Mrs. Henningsen heard the men working at the window of the kitchen and going downstairs, saw one man. She had the red light turned on and Policemen Frost, Green and Cooke responded. The men, however, had been frightened away before the arrival of the police. Mrs. Henningsen described the man whom she saw as being about five feet eight inches tall and stout. Wife Seeks Decree.

Bessie Margulis filed suit Wednesday for a divorce from Jacob Margulis. They were married in Grand Rapids, Mich., September 17, 1893. The plaintiff asks to have her maiden name, Bessie Goldman, restored. Cruelty is alleged.

Plated.

Individual plates for table use were unknown to the ancients, who used their meat in their hands or employed the flat wheaten cakes then made on which to hold their victims. They are first mentioned in A. D. 600 as used by the luxurians on the continent, and in the ninth century they had come into common use both in England and on the continent. They were made of wood or some kind of earthenware, the former material being preferred because it did not dull the knives.

Humidity.

Humidity is a term which is coming into general use and is often spoken of without a definite understanding of what it means. It refers always of course to the moisture in the atmosphere, but does not always mean the same proportion. There is at all times some moisture in the air, and the amount, expressed in number of grains to the cubic foot of air, is the absolute humidity, a term seldom used. When we speak of it we usually mean the relative humidity, which is the difference between the amount of moisture in the air and the amount it could hold at the present temperature, if it were saturated— "Preventive Medicine."

Cure For Loss of Memory.

There is a cheap cure for the sudden lapse of memory. You have but to take three deep breaths and the memory returns. The late Canon Fleming put the cure to good purpose. He came up from Bath to Cumberland to preach. At Paddington he injured his wrist. Next day he walked from Paddington to the church. Sick with pain when he stood up in the pulpit and the hymn was being sung, he had forgotten his text and his sermon. He stood in agony until he remembered the cure, of which he had once heard. He took the three deep breaths, and the memory returned. The moral is, breathe freely.—London Chronicle.

HIGH SCHOOL STUDENTS TO PRESENT PLAY

The Oregon City High School students will give a play at the Star theater next Tuesday evening, the proceeds to go to the Athletic fund. Besides four reels of good pictures there will be a quintet by Loraine Oldstrom, Lyle (Baby) Gault, John Damach, Joe Sheahan, Charles Beatie, several choruses of some of the popular airs of the day, and a solo. The Star Theater orchestra of five pieces will furnish the music as well as the High School orchestra. There will be three shows during the evening.

DEMOCRATIC CANDIDATES HAVE RALLY AT VIOLA

The Democratic candidates for county offices spoke at Viola Wednesday evening. The meeting was well attended, and the candidates were listened to attentively. Those who spoke were E. T. Mass, nominee for sheriff; P. S. Noyer, nominee for representative in the legislature; J. E. Jack, nominee for assessor; M. E. Gaffney, nominee for recorder and Gilbert L. One Kind of Sport.

"Now," said the chairman of the recreation committee, "if it will suit your convenience we will conduct you through some of the greatest industrial establishments. I feel that it is safe to assure you that you will find them interesting, if not instructive." "Thank you," replied the distinguished visitor, "but I would really prefer to put in the afternoon witnessing some kind of sport, if you have anything in that line that you consider worth while."

"Very well. We will go out to the race track. There are to be automobile, motorcycle and aerophone races, and there is almost sure to be a serious accident."—Pittsburgh Press.

Obstinacy.

Obstinacy is the mask under which weakness hides its lack of firmness.—Pain.

WHY CONGRESSMAN W. C. HAWLEY Should Be Re Ejected to Congress.

Because Mr. Hawley has had "No in terests to serve but the public inter ests."

Because in point of ability, exper ience in qualifications for the po sition of congressman no opposi tion can compare favorably with Mr. Hawley.

Because to large abilities and effi ciency is added Mr. Hawley's repu tation for honesty, moral manhood and a character without blemish.

Because he was born in Oregon, knows her needs and has secured millions of dollars for public improve ments in the First District.

Because he does not spend recesses between sessions in Congress in idleness but travels thousands of miles annually over his district conferring with his constituents and learning their needs and opinions that he may better serve and represent them.

Because it has been proven that Mr. Hawley is able, efficient and suc cessful and has large plans for the people which he can complete in an other term.

Because he has reached an influ ential position in Congress after years of hard work on committees on Agri culture and Labor, and his future labors would bring greater results for Oregon than any new man could hope to secure until after several terms in Congress.

Because without distinction in party affiliation, wealth or position, Mr. Hawley has served all of the people to the full extent of his abil ities.

Because as a public servant he has so labored for progressive legislation beneficial to the people, the State and Nation that Presidents Taft and Roosevelt, his associates in the House, and his constituents gener ally have praised Mr. Hawley in terms similar to those of Governor West, who made the following state ment after a visit to the National Capitol: "In intellect, oratorical abil ity and devotion to the interests of the people, Hawley stands head and shoulders above the great majority of the members of the National House of Representatives."
