MONKEYS AND THE GOVERNOR.

David Goldstein in his book on "Socialism" page 59, under the heading above writes: "The leading Socialist authority upon this subject is Enrico Ferri, whose work 'Socialism and Modern Science' has been translated into many languages, appearing in English in 1900, of which 'The International Socialist Review', voicing the opinions of Socialists generally says: "Since the translation of Mark's 'Capital' there has been no greater contributor to the Socialist movement of the English speaking people than is afforded by this book."

American Wives Don't Make Best Mothers

By Dr. ANNA I. VON SHOLLY of New York City

THE AMERICAN MOTHER IS IGNORANT OF THE PROPER CARE TO GIVE HER CHILD. AND IT IS NEITHER THE VERY RICH NOR THE VERY POOR, BUT THE GREAT BULK OF THE WOMEN WHO MOST NEED INSTRUCTION.

The dispensaries, the visiting nurses and other agencies do manage to give a certain amount of training to the poor mother, and the wealthy woman usually employs a highly trained nurse, perhaps two or three of them, and a skilled physician.

But the MAJORITY OF MOTHERS fall between these two categories. Many of them have married young and, coming from families of one or two children, have not even had the practical experience of mothering a small brother or sister. When a baby comes to this young wife she is HELPLESSLY IGNORANT.

Other women have put off their marriage for a number of years, during which they were engaged in some breadwinning occupation. They become mothers when they have reached a certain maturity, but what more of PRACTICAL KNOWLEDGE OF CHILD HYGIENE is theirs?

The United States supreme court, left an estate valued at less than \$2,500. After his long life of usefulness to his fellow men that poverty is a high distinction than the wealth of a Rockefeller or a Carnegie. It was not for lack of opportunities that Justice Harlan was poor. He came from a distinguished family in easy circumstances, his father having been Attorney General of Kentucky and a lawyer of national fame. The son was a colonel in the Union army, a lawyer, and county judge and also Attorney General of Kentucky. He was an unsuccessful candidate for Congress and for Governor. He was a member of the electoral commission in 1876 and was appointed to the United States Supreme bench the next year. At that time he was forty-four years old.

Now it is apparent that aside from his judicial service a lawyer of such prominence might easily have amassed something of a fortune before the age of forty-four, or might, that is if his bent had been for money getting.

From his career it may be assumed that he was a man of such public spirit that, like Lincoln, he kept himself poor by helping his party and the principles in which he believed.

After his elevation to the Supreme bench he gave more than one-third of a century to his country, that does not remunerate any of her servants sufficiently to enable them to grow rich.

In real honor John Marshall Harlan with his \$2,500 estate, shines out above any millionaire in the land.

regarding Mr. W. S. U'Ren's belief was correct and if he thinks all men ascended from monkeys, we can see why he still thinks some of them are still monkeys enough to vote for him.

The authority of God is overthrown by this doctrine, which, it is stated by the Journal, is the flower of Mr. U'Ren's heart, the apple of his eye—Socialism.

ration, that a yard for freight be provided, hours for hauling freight be reduced one, common user's clause and that the compensation to the city be three and one half per cent of the gross receipts for freight. The motion passed. F. J. Hunt, Traffic Manager of the company, substantiated the statements of Mr. Griffith. It was decided to reconsider the franchise at a special meeting next Monday evening.

Mr. Tooze urged that an ordinance providing for a reduction of telephone rates be passed to its first reading. It was charged that the Pacific Telephone & Telegraph Company charges old subscribers on two party lines twenty five cents less than new ones or old subscribers who have moved recently. C. D. Latourrette, counsel for the telephone company, said the council should get legal advice before acting on the ordinance, calling attention to the passage of the Mackay bill, which he insisted gave the railway commission power to regulate telephone rates. Manager Hall of the company asked that the ordinance not be acted upon, saying it would be an injustice to the company to do so.

A motion made by Mr. Roake that an opinion be obtained from the attorney general or city attorney was lost, Messrs. Albright, Beard, Horton, Meyer and Tooze voting against it. Mr. Albright insisted that the ordinance be passed if for no other reason that it would prevent the company from increasing rates as had been reported it would do. The motion that the ordinance be passed to its first reading was lost, the vote being as follows:

For—Tooze, Horton and Albright.
Against—Holman, Pope, Roake, Meyer and Beard.

F. J. Meyer, president of the board, in the absence of Mayor Dimick, called the board to order. The Mayor arrived soon after the meeting was called to order. Councilmen Holman, Pope, Beard, Roake, Albright, Horton, Meyer and Tooze were present.

An ordinance providing for Sewer District No. 8 was passed by a unanimous vote. An ordinance declaring the assessment of Monroe Street for improvement from Third Street to Fourteenth Street at a cost of \$25,448.45 was passed. A report of a special committee that the assessment for Sewer District No. 7, as recommended by City Engineer Montgomery, be reduced 15 per cent was adopted by a unanimous vote. S. D. Hungate, street inspector, reported that street blocks and bulkheads in the work on Main Street, supplied by the contractor, were not satisfactory. The council voted that the contractor be notified that they must do the work properly.

Bills of Alphin & Wilson for work in Sewer District No. 10 as follows: \$1114.29 for work on John Quincy Adams Street, \$1317.80 for work on Sixteenth Street and \$1639.43 for work on Jackson Street were approved. All the bills were reported as balances on the work.

Looking Down on Uncle Sam's Greatest Warship, Wyoming

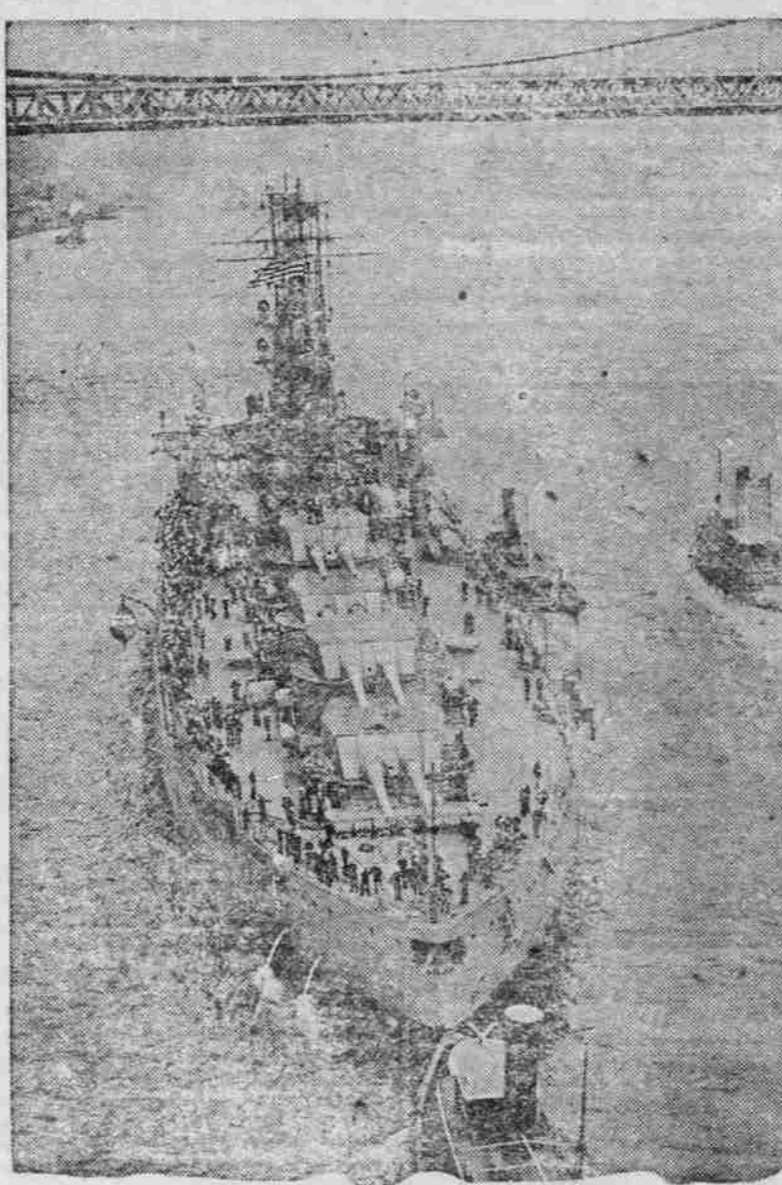

Photo copyright, 1912, by American Press Association.

THIS remarkable illustration was made from a photograph taken from the Brooklyn bridge, New York, 135 feet above the water, as the super-Dreadnought Wyoming, Uncle Sam's greatest sea fighter, passed beneath in the distance, the Manhattan bridge. One can notice the triple rows of superimposed twelve inch gun turrets and also the novel stern rife. This rear view of the big warship was taken during the recent review of the Atlantic fleet.
