Alligator Skins. The difficulty about raising alligators to supply the demand for the animals and skins is that they do not attain full growth for about 100 years. The skin of the six or seven-year-old animal is available, however, for many practical purposes. There is one on a farm at Palm Beach which measures eighteen feet in length and is said to be about 900 years old. There are several of these farms in operation at the present time, but the industry will not be really profitable until the wild alligators become scarcer.—Exchange.

The Saturnalia. The saturnalia was a midwinter feast of the Romans in honor of Saturn, beginning Dec. 17. On this occasion great license was given to every one to do what he pleased, and even the slaves were permitted much liberty of speech and action. IS YOUR SKIN AFIRE?

STOP THE BURNING OF ECZEMA BY USING THIS GUARANTEED REMEDY

Don't you think it is foolish for you to suffer any longer from Eczema when we can point out people all around you who have secured quick and apparently permanent relief from the use of Zemo? Isn't it doubly foolish for you to hesitate when we back up Zemo with the guarantee that if it doesn't give relief we will give back your money? Eczema probably constitutes fully one-third of the skin diseases of this country. It is the result of a parasite in the skin, and is more or less contagious. The difficulty with many so called eczema remedies is that they only aim at soothing. Zemo is designed especially to remove the cause. It is prepared along antiseptic lines. Zemo is meant to destroy the germs that cause eczema, to soothe and cool the inflamed surface, to cleanse the sores. It is antiseptic. Whether eczema in your case is dry and scaly, or of the weeping variety, or appears in the form of ring-worm, acne, or pimples and blotches, Zemo is guaranteed to give relief—or money back. It is also a valuable remedial agent in healing ulcers, sores and wounds, and to stop the itching and burning of insect bites, nettle rash and hives. It is a pleasant smelling preparation and simple to apply. Price 50 cents and \$1.00. Sold in this community only at our store. The Rexall store, Huntley Bros. Co.

Vote for Millage Bill Number 320 X Yes

It provides six-tenths of a mill tax for support of Agricultural College and University of Oregon, giving them permanent support and taking them out of politics. It also provides one Board of Regents, thus solving the problems of co-operation, consolidation, division of courses and economy of management.

It does not increase the average rate of taxation. It repeals the \$500,000 University appropriation bill.

The Bill is endorsed by Governor West: "This Bill is in the interest of good business and should pass."

By L. R. Alderman, State Superintendent Public Instruction: "Experience in other states shows millage bill principle to be correct."

By Will H. Daly, President, Oregon State Federation of Labor: "No argument can successfully combat the benefit to the state that will follow the adoption of the millage tax plan."

Endorsed by Portland Tax Payers League. Bill prepared by committee of Governor's Commission, Boards of Regents, and administrative officers of the two institutions.

W. K. NEWELL CHAIRMAN OF GOVERNOR'S COMMISSION (Paid Advertisement)

WHY CONGRESSMAN W. C. HAWLEY Should Be Re Ejected to Congress.

Because Mr. Hawley has had "No interests to serve but the public interests."

Because in point of ability, experience in qualifications for the position of congressman no opponent can dilute can compare favorably with Mr. Hawley.

Because to large abilities and efficiency is added Mr. Hawley's reputation for honesty, moral manhood and a character without blemish.

Because he was born in Oregon, knows her needs and has secured millions of dollars for public improvements in the First District.

Because he does not spend recesses between sessions in Congress in idleness but travels thousands of miles annually over his district conferring with his constituents and learning their needs and opinions that he may better serve and represent them.

Because it has been proven that Mr. Hawley is able, efficient and successful and has large plans for the people which he can complete in an other term.

Because he has reached an influential position in Congress after years of hard work on committees on Agriculture and Labor and his future labors would bring greater results for Oregon than any new man could hope to secure until after several terms in Congress.

Because without distinction in party affiliation, wealth or position, Mr. Hawley has served all of the people to the full extent of his abilities.

Because as a public servant he has so labored for progressive legislation beneficial to the people, the State and Nation that Presidents Taft and Roosevelt, his associates in the House, and his constituents generally have praised Mr. Hawley in terms similar to those of Governor West who made the following state ment after a visit to the National Capitol: "In intellect, oratorical ability and devotion to the interests of the people, Hawley stands head and shoulders above the great majority of the members of the National House of Representatives."

The rooms of Miss White's home were formed into a bower of autumn leaves. Leaves also were scattered on the floors, and coffee was made on an improvised brazier in the center of the room. Chestnuts also were roasted. A delicious luncheon was served and songs were enjoyed. The Best Light at the Lowest Cost

ELECTRIC LIGHT is the most suitable for homes, offices, shops and other places needing light. Electricity can be used in any quantity, large or small, thereby furnishing any required amount of light. Furthermore, electric lamps can be located in any place thus affording any desired distribution of light.

No other lamps possess these qualifications, therefore it is not surprising that electric lamps are rapidly replacing all others in modern establishments.
