## SHOOTING AFFRAY FATAL TO SIX

MAN AND WOMAN EMPTY AUTO-  
MATIC REVOLVER ON DE-  
TECTIVES

## MAN SHOTS WOMAN, THEN SELF

Pair Registered Under Names of Joseph Vogel and Lottie Vogel Suspected by Police as Accomplices in Diamond Robbery

NEW YORK, Nov. 18.—A man and woman stood in a small room of a Raines Law hotel in the Bronx tonight and deliberately shot down three detectives and two other men who were trying to place the pair under arrest. After nearly emptying the 11 chambers of a large automatic revolver, reinforced by shots from an ordinary revolver in the hands of his woman companion and probably fatally wounding four of those whom he shot down, the man shot and killed the woman and then put a bullet through his own head, dying instantly.

This is the outline of one of the most serious shooting affrays the detectives of this city have run into so far as these conflicting stories of the shooting had been sifted tonight.

The dead man is known by several names, having registered at the hotel as Joseph Vogel. The police declare he is a Pole named Pheres Dorogayki. The woman had registered as Lottie Vogel.

Vogel was 48 years old and the woman was about 25. The detectives were on the trail of the pair, suspecting them of having been accomplices in a diamond robbery for which Sophie Beckendorf a domestic, had been held for the grand jury today. The woman who had lost the jewels traced the girl to Vogel's house and told the detectives of her discovery.

After a taxicab chase today the detectives learned that the Vogels had sought lodging at the Elmsere Hotel, at Cortland Avenue and One Hundred and Sixty-first Street in the Bronx. Central Office Detective Fay and Private Detective John Allen and Louis Gerade went to the hotel in search of their quarry late tonight.

## COUNCIL INSISTS ON FREIGHT YARD

COMMITTEE DECIDES THAT P. R.  
L. & P. CO. MUST PROVIDE  
ONE IN CITY

## FREIGHT HOURS FROM 10-7 O'CLOCK

Officers of Corporation and Representatives of City Discuss Conditions—Meet Again Next Monday

The city council as a committee of the whole and Franklin T. Griffith, general counsel and F. D. Hunt, traffic manager of the Portland Railway, Light & Power Company, considered a proposed freight franchise for the Portland Railway, Light & Power Company Monday evening. It was decided that the company provide a freight yard and that the hours for operating freight cars in the city be from 10 P. M. to 7 A. M. An adjournment was taken until next Monday night.

Mayor Dimick called the meeting to order at 8 o'clock, the following councilmen being present: Meyer, Horton, Pope, Tooze, Albright, Holman and Roake. Copies of the franchise as prepared by City Recorder Stipp as suggested at the last meeting were furnished the members. Upon motion of Mr. Tooze it was decided to consider the franchise by sections.

The first contention was over a common user's clause in section 1. Mr. Griffith said the company was opposed to the provision. He declared that the railway commission could compel the company to allow other railways to use the line if it believed it necessary. The attorney said that the company represented would handle the freight of any other company for a reasonable charge. A motion of Mr. Holman that the common user clause be eliminated was passed.

It was decided that the company not be allowed to install any turnouts to be used for freight purposes unless provided for by ordinance. Mr. Tooze insisted that the franchise provide that the company have a freight yard in the vicinity of Fourteenth Street. He declared that the business justified the company having a yard and that it would be as advantageous to the company as to the city. He said the tracks of the Clackamas Southern in connection with the unloading of freight cars on Main Street would cause too much congestion and that a yard should be provided before the tracks of the railway are laid.

Mr. Griffith announced that the company would provide the yard when the business justified such action. He said the question was not for the council to decide, but was for the railroad commission to decide. He said the commission had acted upon such questions in several instances and that the work was in line with its duty.

Mr. Tooze insisted that it was the duty of the council to demand that the yard be provided. He said that even if the matter was within the province of the commission the council should doubly safeguard the rights of the people.

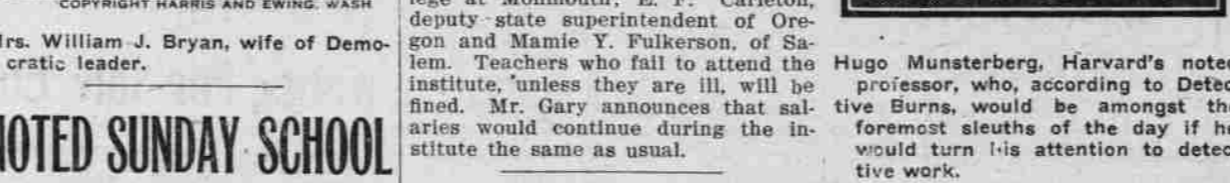

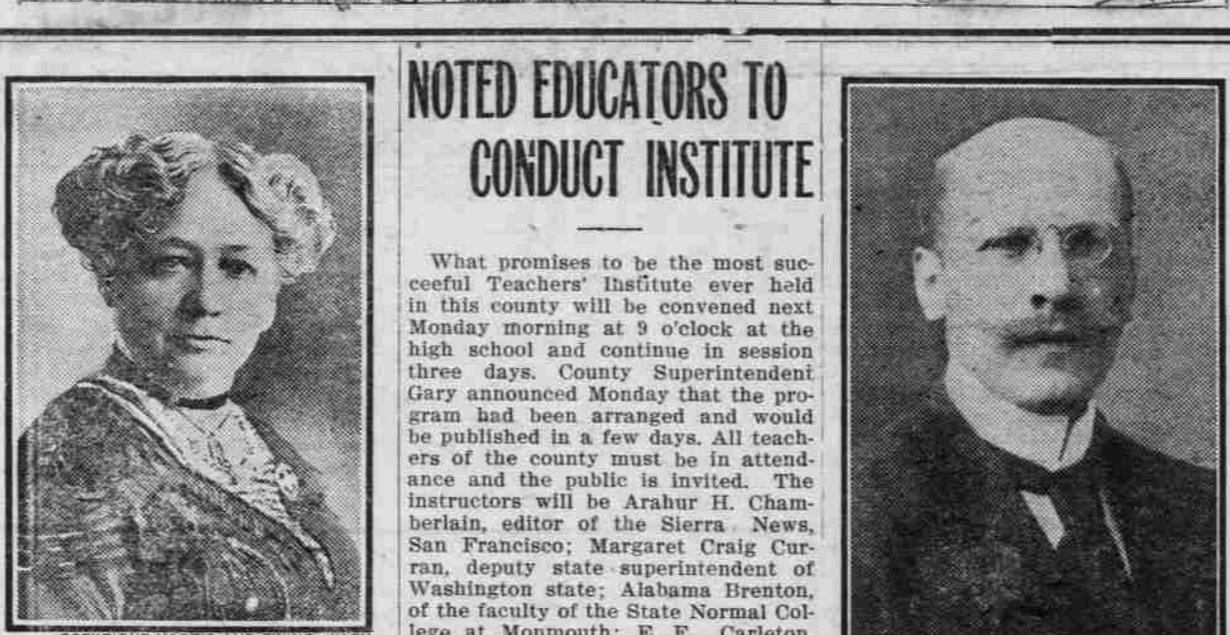

Frank Busch said that farmers shipped their produce from Canby or Clackamas station because there were better freight accommodations. He thought if a freight yard were established here the farmers would ship their produce from here.

A motion by Mr. Holman that section 7 of the charter providing that the company furnish a suitable warehouse for freight and express business amended by Mr. Tooze to provide a freight yard anywhere off Main Street, in the city, was passed by a unanimous vote. It was also provided that the exact location of the switches and tracks be subject to the approval of the council. The hours for operating freight trains at night were fixed from 10 P. M. until 7 A. M.

## HILL ELEVATOR TO BE VOTED UPON

LIVE WIRES BELIEVE PROPOSITION WILL WIN OUT AT DECEMBER ELECTION

## WOMEN ARE EXPECTED TO FAVOR IT

Scheme Lost Time Because of Being Connected on Ballot With Dock and Play-Ground

Determined that the proposition for the erection of an elevator at the bluff shall carry at the election December 2, the Live Wires, who have made a fight for it, will do everything in their power to win the public to the plan before the election. The fact that the women are to vote at the municipal election, it is believed, insures the approval of the measure. It is confidentially believed it would have been passed last July but for the fact it was connected on the ballot with propositions for a public playground and a public dock. Many persons who favored the elevator did not favor the dock or playground.

That the elevator would be of great advantage to the city is generally agreed. It is planned to have it owned and maintained by the city and for it to be free to the public. The location favored by the Live Wires is on Seventh Street near the Southern Pacific Station. It is contended that the only possible disadvantage to living on the hill is the long flight of steps residents of that section have to climb and descend when having business in the downtown section of the city. With an elevator the steps would be used but little, and there is little question that property on the hill would be in greater demand. It would also aid the business in the downtown section, for many persons would come downtown more frequently if it were not for the long climb.

The Live Wires are unanimous in their support of the project and it has the support of a majority of the members of the Commercial Club. W. L. Mulvey, one of the public-spirited citizens, instrumental in having the proposition acted upon at the coming election, said Monday that he was confident it would be approved by the electorate and that the elevator would be in operation within a year.

"Oh, Those Eyes, That Hat," She Cries When Accused Man Is Brought Before Her in Portland Jail

Walter Brennar, arrested in Portland as an accomplice of Thomas O'Brien, who was sentenced to serve a life term in the penitentiary for holding up a street car and robbing it, was identified in Portland Monday afternoon by Miss Helen Smith, of Canemah, as the man who attacked her at her home several evenings ago. The young woman, who was alone at her home, was playing a piano, when she heard someone knocking at a door leading into the parlor. As she opened the door the man entered the room and knocked her down. He took several rings from her fingers, a bracelet which she wore, and all the silverware in the house. Miss Smith regained consciousness in about half an hour and went to a neighbors. Sheriff Mass was called and made a thorough search for the man, who Miss Smith said was tall and wore a black hat and a black shirt. Sheriff Mass, hearing that Brennar had sold some jewelry, went to Portland Sunday afternoon, accompanied by Miss Dorothy Rackel, who lives in Canemah. A man answering the description of the man who had attacked Miss Smith, came to her home that evening and asked for food. Mrs. Rackel when looking at the suspect, said she thought he was the man who had applied for something to eat at her home. Sheriff Mass, Miss Helen Smith, and her mother, Mrs. Peter Smith, went to the county jail in Portland Monday afternoon. Miss Smith was seated in a corridor of the jail, and the suspect was told to put on his coat and hat and go into the corridor. Miss Smith expected that she would be brought to the man's cell, and there see whether he was the man who had attacked her. Brennar did not know why he was sent to the corridor, and stood among a number of trustees and other men. He was rolling a cigarette, standing in such a position as to give Miss Smith only a side view of him. She watched him closely, though her mother did not seem to notice him. Brennar turned around, giving Miss Smith a full view of his face. The moment she looked at him, she fainted.

"Oh, those eyes, that hat," she cried. After a short time she became composed, and then said, "That's the man, or his brother". Sheriff Mass said Monday evening that he felt that it was a positive identification, as the girl had not been told that Brennar was to be brought in her presence, she being under the impression that she was to be taken to his cell.
