GREATEST CURE SHE EVER FOUND

Sulphurro Puts an End to Stomach Trouble That Lasted Fifteen Years

Stew thought that Mrs. Lydia S. Stevenson, of Burton, Wash., would live, so severe a case of Stomach Trouble did she have. After taking a course of Sulphurro treatment she wrote:

The C. M. C. Stewart Sulphur Co., Seattle, Wash., 71 Columbia St.

Gentlemen:

Sulphurro is the greatest cure I have ever found. I suffered over 15 years with Cramps, Stomach Trouble, and Gas. I would cramp double and swell twice my size, and seldom knew a day without pain. Last year I was taken to the hospital; very few thought I would live. Specialists wanted to operate on me; said I would never get well without it. I begged them to wait so they waited, and I got better, and left in six days, but I still had those pains. I saw your "ad" in the paper and got a bottle of Sulphurro in February and have taken four small sized bottles.

I went by the directions, both as to external and internal treatment. I have not had a pain or cramp since, and swelling is all gone. But I keep Sulphurro on hand and take it at times, as it is the best thing to relieve gas and cramps.

I have often thought I would go to your office and tell you what Sulphurro has done for me. You may use my name and tell the people what Sulphurro has done for me. I am 56 years old and am enjoying the best of health.

(Signed) MRS. LYDIA S. STEVENSON.

A PANNIER GOWN

A new idea in panner is introduced in this drawing today, which shows them effectively combined with the long tablier skirt front and as a result produces a most effective skirt drape. The blouse also is gracefully arranged with a becoming bib in front, which confines the fullness of the bodice proper. The front of the bodice is filled with an effective pastementerie which is apparently a continuation of the short sleeve caps of the same. The blouse is worn over a guimpe of shadow lace. This design is suitable for a gown of light woollen material or of silk. Buttons covered with the material are used as trimmings.

APPLES MOVING FAST AT LOW QUOTATIONS

At the low prices quoted the last two weeks apples are still going in a steady way, the movement of course being heavier than usual at this time of the year on account of the low cost of the fruit, and dealers report little or no change in general market conditions from day to day. The demand is mainly for the medium to good grades which sell at 75 cents to \$1, while the distinctly inferior and fancy grades are more or less neglected. With the poor stock, which has been more or less a burden for two months largely out of the way, as it will be not far hence, there will be some improvement in the market but the outlook nevertheless is a relatively low priced apples throughout the winter month.

In other fruit lines there were no developments of interest today. Tokay grapes of good quality were firmly held at \$1 to \$1.10, but the dealers reported off-grade stock more or less troublesome. Cranberries were firm at \$11 to \$11.50.

Prevailing Oregon City prices are as follows:

- HIDES—(Buying), Green hides 6c to 7c; salted 7c; dry hides 12c to 14c; sheep pelts 30c to 85c each.

- Livestock, Meats.

CONVICT BORES HIS WAY TO FREEDOM

SALEM, Or., Nov. 14.—Instead of delving with other members of the class into the perplexing problems of theology, T. L. Gordon, who was sentenced to the penitentiary for burglary from Union County, devoted his time last night to boring a way through the library floor, with the result that he escaped from the institution under the very eyes of the instructor of the class, Walter Denton.

Discovering when it came time to return the members of the class to their cells that Gordon was missing, Denton immediately sounded the alarm, but though the guards of the institution conducted a diligent search for him Wednesday night and Tuesday forenoon, they have not apprehended him.

Interested in prison work and theology, Walter Denton and Percy Cotter, two young men of this city, early under the West administration organized a class of theology at the penitentiary, and it has been their custom to take members of the class each Wednesday night to the library of the institution and instruct them in the subject. Partitioned off from the library is the Bertillon room, and when Denton last night took them into the library, Gordon, unobserved, concealed himself behind this partition. He had supplied himself with an auger and immediately began boring his way through the floor. When he had succeeded enough boards, he dropped to the basement, from which he escaped into the yard by spreading the bars across a window. After entering the yard, he scaled the wall, which is unguarded, by means of a ladder.

A little over a week ago Frank Kelly and Walter Davis, both serving terms in the institution for burglary, effected their escape over the wall, they having first sawed their way through bars across the kitchen window.

Gordon is a young man, and was serving a term from two to five years. He was received at the institution in December, 1911.

LOCAL BOXER WILL FIGHT THANKSGIVING

"Jack" Lewis, a local lad, who has a good record as a boxer, will fight with Tommy Forth of New York City at Weeds, California, on Thanksgiving day. The bout will be at catch weights, Lewis weighing 133 pounds ringside while Forth will weigh the scales at 148 pounds. The bout is scheduled to go 20 rounds, but young Lewis, who is the pink of condition, feels that he will be able to put his opponent down before the fight grows old. Jack Lewis who is 29 years old, has fought 27 battles in last two years winning them all, and 16 battles were won by him by the knock out route. His last battle was with "Bob" Wilson of Nevada, who is a boxer of note, which lasted one round, Lewis knocking him out. The battle was staged in San Francisco where Lewis fought 8 battles, winning 7 by knock outs and the other by a decision. Forth has a good record as well and a lively bout is looked for.
