FATE OF UNION MEN WITH JURY

JUDGE GIVES INSTRUCTIONS IN CASE OF ALLEGED DYNAMITERS

RIGHT OF UNIONISM IS DEFENDED

Court Urges Jury to "Carefully Weigh All Evidence"—Verdict May be Returned This Morning

INDIANAPOLIS, Dec. 26.—Whatever is to be the outcome of the three month's "dynamiting conspiracy" trial in which 40 labor union officials are accused of complicity in the McNamara plots to destroy property, including the wrecking of the Los Angeles Times building, where 21 persons were killed, now rests with the jury.

Federal Judge Anderson, a few minutes after 5 o'clock tonight, instructed the jury and ordered it to retire. The court then adjourned until 9:30 A. M. tomorrow, thus precluding the return of the verdicts before that time should they be found.

"How long will the jury be out?" was the question asked as the jurors filed out. A basis for a belief that verdicts would not be reached when court opens tomorrow was found in the court's instructions, "carefully to weigh all evidence in the case."

The defendants who await the outcome are Frank M. Ryan, president of the International Association of Bridge and Structural Iron workers, of which John J. McNamara, the confessed dynamiter, was once secretary; various executive board members of that union; Herbert S. Hockin, accused as an accomplice of Ortie E. McManigal, another confessed dynamiter; Olaf A. Tviemore, secretary of the California Building Trades Council; E. A. Clancy, San Francisco, and J. E. Munsey, Salt Lake City, Utah.

DEWEY, 75, SAYS AVOID BANQUETS

WASHINGTON, Dec. 26.—Admiral George Dewey, hero of the battle of Manila Bay, today celebrated quietly his 75th birthday. The veteran sea fighter said he never felt better in his life, and friends who called to congratulate him upon the anniversary of his birthday declared that he looked "like an ensign."

The Admiral attributed his splendid physical condition to constant riding and to the further fact that he keeps away from midnight banquets. He said that he abandoned attending banquets long ago.

"So should any man," he declared, "who wants to feel as young as I do when he is 75."

Admiral Dewey passed a few hours at his office as president of the general board of the navy. Later he went for a drive with Mrs. Dewey and there was an informal family dinner at the Dewey residence tonight.

Kaddery, plaintiff given \$45 a month alimony; Marian Hannah Conrad against Howard L. Conrad, and Ellen Wauffe against Ralph J. Wauffe, modified decree, plaintiff being awarded her maiden name, Ellen Greenwood. Floyd J. Irwin, through his attorney, B. N. Hicks, asks for a decree of divorce against Grace Irwin. They were married in May 1912 in Missouri. Desertion is alleged.

MONEY REFORMS WILSON'S PLANS

PRESIDENT-ELECT PROPPED UP IN BED, TALKS OF FINANCES

POSITIVE REMEDIES ARE SUGGESTED

Former Professor, Suffering From Grippe, is Urged to be Cautious—Talks to Financial Writer

PRINCETON, N. J., Dec. 26.—Proped up in bed, President-elect Wilson sat for two hours today talking about current reform with Representative Glass of Virginia, chairman of the sub-committee on banking and currency reform, and Dr. H. P. Willis, a New York financial writer.

"The conference concerned generalities," Mr. Glass said afterward. "The Governor has some positive ideas about currency reform and expressed them more decisively and clearly than anyone else I have ever met."

Mr. Glass said he was not at liberty to disclose what was done in the conference.

"That's what he talked about," he said as he exhibited with a smile a handful of \$5 pieces. He remarked, however, that none of the bills supposed to be before his committee in Congress was authentic and the committee had not yet drafted any measure. He added that public hearings would be held in January.

The Governor had almost recovered tonight from his attack of grippe, but in compliance with the physician's orders, he remained in bed and saw no one but Glass and Willis.

PUBLIC SPIRITED CITIZENS AIDING PROGRESS ADDITION

NEW ST. PAUL'S EPISCOPAL CHURCH

PROPOSED BY ST. PAUL'S EPISCOPAL CHURCH OREGON CITY—OREGON WHITEHOUSE AND TOWNHALL—ASTORIA.

Through the efforts of the Rev. C. W. Robinson, the beloved rector of St. Paul's Episcopal Church, the parish is to have the finest house of worship in the city. The great retaining wall on the river bank is nearing completion, and work on the building will be started soon. The wall which is of concrete, is 133 feet long and 53 feet high. There will be retaining walls on Courthouse Alley and Ninth Street. Work on the church proper will start in the spring and the building will be ready for occupancy within one year. Mr. Robinson announced Thursday evening that the total cost would be in the neighborhood of \$25,000.

"While the work will be slow," said the rector Thursday evening, "the growth of Oregon City and the other northwestern cities is such an assured fact that I am confident it will be a credit to the city for generations to come."

The church will be built of stone and will have a cloister on the river that may be used by the public for civic meetings.

GOOD ROADS FIGHT IS GROWING APACE

The fight for good roads seems to be bearing fruit in the eastern as well as the western end of the country, but much remains to be done before tax payers as a whole can be brought to see that the best investment they can make is to vote proper amounts of money for the improvement of the roads. The following supervisors report the approved taxation of their road districts as follows: No. 9, A. N. Jensen—10 mills; No. 49, G. T. Hunt—10 mills; No. 10, Charles Duncan—5 mills; No. 35, J. A. Reid—6 mills.

George, of which district A. N. Jensen is supervisor, voted a ten mill tax, and made plans for the blowing out of stumps on the Estacada road, ready for grading in the spring. Springwater voted a tax of 6 mills and elected J. A. Reid supervisor.

From one end of the county to the other the go-ahead citizen of the different communities are fighting the battle of good roads. Here and there is already receiving the benefit of a good road, and it too foolish to benefit his neighbor, or else is too apathetic to care, but the tide has set in strongly for improved roads.

BIG RECEPTION TO BE GIVEN BY MOOSE

At a meeting of the Oregon City Lodge, Loyal Order of Moose, No. 961, Thursday evening, plans were made for a big entertainment which will be held in January. This entertainment will be for the members and another entertainment is planned when the new home is completed and dedicated.

The work on the new addition is progressing rapidly. The basement has been dug and the plans have been submitted and approved by the trustees of the lodge. The plans call for a large billiard and pool room as well as reading and writing rooms. A card room will adjoin the kitchen and refreshment room. The entire club rooms, when completed, will be elegantly furnished, and the "Moose Herd" is eagerly awaiting the completion of the addition.

The membership committee is bringing in a number of new members at each meeting and the membership roll is increasing rapidly.

NEW XMAS POSTAL RECORD IS MADE

T. P. Randall, postmaster, announcing Thursday night that the outgoing mail had broken all records. Mr. Randall said that at least 50 more sacks of mail had been sent from this city than ever before Christmas eve. The entire force of the postoffice worked overtime and but for the efficient work of the men and women it would have been impossible to have given attention in time to the great bulk of business.

"We are certainly glad Christmas is over," said Mr. Randall. "It was the biggest job we ever had and we were almost swamped. The rush started last Friday and we have been kept busy ever since. However, all of us are glad it's over and that so many presents were sent through the mails."

POOR FAMILIES ARE AIDED BY CHURCH

BROTHERHOOD OF SAINT ANDREW DOES BEST WORK IN ITS HISTORY

SIXTY-FIVE CHILDREN MADE HAPPY

Elk's Lodge Assists in Supplying Articles for Many Families—Others in Need Will be Given Assistance

The campaign of the Brotherhood of Saint Andrew, of Saint Paul's Episcopal Church, again this year for a Christmas for the poor children had a hearty support. Through his means sixty-five children, who otherwise would have been forgotten in and near Oregon City were supplied with toys, candy, nuts and in a good many cases clothing, shoes and Christmas dinners.

Of the sixty-five children, three attended the Sunday school of the Episcopal Church, the church to which the Brotherhood in charge of the work belongs. And of the eight families who received a supply of things to eat only one was in any way connected with the church. The money too which furnished the supplies of all kinds, and the goods furnished, came in a large part from the people who are not connected with any particular church, showing that the spirit of Christmas giving was truly abroad in the town.

The Elk's lodge assisted the Brotherhood to a large degree by supplying three needy families, not only with a Christmas dinner but also with a quantity of supplies sufficient to last for some time to come. Individual gifts to the fund in money, varied from one cent to \$10, and in addition to this the merchants were exceeding generous with discounts, the transfer companies delivered goods gladly without charge, boys gave up a good part of their Christmas day delivering packages without any thought of compensation and the women in charge of the purchasing gladly laid aside their own Christmas preparations Tuesday afternoon and evening to see that the children had the goods to make them happy.

The Brotherhood possibly missed some who should have been supplied and if this is the case, the funds are not exhausted and there are more funds and people ready to help if the cases are reported. F. T. Barlow, who started the movement last year, and who fanned the flame into life again this year, was gladly seen that all are taken care of.

SOUTH AMERICA IS PRAISED BY WISNER

J. Nelson Wisner, director of the Bureau of Fisheries of the Republic of Uruguay, South America, and Mrs. Wisner are the guests of Mrs. Wisner's parents, Mr. and Mrs. W. E. Pratt, of this city. Mr. and Mrs. Wisner have just returned from London where Mr. Wisner gave an order for a ship to be used in connection with the fisheries in Uruguay.

"There are fine opportunities for Americans in Uruguay," said Mr. Wisner. "The country is comparatively new and the American spirit is what is wanted there. I like the climate and intend to make that country my future home. A business man who cannot speak the Spanish language is hampered, but it is not a hard task to become proficient in that. I have been so busy since I went to Uruguay that I have not had time to master the language, but it will not take long to do that when I return. I like the country, the people are pleasant and I am given the widest latitude in my work. The fisheries industry is being given careful attention and there is no question that the streams of Uruguay will eventually be supplied with the finest kinds of fish."

Mr. Wisner formerly was in charge of the fisheries in this part of Oregon and is regarded of the most efficient man in that line of work who has ever been employed by the state. The ship he is having built in London will be one of the finest ever used in the fisheries industry.

If you saw it in the Enterprise it's so.
