Mrs. Newton's petitions were circulated by Harry Draper, Dr. L. A. Morris, H. J. Bigger and Colonel C. H. Dye. They contain about 50 names. Linn E. Jones, the other candidate for mayor, filed his petitions several days ago. Mr. Jones has served several terms in the legislature, and is one of the most prominent residents of the city. His friends say despite the fact he is opposed by a woman he will win easily. The other candidates are as follows: City treasurer—M. D. Latourrette. City council—First ward, George Randall, Fred Metzner; second ward, W. A. Long and Joseph D. Renner for long term and Del Hart and L. P. Horton for short term; third ward, F. J. Meyer, W. C. Greaves and Frank Betzel.

For all eye troubles such as Granulated Lids, Sore Eyes, Weak Eyes, Dimness of Vision, Tired Eyes, etc. 25 cents a tube. Money back plan. "Good for nothing but the eyes."

## Write Ideas For Moving Picture Plays!

### YOU CAN WRITE PHOTO PLAYS AND EARN \$25.00 OR MORE WEEKLY We Will Show You How!

If you have ideas—if you can THINK—we will show you the secrets of this fascinating new profession. Positively no experience or literary excellence necessary. No "flowery language" is wanted.

The demand for photoplays is practically unlimited. The big film manufacturers are "moving heaven and earth" in their attempts to get enough good plots to supply the ever-increasing demand. They are offering \$100 and more, for single scenarios, or written ideas.

We have received many letters from the film manufacturers, such as VITAGRAPH, EDISON, ESSANAY, LUBIN, SOLAX, IMP. REX, RELIANCE, CHAMPION, GOMET, MELIES, ETC., urging us to send photoplays to them. We want more writers and we'll gladly teach you the secrets of success.

We are selling photoplays written by people who "never before wrote a line for publication." Perhaps we can do the same for you. If you can think of only one good idea every week, and will write it as directed by us, and it sells for only \$25, a low figure.

**Free!** SEND YOUR NAME AND ADDRESS AT ONCE FOR FREE COPY OF OUR ILLUSTRATED BOOK, "MOVING PICTURE PLAYWRITING."

Don't hesitate. Don't argue. Write now and learn just what this new profession may mean for you and your future.

### SULPHURRO ENDS SCIATICA

All Symptoms Disappear in a Short Time, Whites Mrs. J. J. Jacobs.

"When Mr. Jacobs began the use of Sulphurro he had been afflicted with Rheumatism for about two years," writes Mrs. J. J. Jacobs, of Coupeville, Wash., to the C. M. C. Stewart Sulphur Co., Seattle, Wash., makers of Sulphurro. "The pain in the sciatic nerve of the right leg was very severe, causing him to limp quite badly. Also, the elbow joints were affected. It seemed as if the cords and joints were being pulled out as he expressed it. All these symptoms disappeared in a very short time after beginning to take Sulphurro, and he has never had a pain since."

Sulphurro has cured thousands of cases of Rheumatism in the brief period it has been before the public. By purifying the blood it puts an end to blood, skin and stomach disorders—50 cents and \$1.00, at all drugstores.

der the actual observance of these days more difficult and less effective than if taught; and that it differentiates unfavorably the work of teaching from that of those engaged in other lines of work; Therefore be it Resolved, That we favor the closing of our schools for the following holidays only: Thanksgiving, Christmas, New Year's, Memorial Day, and the Fourth of July; and that we also favor the closing of our schools on the Friday following Thanksgiving; and be it further Resolved, That exercises appropriate to the spirit and observance of all holidays be held as a part of the regular program

Whereas, The present salary of the County School Superintendent of Clackamas County is entirely inadequate, being even lower than in many other counties of the state having a smaller population; Therefore be it Resolved, That the salary of the School Superintendent of Clackamas County be increased to not less than sixteen hundred dollars a year.

Whereas, The State Text Book Commission will meet during the coming year to select books for our use in school work; and

Whereas, The last text book commission was not composed of public school teachers, and as there is an almost universal dissatisfaction regarding several of our present school books; Therefore be it

Resolved, That we favor the appointment of five teachers from the public elementary and high schools of the state, said teachers to have had at least five years' teaching experience and be holders of at least five year certificates or their equivalents; and that the meeting of this commission should be held not later than March 1st, 1913.

Whereas, At the present time our school buildings are in use five days of the week and not more than nine months of the year, Therefore be it

Resolved, That we heartily endorse the idea of making our schools social centers, and we hereby pledge ourselves to do all in our power to bring about closer and better relations between patrons and schools.

Whereas, Industrial education in other states has been greatly advanced by state appropriations to schools doing this line of work, Therefore be it

Resolved, That we favor supplementary state appropriations for such high schools as comply with certain minimum requirements in industrial teaching, said industrial teaching to include agriculture, domestic science and shop work.

Whereas, Professional training for teachers is desirable and necessary for efficiency; and whereas Oregon has but one normal school whose location, owing to the immense area of the state, renders general attendance difficult; whereas only a very few teachers are now availing themselves of the advantages of normal training; whereas here are many more who could avail themselves of such training if favorable opportunity and encouragement were offered; and whereas we believe the present plan of normal instruction in our high schools is inadequate to the needs of the state, be it therefore resolved: That there should be provided county normal school instruction adapted especially to the needs of the state and respective counties and similar to the plan which has proved so popular, helpful and efficient in other states. We believe also that this county plan would stimulate and further greatly the interests of the normal school at Multnomah, whose excellent work we do hereby commend.

Whereas, There has been no provision for the keeping of permanent records of the annual Institute, There-

fore be it Resolved, That permanent records of the work of our county Institutes be kept on file in the County Superintendent's office.

Resolved that no teacher who teaches high school work, in justice to the lower grades, should teach more than two grades.

Resolved that the high school list of classics be revised to better fit the needs of the modern ninth and tenth grade boy and girl. Further that this list be made in the form of one list of twenty-four classics, for each year, from which list each teacher be allowed to select four required readings and four supplementary readings.

In view of the fact that it is impossible to teach botany in schools that are without sufficient laboratory facilities, be it resolved that botany should be made an optional instead of a required study.

Be it resolved that in place of the one required course in book-keeping as now given there be substituted one of the following options:

(1) A course in book-keeping with change of text.

(2) A course in farm and home book-keeping.

(3) A course in commercial arithmetic.

Resolved that the principals and English teachers be requested to meet at this building December 14th at 10 o'clock A. M. to confer with regard to the choice of twenty-four classics to be recommended for the course in literature.

Teachers from all parts of Clackamas County attended the three-day session of the Teachers' Institute. The following were in attendance: Samuel Alder, Queen Adams, Maude E. Butler's Flag. Feb. 21, 1896, General Benjamin F. Butler presented to congress the first genuine American flag, made of American materials by American labor, ever constructed in this country. Prior to that time all American government flags had been made of English bunting. Since then all our official flags have been the product exclusively of American material and labor

If you saw it in the Enterprise it's so.

### The Violin.

Each instrument excels in some particular passage, the piano in scale passages, the harp in arpeggio, the mandolin in the rapid repetition of one note, the banjo in the rapid playing of broken chords, and so with other instruments, but the violin can beat them all on their own ground, while there is much violin music that can be played on no other instrument.

### RAILWAY OBJECTS TO COUNCIL CHARGE

(Continued from page 1)

Mr. Tooze made a motion that Section 10 of the proposed charter which provided for 3 1/2 per cent of the gross earnings be paid to Oregon City for the franchise be accepted. The motion carried without a dissenting vote.

President Meyer suggested that payment be made twice a year. Mr. Albright moved that the payment to the city be made March 15 of each year. The motion carried. Mr. Griffith asked the council to reconsider the price asked, declaring that the railway could not accept the franchise under what he termed such an excessive rate. The council did not reconsider it, however.

### TEACHERS ADVISE FEWER HOLIDAYS

(Continued from page 1)

Clackamas County teachers are in favor of supervision. The following resolutions were adopted.

We, your committee on resolutions, hereby offer the following for your consideration:

Whereas, There are now many holidays requiring the closing of our schools, several of such holidays not being observed by people of other vocations, and that by dismissal we ren-
