WEEKLY ENTERPRISE ESTABLISHED 1866

VOL. IV—No. 122.

OREGON CITY, OREGON, FRIDAY, NOVEMBER 22, 1912.

PER WEEK, 10 CENTS

EX-PRESIDENTS TO RECEIVE PENSION

CARNEGIE CORPORATION OF NEW YORK WILL PAY \$25,000 A YEAR

WIDOWS WILL RECEIVE SAME AMOUNT

Grant is Provided for with the Idea of Enabling Former Executives to Devote Their Time to Public Good

NEW YORK, Nov. 21.—Future ex-presidents of the United States are to be pensioned in the sum of \$25,000 annually by action of the Carnegie corporation of New York today. The grant is provided for with the idea of enabling former executives of the Nation to devote their unique knowledge gained in public affairs to the public good free from pecuniary care. A similar amount is to be paid widows of ex-presidents as long as they remain unmarried.

The pensions are to be promptly offered to the ex-presidents or their widows, so that no application will be required from them. Payment is to be continued so long as the recipients "remain unprovided for by the Government."

The announcement followed the second annual meeting of the corporation held at the residence of Andrew Carnegie here.

Five of the eight trustees are the heads of the five institutions which Mr. Carnegie has founded—the Carnegie Endowment for International Peace, Elinor Root, president; the Carnegie Foundation for the Advancement of Teaching, Henry S. Pritchett, president; the Carnegie Institution of Washington, Robert S. Woodward, president; Carnegie Hero Fund Commission, Charles L. Taylor, president; Carnegie Institute of Pittsburgh, William M. Frew, president. The successors of the five men become ex-officio trustees of the Carnegie Corporation of New York. In addition there are three life trustees.

OREGON CITY BUSINESS MEN ATTEND BANQUET

Over 25 business men of Oregon City attended the annual banquet of the Manufacturers' Association of Oregon at the Portland Commercial Club Thursday evening. Col. David M. Dunne was toastmaster. Mayor Grant B. Dimick attempted to leave the hall and was called back, and called upon to make a speech, as the toastmaster insisted that the second manufacturing city in the state, which was so well represented, should have at least one speaker. Judge Dimick spoke of the growth of the manufacturing in Oregon City and the stability of the industries. He said there was a lack of cooperation between the manufacturer and the actual producer—the farmer. He pointed out to the large assemblage that Oregon imported six million dollars worth of hogs and over five million dollars worth of steers last year. He insisted that the future growth of Oregon depended largely and as much on the encouragement given the farmer as it did on patronizing home industry, which was the theme of the evening.

A small classified ad will rent that vacant room.

TURKEY-BALKAN WAR CONTINUES

TURKS REJECT TERMS FOR ARMISTICE BEFORE LEADERS MEET

PEACE LASTS ONLY FOR ONE DAY

Grand Vizier Ordered Commander-in-Chief to Continue Fighting—Order a Complete Surprise

LONDON, Nov. 21.—The formal suspension of the Eastern war proved only for a day. Turkey rejected the Balkan terms for an armistice apparently before the plenipotentiaries had time to come together at Hademkeul. Klamil Pasha, the Grand Vizier, declared the allies' overtures were "impossible." He ordered the commander-in-chief to continue fighting "with the help of the 'Almighty'" until reasonable and moderate conditions were proposed.

This declaration came as an utter surprise and diplomats are not wholly convinced the Ottoman troops will take up arms against the cholera-stricken trenches of Tchatalja.

While the Bulgarian demands—for Bulgaria is acting as the mouthpiece of the allies—were extreme, stipulating the surrender of Adrianople and Scutari, both of which are making an historic defense, as well as the cession of all the territory except a narrow strip above Constantinople, these conditions were advanced as overtures. In other words, they are apparently put forward as a basis for negotiations.

The Porte treated them as an ultimatum, and this perhaps is the Oriental method of beginning negotiations designed to induce the enemy further to show his hand.

A Balkan diplomat in London pointed out tonight that these terms were submitted merely as an answer to Turkey's pressing and repeated demands for an armistice and said:

"It is practically certain that their rejection will result in a more active and determined resumption of hostilities. Probably the allied troops will now refuse to treat with Turkey until they are in a position to dictate perhaps sterner terms in the capital of the Sultan."

A. J. FREDERICH RETURNS FROM ALASKA

"The mining of gold in Alaska has hardly started," said A. J. Frederich son of C. W. Frederich, the hardware dealer, who arrived in this city Thursday from Circle City, Alaska. "The real gold fields are just being operated. The people of Alaska have no idea of the amount of gold in that country." Mr. Frederich is employed by a hydraulic company in Circle City and will return to that place next March. The boat on which he left Circle City was almost a month making the trip to the sea on the Yukon River, and immediately after the river was closed by ice. Circle City has twenty-six voters and is one of the furthest northern points in which there is a white settlement.

WOMEN MEET TODAY TO DISCUSS VOTING

The women of Oregon City are invited to attend a meeting in the Presbyterian Church this afternoon at 2:30 o'clock at which voting will be discussed. Leaders of the Woman's Club and the Woman's Christian Temperance Association think it important that all women in Oregon City who will have the privilege of voting for the first time at the coming city election, thoroughly to understand how to vote. It is expected that the church will be crowded as the women of the city are pleased at having an opportunity to cast their first ballots so soon after the equal suffrage law became effective. The Loyalty Temperance Legion will meet immediately after the woman's meeting.

AUTOMOBILISTS MUST HAVE LIGHTS ON CARS

Chief of Police Shaw has notified the owners of automobiles and the managers of garages in this city that all machines used at night must be lighted at dusk. Several accidents were narrowly averted last week as a result of automobile owners not having lights on their machines early in the evening. Shaw says that he has warned the offenders repeatedly and unless they discontinue violating the law at once arrests will be made. The penalty for not having lights on machines after dark is a fine of from \$5 to \$50. A majority of the offenders are residents of Oregon City.

HILL LAUDS OREGON LAND SHOW EXHIBIT

HEAD OF GREAT NORTHERN RAILWAY VISITS MINNEAPOLIS DISPLAY DAILY

OREGON DAY DRAWS LARGE CROWD

Representative of State Writes that Oregon Exhibit is Most Practical of Great Show

O. E. Freytag, Secretary of the Publicity Department of the Oregon City Commercial Club and who has charge of Oregon's exhibit at the Northwest Land Show in Minneapolis, Minn., in a letter to the Morning Enterprise, says that the Oregon exhibit is attracting a great deal of attention. Louis Hill, of the Great Northern Railway, was much impressed with the exhibit and pronounced it the most comprehensive of all the exhibits. Mr. Hill visits with Mr. Freytag daily to have a chat on Oregon. He always expresses his appreciation of the fact that Oregon's exhibit is making a direct appeal to the people. Last Saturday was Oregon Day at the Show and Mr. Freytag writes that there was a larger attendance on that day than at any time since the Show was opened. Mistletoe was pinned on each visitor and grain for seedling was given away free to all of the visitors.

The letter follows:

"Two weeks of rather strenuous activities have brought us to the place where we at last find time to tell you something of our trip and the work with the Oregon State Exhibit at the Northwest Land Show which is in progress here.

"Our trip here was uneventful but marked throughout, especially as we journeyed through the prairie lands of Montana and North Dakota, by an ever increasing love and longing for our beautiful Willamette Valley.

"We were fortunate in encountering no bad weather but passed through cuts where the snow had drifted in during an early snow, which looked rather deep in places. Snow flew spasmodically at different points.

"Since arriving here, our time has been almost continually spent at the show, which is a most attractive one. A freize of large paintings representing varied western scenes outlines the wall of the large armory annex, and of its self is a fine representation of western life from a very homelike chicken ranch through the various industries of the west to a fine painting of the bad lands. These canvases are ten feet high and the execution extremely good.

"Our Oregon exhibit is the most practical booth of the whole display, though there are many highly artistic ones, representing an expenditure of thousands of dollars.

"Our aim has been to show to the visiting farmer our grains and grasses just as they are harvested. The display is attracting much attention. Louis Hill was very much impressed with it and pronounced it the most comprehensive of the exhibits. He visits us daily for a talk on Oregon, always expressing his appreciation of the fact that Oregon's exhibit is making a direct appeal to the people.

"Saturday was Oregon Day, and saw the best attendance of the show. The Minnesota-Wisconsin football game brought many visitors to the city, who looked in on the Land Show. Grain for planting here was given out in large quantities and mistletoe was pinned on each visitor with one of the attractive Rose Show Buttons. Information was given to an interested crowd of people.

"Everyone seemed surprised to know that our climate is so mild as to produce mistletoe and this one fact is one of many which has been presented to people who have learned to look forward with dread to the intensely cold winters of this section.

TIMMONS PAROLED BY JUDGE BEATIE

YOUNG MAN WHO WAS WITH GIRL THAT ENDED LIFE IS GIVEN FREEDOM

TRAGEDY OCCURS AFTER AUTO TRIP

Finnucane Probably Will Be Released in Few Days—Court Wants Him to Leave State

Harry Timmons, sentenced to serve one year in jail, on a charge of contributing to the negligence of Valera Proffitt, a fifteen-year-old girl who committed suicide at her home in this city, after an all night automobile ride in Portland with Timmons, John Finnucane and Clara Johnson, also of this city, was paroled Thursday by County Judge Beatie. He had served one month of his sentence. Finnucane is still in jail, but is probable that he will be paroled in a few weeks.

Judge Beatie gave as his reasons for paroling Timmons that he had been the main support of his parents and that his reputation before the trip to Portland had been good. Judge Beatie wrote to men in Timmons' former home in Kentucky and was informed that the young man had always conducted himself properly there.

"I think he has been taught a lesson," said the judge, "and I do not believe he will repeat the offense. He has obtained a position and will go to work at once. I intended paroling Finnucane after he had served a month on condition that he would go to South Dakota to live with an uncle. The arrangements, however, have not been completed and he will have to remain in jail until they are or other arrangements are made.

Miss Proffitt committed suicide on the morning of October 20. The party returned to this city early in the morning and after having breakfast at a restaurant Timmons and Miss Proffitt started to her home. She left him at the Seventh Street Park and went at once to a general merchandise store, where she purchased the poison. She drank it just before entering the house and died in her mother's arms. A vial which contained the poison was found in the yard.

WOMAN'S CLUB TO SELL SEALS

Mrs. J. W. Norris, delegate from the Woman's Club of this city, to the Federated Woman's Club Convention which was held in Portland last week, explained to the members of the local club Thursday afternoon in the parlors of the Commercial Club, the sale of the Red Cross seals, which the Woman's Club throughout the state have in charge. She told the members that all money derived from the sale of the seals outside of Portland would be spent for the benefit of tubercular sufferers outside of Portland. The women who are active in the campaign expect to sell more in Oregon City this year than ever before. Last year 6218 seals were sold.

Mrs. Norris reported that a number of measures which will be presented at the next session of the Legislature were discussed. The next meeting of the club will be held on December 12, when the Shakespeare class will have entire charge of the meeting.

GLADSTONE OFFICE SEEKERS FILE PETITIONS

Thursday was the last day in which the candidates for office in Gladstone could file their petitions. The treasurer's office is sought for by Mrs. M. E. Church and Reo S. Burdin. The race for this office will be interesting and the supporters of Mrs. Church hold that she will win easily. Gladstone is the first city in the state where a woman announced that she would run for public office. Six men aspire to the position of councilman, three who are in the office wish to be reelected. The six men who have filed their petitions are J. M. Tracey, James Wilkinson, Frank P. Nelson, Fred Bailey, A. D. Paddock, and Henry Striebig. John Sievers was the only candidate for City Recorder in Gladstone.
