# The Best Light at the Lowest Cost

ELECTRIC LIGHT is the most suitable for homes, offices, shops and other places needing light. Electricity can be used in any quantity, large or small, thereby furnishing any required amount of light. Furthermore, electric lamps can be located in any place thus affording any desired distribution of light.

No other lamps possess these qualifications, therefore it is not surprising that electric lamps are rapidly replacing all others in modern establishments.

## The Portland Railway Light & Power Co.

MAIN STREET in the BEAVER BLDG.

Any time any whiskey tastes so rough and strong it makes you shake your head and say "bur-r" let it alone. Never put anything into your stomach your palate rejects. That's why Nature gave you a palate.

Try the New Cyrus Noble—the numbered bottle—the soul of the grain.  
W. J. Van Schuyver & Co., General Agents, Portland, Oregon

### It's Daddy Talking

USH, children; it's daddy talking. "Yes, Jim; we are all well and the children have been real good. How have you been? Coming home tonight? That's fine! It will seem good to see you again." The business man who is obliged to be away from home brings joy to the family circle by cheery words over the telephone. The local and long distance Bell Telephone service keeps him always in touch with home conditions.
