lamps are rapidly replacing all others in modern establishments. The Portland Railway Light & Power Co. MAIN STREET in the BEAVER BLDG.
