THE ABANDONED SCHOOL HOUSE Here it stands where brooklet chimes In the hum of the forest wild, Lulled in a dream of the olden times, When the man of today was a child Abandoned, decaying, alone; What somberness broods over all! How mournful the breezes now moan! That sweep through the gloom of its hall! Where the echoes of frolic once rang The voice of the wilderness falls; Where the chorus of children once sang In silence are crumbling the walks. Old paths by the brooklet, it seems, Still faithfully are pressed in the sod How must they yet float through the dreams Of those whose bare feet them once trod Oh, where are they now that through the years Here frolicked or studied their lore? I ask of the forest that hears The peals of their laughter no more But a robin yet sings overhead The song of the olden time; And the brook in its meadow-fringed bed Still tinkles the old rhyme. Andrew Franzen.

RAIN DOES DAMAGE TO CLOVER SEED The clover hullers of Clackamas County are far from being in a cheerful mood as the rains during the past few weeks have played havoc with the clover seed. During the past week the hullers finished their work. Owing to the lateness of the season, those who have looked forward to having a good yield of the seed, give this as the reason of the failure. Some of the farmers of Clackamas County have already started sowing clover seed. Most of the apples have been picked. The grape growers are offering their fruit at a great sacrifice and many are visiting the vineyards and gathering the fruit themselves, thus saving on the deal. Casabas are finding good demand, at from 10 cents to 15 cents each. Pineapples are in the market, the retail price being ten cents each, the lowest price they have been offered for in the local markets. They are delicious in flavor. Prevailing Oregon City prices are as follows: DRIED FRUITS—(Buying). Prunes on basis 6 to 8 cents. HIDES—(Buying). Green hides 6c to 7c; salted 7c; dry hides 12c to 14c; sheep pelts 30c to 55c each. EGGS—Oregon ranch eggs 35 and 38 cents case count. FEED—(Selling). Shorts \$27; bran \$25; process barley \$38 per ton. FLOUR—\$4.60 to 5.50. POTATOES—New, about 50c to 60c per hundred. POULTRY—(Buying)—Hens 11c; spring 13c, an droosters 8c. HAY—(Buying). Clover at \$9 and \$10; oat hay best \$11 and \$12; mixed \$10 to \$12; alfalfa \$15 to \$16.50; Idaho timothy \$20; whole corn \$40; cracked \$41. OATS—\$25; wheat \$1.05 bushel; oil meal selling about \$55; Shay Brook dairy feed \$1.50 per hundred pounds. BUTTER, Poultry, Eggs. BUTTER—(Buying). Ordinary country butter 30c and 35c; fancy dairy 80c roll. Livestock, Meats. BEEF—(Live Weight). Steers 5 1-2c and 6 1-4c; cows 4 1-2 and 5c; bulls 3 1-2c. MUTTON—Sheep 3c to 5c. VEGETABLES ONIONS 1c lb; peppers 7c lb; tomatoes, 50c; corn 8c and 10c a doz.

ENGLAND REJECTS THE SINGLE TAX

ALBERTA PROTESTS AGAINST THE SINGLE TAX. HENRY GEORGE'S POLICY. British Columbia Has Not Meted of Taxation That U'Ren and Co. Commission Would Im-

pose on This State. BY CHARLES H. SHAW. Secretary, Oregon Equal Taxation League. I hate to end any man's life, but this is a time when I must call an organization of men here. All over Oregon I have heard Single Taxers saying there is Single Tax in British Columbia, there is Single Tax in Alberta, there is Single Tax in England, there is Single Tax in Quebec. I want to take these statements singly and reply to them. First of all, as the cut here will show, there is no Single Tax in British Columbia. This cut is a facsimile of a receipt for a three-dollar poll tax paid up to December 31, 1912. This receipt was given to W. Howard.

REVENUE TAX RECEIVED FROM W. HOWARD. The sum of Three Dollars, being the amount due for Revenue Tax from 1st January, 1912, to 31st December, 1912. \$3.00. Vancouver City - District.

No Single Tax There. Two years ago the Single Taxers secured the passage of a measure as a preliminary to Single Tax. This measure repealed the poll tax in Oregon by purporting to repeal the poll tax.

So here, we have the situation of British Columbia having a poll tax, an obvious proof that there is no Single Tax in British Columbia.

I may say in addition that British Columbia also taxes banks, manufacturers and other property of various kinds, all of which will be exempt under the Graduated Single Tax amendment in Oregon. Who will pay these taxes? The land-owner and the lot-owner.

There is a partial application, it is true, of Single Tax, in Alberta. I want to show the result of this:

Taxes 10 Per Cent. In the Calgary Daily Herald of recent date an account was given of a protest meeting of twenty Alberta cities against the Single Tax, which had increased the taxes on land to 10 per cent. Do you want to pay a 10 per cent taxation on your lot or on your farm? If so vote for Single Tax.

Chancellor Lloyd George of England has just announced that he utterly and entirely repudiates Single Tax, another conclusive proof that there is no intention in England of having Single Tax.

I have received from the Secretary of State in Quebec the statement that Single Tax has never been contemplated in that province and would not be considered by the government for a single instant.

One Way to Protest. So now you see why I call the people who make these deliberately inaccurate and untruthful statements liars. I cannot call them anything else. Can you?

If Oregon desires to protest at the ballot box against Single Tax, there are two specific ways in which this may be done. First of all, a vote should be registered 308 X YES. This will repeal the U'Ren County Home Rule amendment and make Single Tax impossible in Oregon.

Secondly, a vote should be recorded 365 X NO. This will prevent the so-called Graduated Single Tax measure from passing.

It is just quite up to you people now. Do you want Single Tax or don't you? The Graduated measure is really Single Tax, for, by a joker cleverly inserted into it, it becomes Single Tax very easily. So that for just once more I ask you to remember these two numbers—308 X YES, 365 X NO.

PENOXIDE BETTER THAN PEROXIDE

For a number of years the common Peroxide of Hydrogen has been held in the highest esteem by medical men as representing the greatest skill of scientific chemists in producing the very best antiseptic known to the profession. But the common Peroxide must now take a back shelf for the new Peroxide—the Borated Peroxide of Hydrogen—which derives its name from the combination of a 10 per cent solution of Boric Acid with the Peroxide. This new combination is the most effecting and pleasing disinfectant and germicide to be obtained, and may be used internally or externally. Especially good for diseases of nose and throat, diseases of the eyes, open sores, abscesses, carbuncles, boils, etc. Remember the old time saying—an ounce of prevention etc. and keep a bottle of Borated Peroxide in the house ready for instant use. Sold by Huntley Bros. Co., the Retail Store at the same prices other stores charge for common Peroxide.

PARCELS POST The Parcels Post Bill passed by the last Congress was its greatest work. It benefits the Oregon merchant and farmer. By it you send 11 pounds on any rural route for 15 cents; 11 pounds on any city route for 15 cents; 11 pounds to any customer within 50 miles for 35 cents; 11 pounds to any customer between 50 and 100 miles of your store or home for 45 cents. But 11 pounds from Chicago or other mail order cities will cost less than \$1.32.

Senator Bourne is entitled to the credit for the construction and authorship of this bill, which goes into effect January 1, 1913. Had Bourne neglected this bill in April (primary time) it would not have become a law. He stuck to his post regardless of personal danger.

CITIZENSHIP Bourne has lived in Oregon 34 years. He owns large interests in several counties. He is a strong supporter of the Oregon System, having assisted in its formation. His speech on popular government was issued to 2,700,000 readers at his own expense, and he has advertised the state throughout the world.
