Woman's World

Mrs. Grover Cleveland to Marry Again.

MRS. GROVER CLEVELAND - PROFESSOR PRESTON.

The engagement of Mrs. Frances Folsom Cleveland, widow of Grover Cleveland, twenty-second president of the United States, was recently announced by John Grier Hibben, president of Princeton university.

Mrs. Cleveland is forty-eight years old, but looks far younger. It is twenty-seven years since she went to Washington to become "the White House bride," the only wife of a president to be married at the official mansion and the youngest woman who ever stepped into the post as first lady of the land.

Five children came to the Cleverlands. They were Ruth, Marion, Frances, Richard and Esther. Ruth is dead. Esther was the only one born in the White House and has ever since been referred to as the "White House baby." The years have so flown by that this winter will see the debut of the "White House baby," and only recently rumor was busy with the report of her engagement to the son of Dean West of Princeton. This rumor had hardly been repudiated by Mrs. Cleveland as "utterly false" when there came the official announcement of the engagement of the mother.

Professor Thomas Jes Preston, Mrs. Cleveland's fiance, is fifty years of age and is a graduate of Princeton. As a young man his university studies were interrupted by illness, and he gave up completing his education and went into business, in which he made a rapid and notable success, establishing himself at the head of a very prosperous manufacturing company.

After acquiring a substantial fortune and feeling that continued business could not compensate for his abandoned college career he closed his business connections and, although almost forty years of age, went abroad to study two years at the Sorbonne, Paris.

Returning to America, he entered Princeton and took his degree of doctor of philosophy. He was then called to his present professorship at Wells college, Aurora, N. Y. Although it was as a student at Princeton that Mrs. Cleveland first met Professor Preston, the college where he now serves as a professor is her college. It was at Wells college that Frances Folsom was a student when the rumors began to spread that she would one day be the bride of Grover Cleveland.

YOUR GRAY HAIRS QUICKLY VANISH

A HARMLESS REMEDY, MADE FROM GARDEN SAGE, RESTORES COLOR TO GRAY HAIR

A feeling of sadness accompanies the discovery of the first gray hairs which unfortunately are looked upon as heralds of advanced age. Gray hair, however handsome it may be, makes a person look old. We all know the advantages of being young. Aside from the good impression a youthful appearance makes on others, simply knowing that you are "looking fit" gives one courage to undertake and accomplish things. So why suffer the handicap of looking old on account of gray hairs, when a simple remedy will give your hair youthful color and beauty in a few days' time?

Most people know that common garden sage acts as a color restorer and scalp tonic as well. Our grandmothers used a "Sage Tea" for keeping their hair dark, soft and luxuriant. In Wyeth's Sage and Sulphur Hair Remedy we have an ideal preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp and thin, weak hair that is split at the ends or constantly coming out. A few applications of this valuable remedy will bring back the color, and in a short time it will remove every trace of dandruff and greatly improve the growth and appearance of the hair.

Get a fifty cent bottle from your druggist today, and notice the difference in your hair after a few days' treatment. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

Unreasonable. "Sure, a penny saved is a penny earned."

"Why don't you practice that?"

"Say, you don't expect a man to live up to every quotation he makes, do you?"—Cleveland Plain Dealer.

"A Clever Wife. Friend—Didn't your husband rage when you showed him the dressmaker's bill? Wife—Rather. Friend—And how did you quiet him? Wife—I showed him the milliner's account, and then he became simply speechless.

The Cure. Anxious Parent—Doctor, my daughter appears to be going blind, and she is about to be married. Doctor—Let her go right on with the wedding. If anything can open her eyes marriage will.

SUPPLY OF LIVE STOCK IS LARGE

The run of cattle Monday was heavy at the North Portland yards and a large number of steers changed hands. The Baker district sent in five carloads of cattle and several came from Western Idaho. Central Oregon, too, was well represented. At South Omaha the cattle market was 10c higher.

North Portland hog market range:

Best light	\$7.90

Handy Telephone Tables. The new telephone tables with wooden stools will appeal to many housekeepers, as often it is difficult to find a table the correct height for the telephone to rest upon.

These new tables, which come in mahogany, oak and mission, are small and good looking and would not at all mar the appearance of any room, provided, of course, that one was selected in the same wood as the rest of the furniture. They are square or three cornered in design and have swinging wooden arms, with a round stand covered with green baize on which to rest the telephone. Under the table is a shelf to hold the necessary but very unsightly telephone directory, while the wooden stool can be slid under the table when not in use. The three cornered shaped table will be found very convenient for fitting into a corner of any room or hall.

On the top of the table can be placed the necessary tablet and pencil, which every telephone table should be supplied with, as it is often difficult to remember a number given over the wire if there is not such a card or tablet at hand.

Your Fortune in Teacup. The following rime, which is the translation of an old Chinese tea song, will prove useful in reading teacup fortunes:

One leaf alone, alone you'll be;
Two together, the priest you'll see;
Three in groups, your wish you'll gain;
Four, a letter from a loving swain;
Five, good news the letter will bring;
Six in a row, a song you'll sing;
Seven together, great fortune waits
For you. So say the teacup fates.
Tea leaves short and tea leaves tall
Bring you company great and small;
Tea leaves many and dotted fine
Are of bad luck the surest sign;
Tea leaves and clean the rim,
Your cup of joy o'erflows the brim.

GOOD FOR EVIL. There are some people who turn grey, but do not grow hoary; whose faces are furrowed, but not wrinkled; whose hearts are sore wounded in many places, but are not dead. There is a youth that bids defiance to old age, and there is a kindness which laughs at the world's usage. These are they who have returned good for evil.

A Dead One. Laggard Waiter—Did you ring the bell, sir? Impatient Diner—No; I was merely telling it. I thought you must be dead.—Penny Pictorial.

The Best Light at the Lowest Cost

ELECTRIC LIGHT is the most suitable for homes, offices, shops and other places needing light. Electricity can be used in any quantity, large or small, thereby furnishing any required amount of light. Furthermore, electric lamps can be located in any place thus affording any desired distribution of light.

No other lamps possess these qualifications, therefore it is not surprising that electric lamps are rapidly replacing all others in modern establishments.
