CANAL OREGON'S GREATEST BOON

(Continued from page 1)
Mr. Hawley admitted that the Oregon City postoffice was almost a disgrace to the city, and promised to do everything in his power to obtain an appropriation for the erection of a federal building in this city. He, however, made no rash promises, and said there probably were other places in the district he represented which needed federal buildings as badly as Oregon City. All he could promise was to use his best efforts with the committee.
Mr. Hawley arrived in the city at 3:19 o'clock and was met at the Southern Pacific Station by a committee representing the Live Wires of the Commercial Club, composed of T. W. Sullivan, Main Trunk 1115 and Ex-Main Trunk Lines W. A. Humley, J. E. Hedgoc, G. B. Dimick, H. T. McBain, O. D. Eby and M. D. Latourette. Mr. Hawley was a guest of the committee at dinner. He will go to Barlow, Hubbard and Woodburn this morning.

Dye, president; J. W. Loder, G. A. Harding, O. D. Eby, W. A. Huntley, Mrs. Sarah A. Stevens, Charles B. Moores, C. Schuebel, Roswell L. Holman, J. E. Jack and Mrs. Emma Spooner.
The report of the secretary showed that permanent improvements have been made on the Chautauqua grounds amounting to \$900, and at the present time there is a deficit of \$600. A sanitary system was installed before the opening of the Chautauqua last summer. A sewer pipe extending 700 feet connected with the septic tank and the system was most satisfactory to the campers and visitors at the Chautauqua. This system was installed at a cost of \$750. A new domestic science building was erected and was highly appreciated by the patrons. The building is 24 x 30 feet and cost the Association \$150.

The executive committee was authorized to select a list of 25 or more vice-presidents from the contiguous territory. This is a new feature, and it is thought will be popular. The vice-presidents will act as promoters of the Chautauqua and can communicate with the secretary as to the number of campers from his or her territory, and otherwise work for the interest of the Association. Reading matter pertaining to the program to be published each year by the Chautauqua will be distributed by the vice-presidents.

The secretary, Hon. H. E. Cross, was authorized to issue the first edition of a four-page paper and will contain news pertaining to the Chautauqua assemblies.
It was decided by the stockholders to increase the board of directors from 12 to 15 members, and Dr. George Hoye was elected a member the remaining two to be elected by the board.

That the Republicans will carry the district is assured.

FORUM OF THE PEOPLE

OPOSES STOCK LAW.

BULL RUN, Or., Oct. 30.—(Editor Morning Enterprise)—I see "notices posted for the purpose of voting a stock law in Clackamas County. I think it is time that every fair minded citizen should awaken to his duty and do all in his power to crush such injustice. The city of Portland has several hundred acres of fine timber and fertile land and hundreds of thousands of dollars worth of improvements in Eastern Clackamas County on which no taxes are paid thereby they become a menace to both our roads and schools. They have refused \$10,000 per quarter section for some of their land. They thereby hold out of compelling Portland to pay taxes on all property belonging to them in Clackamas County. We, the settlers of Eastern Clackamas County, came here several years ago, out on trails, made actual settlements in good faith. We had no wagon roads. I had to pack my provisions 12 miles on my back. We have since built roads, largely by donations unexpected to us. This great water reserve has been struck off, thereby stopping settlement back of us, leaving the burden of the road building to fall on us. Now when we have some clearing and an opportunity to raise stock for which the country is in great need they propose to try and enforce a stock law which, if enacted, will virtually render the eastern part of Clackamas County worthless to farmers. There are thousands of acres of fine grazing land in this part of the county that is idle at the present time with an immense growth of fine forage plants that are falling down and accumulating from year to year preparatory to starting big forest fires which would destroy much timber and cause more loss to the state and do more damage to the city waterworks in a few hours than ten thousand head of cattle would do in a whole year.
Yours with respect,
WILLIAM HARDIN.

REMEMBER. South Bend (Ind.) Tribune.

WOODROW WILSON, Democratic Candidate for President.

being summoned before the bar of the American people as a witness for and in behalf of the Republican party, was examined and testified as follows:

Question: Did you or did you not, in your History of the American People, refer to the years 1893 to 1896, when the Democratic party was in power, as "THOSE FATAL YEARS OF DEPRESSION?"

Answer: I did.

Question: Did you or did you not describe the terrible conditions in those years in the following language, upon pages 235 and 236 of Volume 5: "A great poverty and depression had come upon the western mining regions and upon the agricultural regions of the west and south," and "Men of the poorer sort were idle everywhere and filled with a sort of despair. All of the larger cities and manufacturing towns teemed with unemployed workmen, who were WITH THE UTMOST DIFFICULTY KEPT FROM STARVATION by the systematic efforts of organized charity?"

Answer: I did.

Question: Did you or did you not, after describing this distress in detail and relating that millions of American gold went across the sea to pay foreign creditors, use these words, on page 263: "NOT UNTIL THE YEAR 1897, WHEN THE REPUBLICAN ADMINISTRATION CAME IN, DID THE CRISIS SEEM TO BE PAST?"

Answer: I did.

The Republican party asks no better witness against a change from sixteen years of Republican prosperity to four years more of Democratic distress than Woodrow Wilson, the Democratic candidate for president.

WHY CONGRESSMAN W. C. HAWLEY Should Be Re Elected to Congress.

Because Mr. Hawley has had "No interests to serve but the public interests."

Because in point of ability, experience in qualifications for the position of congressman no opposition candidate can compare favorably with Mr. Hawley.

Because of large abilities and efficiency is added Mr. Hawley's reputation for honesty, moral manhood and a character without blemish.

Because he was born in Oregon, knows her needs and has secured millions of dollars for public improvements in the First District.

Because he does not spend recesses between sessions in Congress in idleness but travels thousands of miles annually over his district conferring with his constituents and learning their needs and opinions that he may better serve and represent them.

Because it has been proven that Mr. Hawley is able, efficient and successful and has large plans for the people which he can complete in an other term.

Because he has reached an influential position in Congress after years of hard work on committees on Agriculture and Labor and his future labors would bring greater results for Oregon than any new man could hope to secure until after several terms in Congress.

Because without distinction in party affiliation, wealth or position, Mr. Hawley has served all of the people to the full extent of his abilities.

Because as a public servant he has so labored for progressive legislation beneficial to the people, the State and Nation that Presidents Taft and Roosevelt, his associates in the House, and his constituents generally have praised Mr. Hawley in terms similar to those of Governor West who made the following statement after a visit to the National Capitol: "In intellect, oratorical ability and devotion to the interests of the people, Hawley stands head and shoulders above the great majority of the members of the National House of Representatives."
