OUR NATION.

A nation is not a conglomeration of voters to be represented by hungry politicians empowered to partition the spoils of office, but a people animated by a common impulse and seeking to work out a common destiny. The destiny of America is mutual service. Labor is the cornerstone of our nationality—the labor of each for all.—Emerson

RAIN PLEASES SPUD GROWERS OF COUNTY

Many of the farmers of Clackamas county are rejoicing over the continued rains. The rain will be a great benefit to those who have their potatoes in. The ground in some sections of the county has been entirely too dry to plow for the planting of grain.

WHEN YOUR HAIR BRUSHES OUT

Your hair is as sensitive as your skin—ever more so. It stands up under heavy hats, curling irons, and diseases of the scalp, etc.—But there is a limit. When you comb and brush your hair in the morning, watch for the "TRAILERS" that turn grey, fall out, and comb out with the first morning brush.

When you see that there's something wrong, if your hair is in good health, it wouldn't fall out, nature never intended that. There is something wrong at the root of things—the hair needs a tonic—a restorer. When you see that you take medicine. That is your first thought. Its turning grey, falling out, are both ways the hair has of "complaining of illness." It can't do it in any other way.—DO YOUR PART. Use HAY'S HAIR HEALTH.

Keeps You Looking Young. \$1.00 and 50c at Drug Stores or direct upon receipt of price and dealer's name. Send 10c for trial bottle.—Falo Hay Spec. Co., Newark, N. J.

MANNERS. Manners are of more importance than laws. Upon them in a great measure the laws depend. The law touches them but here and there, now and then. Manners are what vex or soothe, corrupt or purify, exalt or debase, barbarize or refine us by a constant, steady, uniform, insensible operation like that of the air we breathe in. They give their whole form and color to our lives. According to their quality they aid or mara, they supply them or they totally destroy them.—Burke.

Changing Serpents into Rods. The Egyptian cobra is not unlike its Asiatic cousin except in the absence of the curious spectacle-like mark which distinguishes the latter. Although it is the most poisonous reptile known to inhabit northern Africa, it is the favorite among the snake charmers. These conjurers know how to render this serpent rigidly unconscious by pressing the nape of its neck with a finger. This act appears to throw the reptile into catalepsy, in which it is as stiff as an iron rod. Traces of something similar having been practiced in olden times may be found in the Bible, where Aaron made a serpent of his rod or staff.

GENEROSITY. Never be sorry for any generous thing that you ever did, even if it was betrayed. Never be sorry that you were magnanimous if the man was mean afterward. Never be sorry that you gave. It was right for you to give even if you were imposed upon. You cannot afford to keep on the safe side by being mean. Open wide your heart.

If you saw it in the Enterprise it's so.

STOP YOUR SCRATCHING

Why the Huntley Drug Co. Guarantees Zemo to Relieve You. Zemo is effective in eczema because it is made to destroy the living germs or parasites that cause the disease. No preparation that does not do this can cure eczema. Zemo has been successful in the many cases which have come under our observation, because it not only soothes the inflammation and helps relieve the distress, but because it aims also to destroy the cause of the disease and make the relief permanent.

Why Congressman W. C. Hawley Should Be Re Elected to Congress. Because Mr. Hawley has had "No interests to serve but the public interests." Because in point of ability, experience in qualifications for the position of congressman no opposing candidate can compare favorably with Mr. Hawley.

Because he does not spend recesses between sessions in Congress in idleness but travels thousands of miles annually over his district conferring with his constituents and learning their needs and opinions that he may better serve and represent them.

Because without distinction in party affiliation, wealth or position, Mr. Hawley has served all of the people to the full extent of his abilities.

Because as a public servant he has labored for progressive legislation beneficial to the people, the State and Nation that Presidents Taft and Roosevelt, his associates in the House, and his constituents generally have praised Mr. Hawley in terms similar to those of Governor West who made the following statement after a visit to the National Capitol: "In intellect, oratorical ability and devotion to the interests of the people, Hawley stands head and shoulders above the great majority of the members of the National House of Representatives."

Nearly 200 Aviators Hurlled To Death In Last Four Years

LONGSTAFF, MISS QUIMBY, PARMALEE.

ROCKWELL, HOXSEY, BADGER. Photos by American Press Association.

During the last four years of aviation almost 200 lives have been sacrificed, not counting many who were killed while innocent spectators. With the recent death of M. Kondo, a Japanese aviator, at Corning, N. Y., and of Ernst Allg and his mechanic at Johannisthal, Germany, the total number of aviators killed is 197. In September, eighteen men were killed, the largest number in a single month. At the present writing, in October, five have lost their lives, and if this rate is maintained the figures of last month will probably be exceeded. Each year has seen an increase in the number of fatalities. In 1908 one man was killed, in 1909 four, in 1910 thirty-six, in 1911 seventy-three, while for the nine months of the present year eighty-three have perished. Some of the tragic deaths in America include those of Miss Harriet Quimby, Longstaff, Parmalee, Rockwell, Hoxsey and Badger. But the long list of deaths has not deterred the progress of aviation. Indeed, they have been but tragic incidents which have recently spurred other demons of the air to more daring.

Stories from Out of Town

JENNINGS LODGE.

Mr. and Mrs. Stover are enjoying a visit from their sister, Mrs. Audrey Guenther and baby, from Burlington. A very pleasant visit to Jennings Lodge on Monday was enjoyed by Mrs. M. Hilborn and Miss Winnifred Gren, of Portland. They were the guests of Mrs. D. H. Boyle. The ladies were agreeably surprised by a strawberry short cake at luncheon and as evening gathered they bled to their respective homes.

Mr. and Mrs. F. S. Richardson, of Portland, and Miss Jessie McConville, of Woodlawn, have been recent visitors at the Boyle home. Mrs. Boyle and son, Walter, entertain their friends with true Southern hospitality and as Miss McConville was a weekend visitor a number of folks were asked in to dance on Friday evening. At 11 o'clock refreshments were served. Mrs. Boyle and son are recent arrivals at this place, coming here from Louisiana.

Mrs. Edith Truscott was a weekend visitor and attended the funeral of the late Mrs. Rebecca Shenefield after returning to her home in Gresham. Mrs. Robinson, of Winnepeg, Canada, departed for Vancouver, B. C., on Wednesday after spending the summer with her only son Harry Robinson, of this place. She was accompanied as far as Seattle by her son. Mrs. Robinson will visit in British Columbia for a few days before she proceeds to her home.

A. C. MacFarlane returned from Astoria on Saturday, where his business interests had called him for the past ten days. Mr. and Mrs. Vernon Heathman have rented the Pierce cottage on the River front. Mr. and Mrs. Ed Paxton have disposed of their property interests here to Dr. C. L. Maynes, an oculist of Portland. The Paxton family will remove to Capitol Hill this week, having purchased property at that place.

Mrs. E. I. Verily and son returned Thursday from Shelburne and Scio, where they had a pleasant visit. Grafiting indeed is the progress that is being made with the music in our school. While this week was the fifth lesson it is wonderful what the children are doing and the interest which is manifested by the pupils in this line of work. The mothers should visit the school between the hours of nine and ten and see what is being done under the able direction of Mrs. Hayes.

F. D. Newell was a business visitor at Newberg. Corbett Olmstead, of Waldport, was a Sunday visitor at R. Stover's home. The new home of Mrs. Bertha Hart is nearing completion. The painters are busily engaged giving it a coat of stain.

Arthur Soesbe, who has been assisting with the Painton wood saw, was injured on Friday evening, receiving some cuts on the arms, which were dressed by Dr. Strickland, of Oregon City. The home of Mrs. Painton was opened to the Circle on Thursday and also to a delegation of the women of Oak Grove, who are interested in the Suffrage movement. The election of

officers was held in the dining room, which resulted in Mrs. J. Jones as president; Mrs. Wm. Greagan as secretary and treasurer. Mesdames Emmons, DeLong and Shook are the lookout committee, while Mrs. Wm. Cook is at the head of the work department. The Circle then joined about 20 other ladies of the neighborhood, who had been ushered into the living room and Miss Dayton then introduced Miss Wold, of Portland, who gave a talk on the suffrage question. Almost all present were believers in Women's Suffrage, but it was not possible to form a club at this place. The Painton home was decorated with autumn leaves and dahlias. Waters and tea were served. Howard Smith, secretary of the Sunday School and Publishing Society of Oregon, spoke on "How the Sunday School Teachers' Training Work is being Carried on Throughout the State," at the Bible school rally held in Portland on Friday night, and Mrs. H. N. Smith told of the work as carried on by various instructors. This teacher's training course is being taken up teachers of different churches of all denominations and is similar to regular college work with the exception that old Biblical subjects are taken up. The course requires three years and diplomas are presented at the end of the work. Mrs. E. McHargue has recovered sufficiently to attend the W. C. T. U. convention in Portland on Friday evening. Mrs. McHargue was on the reception committee at this convention. Mesdames Jones and McCowan attended the suffrage meeting which was held at Oak Grove on Friday evening. Miss Helen M. Painton has suffered considerable of late with an abscess on her cheek. Dr. Shultz operated on it on Friday and the patient is resting easier. Mr. Jewett who has just completed a cottage at this place, is making preparations now to go into the poultry business. One house, which is 17x150 feet is nearly completed. Mr. Thomas being the builder.

U'REN SHIELDS vs. SHIELDS. Shiveley's Opera House. Saturday Night, October 26. These celebrated leaders for and against the Single Tax issue will meet in joint debate on the Single Tax Issue. Every man who will vote on this question November 5, owes it to himself to hear both sides of this the most important issue in Oregon. Regardless of your convictions, come out and hear these speakers. Debate Will Open at Eight o'clock. Come early if you want a seat. Free to Every One (Paid advertisement)

THE MAJORITY SHOULD RULE. Those opposing the Majority Rule amendment are laying great stress on the point that had this amendment been in force since the adoption of the initiative law, that it would have prevented the adoption of several meritorious bills and amendments which have become the law of the state since the initiative became a part of the Constitution.

These champions of the initiative law in its present unrestricted and unbridled state attempt to prove their argument by citing several measures which have been initiated and adopted by less than a majority of all votes cast at the election at which they were proposed. This they seem to think sufficient reason for continuing the initiative in its present chaotic state.

That some of these measures are indeed meritorious no one will attempt to deny. But the fact that they failed to receive a majority of all votes cast at the election at which they were adopted, proves nothing, because of the conditions under which they were voted upon. They had to take their chances along with dozens of other proposed measures, most of which had no right whatever to be on the ballot.

Nine out of ten papers in the State of Oregon are recommending to their readers to vote "No" on every initiative measure on the ballot this year. Why? Because the ballot has been overlaid with measures that are not of great public interest. There is no question but what there are some measures on the ballot that should meet with the approval of the voters, but on account of the confusion owing to the number of measures, the editors of all these papers in the State of Oregon are recommending voters to vote "No" on every measure. Now, if the Majority Rule Bill should be voted on favorably, there is no question but that for the future the bills that will be placed upon the ballot for the consideration of the voter would be only such measures which by their inherent favorable qualities would be considered by the voter. The initiative is a good thing if not carried to excess. It is carried to excess under its present conditions and should be safeguarded by the passage of the Majority Rule Bill, for which the passage of that bill, measures would still be submitted under the initiative, but only such measures that are of general public good. From the foregoing we recommend that the voter ignore the recommendations of the nine out of ten editors, by voting "Yes" at least on one measure that is submitted to the people at the coming election, namely, the Majority Rule Bill.
