BULL RUN Messrs, Tooze and Hor-WATER ton are to be commended

for the steps they have taken to remedy our city water supply. Gresham and Linnton both get their water from the Bull Run pipe, and if the many business men who advocate a similar supply for Oreson advocate a similar supply for Oreson advocate a similar supply for Oreson advocate as imilar supply for Oreson advocate as imil advocate a similar supply for Oregon City are right in their contention that arrangements can be made where we may tan the Bull Run line, we helieve as little time as possible should be lost in making the change.

BACHELORS of Representative J. will do much to hasten the time when proximately 300 miles. The total for introduce a bill which proposes a tax on the income of every unmarried man over the age of 21 years, unless that man be supporting an ex-wife in the way of alimony, or is the means of support to parents or children. It is to be expected that considerable levity will be aroused over the bill, and that many people will refuse to take it seriously, yet the fact remains that the unmarried man does not do ais economic share in the state, no. in the community in which he lives. To many people it will seem but fair to make the care-free bachelor share

right.

SET OF CONFIDENCE MEN. WHY, WE HAVE BEFORE US NOW

GREAT AND SERIOUS QUESTIONS REGARDING THE FINANCIAL

PROBLEMS OF THE COUNTRY, AND THIS IS WHAT STANDS IN

THE WAY OF THEIR SOLUTION. IT IS THAT THE MEN THAT UN-

DERSTAND THE FINANCES OF THE COUNTRY-THE BANKERS AND

the subject of finance, a subject complicated by all the currents and

movements of finance throughout the world. THEY WILL NOT

ACCEPT WHAT THE EXPERTS SAY-what the men who un-

derstand the subject sav-because they do not believe their motives

are honest. So that the only man that can be heard is the MAN

WHO DOES NOT UNDERSTAND THE SUBJECT.

Great hodies of people will not accept what they say regarding

Our life has become so complicated, the activities of our country

RE we advancing in our capacity for self government? Are

All the rest is unimportant compared with that. If we

mobiles have money to invest. They do not make invetsments in land they see looking out of Pullman car win-They must visit a community before they buy. The best example probably is Southern California.

"If you take away from Los Angeles the people who write checks on Eastern banks, and clip coupons, how much would their absence be felt by the community? Bring 30,000 automobile tourists into Oregon and Washington over a hard surfaced Pacific Highway. Would they make investments? It all depends upon whether Oregon and Washington have anything to offer. In scenery, climate, and quality of the soil there is no comparison between California and the Northwest."

Recommending a two mill state tax to raise the \$2,000,000 Major Bawlby

"How can these 30,000 automobiles be brought north of the California line?

"By building the Pacific Highway, the ones on whom the and by that method only. "If the present sessions of the leg-

islatures fail to make adequate provision for this north and south trunk "The task is too great for the in

pawns of war, to go on strike against season by Eastern and California au-(From noon today to noon tomorrow.) war of any kind? Were the working tomobile tourists be worth while for Sun sets 4:47, rises 7:25. Evening classes of Germany and England to Oregon? The amount that will be each determine there shall be no war spent depends directly on the amount

"Oregon could afford to spend \$20,noughts would be at an end. All the least afford to create a state highway world could not accomplish half as and 1914 on north and south trunk "This will not build a hard surfac-

perate attempt to recreate society on before that on the faculty of the Unithe experience of history, or natural survey, plans and estimates made of the cost of a hard surfaced highway from Blaine, Wash., at the Canadian grading and surfacing was \$1.568.545. For hard surfacing, \$3,468,000 was es timated, a total of \$5,036,545 which Major Bowlby says can be raised by a 2 1-2 mill tax imposed by the coming Washington legislature

Detailed figures for hard surfacing is at the rate of \$15,000 per mile for pavement 16 feet wide," he says. This will permit competition between all of the standard hard surfaces. The question here is: Can the state of Washington afford to spend \$5,000,-000 on this road before 1915?

"It all depends on what the people This is money that otherwise would of Washington have to show to the Eastern tourist with money to invest. Think of the pleasant summer climate touring is the small part of the gain that would greet the tourist coming

"Besides all the material gain from outside investors, think what such a road would mean to the entire state, and especially to the communities through which it passes. All land

"It is now up to you, citizens of ing proper provision for the Pacific California in 1915."

SILAGE

housewives have silos? You can very dress. easily guess the nature of the replies to this question, for none of those present had much of an idea what a silo really is. Atter a short explanahave the spirit of true self governing people whichever tion it was agreed that nearly everyone present in reality had a silo of some kind. Some of these were used for saving fruits, corn, and others for preserving cabbage for future use. We don't really speak of these as silos, but the effect on the saving of these beds when placed in jars is the same as it is with corn when stored in the silo; in other words, silage is country who TOTALLY MISUNDERSTAND OTHER GREAT green corn preserved by storing in an air-tight structure.

There probably are very few farmer boys that do not remember some rainy day or evening when all hands got busy preparing the cabbage to fill the jar. Probably no thought was given the subject because it was a yearly task, and no one realized that in effect the saving of the cabbage by other? making it into kraut is the same as making corn sllage. It undoubtedly the winter months when other green food was not avri'able. The same is true of silage, which affords a succulent and nourlshing feed for the live-

There may be a question as to whether all stock will eat the sour corn silage, but give them a chance and this thought will be quickly dispelled, for all stock eat silage very greedily, and the returns in the form of milk and meat will amply pay for all the trouble

Women Who Figure In Sphere of Man's Activities

Photo of Mrs Wells by American Press Association. Photo of Mrs Scott @ by Scott Studio

HESE two American women are somewhat in a class by themselves; therefore they should be happy. Mrs Helen J Scott (at left) is the first woman presidential elector ever chosen. She lives in Tacoma, Wash, and is an active club worker. Her busband is a lawyer, and she has two children. Mrs Alice S. Wells is the only policewoman in Los | Zion Lutheran church-Rev. W. Angeles, Cal. She believes there should be women cops in every large city to take care of cases in which women especially figure. She recently started to tour the country to urge the pollrewoman movement

Questions for Jan. 5

(Copyright, 1911, by Rev. T. S. Lin-scott, D. D.)

The Creation. Gen. i:1-ii:3. Golden Text-In the beginning God created the heavens and the earth.

(1) Verses 1-2-What certain evidence have we, other than the Bible, that the world had a beginning? (2) Granted that the world had a be

gin other than it must have had an intelligent creator? (This may be one of the questions which may be answer ed in writing by members of the club.) (3) What is the evidence that the earth is of the nature of a growth or a development from one stage to an

ized in a crude form did God complete served a good purpose in keeping the it by direct acts or was it developed family in a healthy condition during from its own, God-created, inherent laws?

(5) Verses 3-5-Would you say not, and why, that there was no light in God's universe until after the earth was created? (6) What would the earth have been

if there had been no light? (7) What is it that makes our day and night? (8) Suppose that it should be proved

to be a fact that the sun, our only source of light, was in exintence millons of years before the creation of

our earth how would that effect the

(9) Verses 68-What is the original

which water is formed? (10) If the word "firmament" here used practically be taken to mean the air space around the earth show how these verses harmonize with science; (11) In how many places and in what different conditions is water to be found?

(12) Verses 9-10-From this statement and from the story of geology what method did God take to form the earth and the sea?

(13) When God through the convulsions of the earth forms the mountains, the valleys and the great deeps is it right ascribe the work direct to

(14) Verses 11-14-What is the evidence that there was a time when the earth did not produce vegitation? (15) How can you account for the marvelous fact other than through an seed has in itself the life principle of self propagation?

(16) Verses 14-19-What makes our seasons, days and years? (17) Does it necessarily follow in order to the accuracy of this story that God actually created the sun moon and stars at the time or that these luminous bodies became available for the first time to give light to the earth?

(18) Verses 20-25-What is the proof that there was a time when there was no animal life upon the earth? (19) Seeing the earth and the sea now teem with life, what cause was

adequate to produce it? (20) Verses 26-28-What is the image of God, after which man was made (21) How log did it probably take God to make man? (22) Verses 29-21-Did God origin-

ally plan for either man or beast to ginning, what can you say for its ori- eat the flesh of other animals? (23) Chap. ii:1-3-What was God's criginal plan for the Sabbath day?

Lesson for Sunnday, Jan. 12, 1913. Man the Crown of Creation. Gen. 1:26, 27; ii:4-25; Ps. viii,
