WHOLESALE TRADE CUTS SUGAR 20 CENTS

In line with the predictions recently made, the wholesale trade Tuesday announced a decline of 20 cents a hundred on all grades of refined sugar, the cut going into effect at once. The reduction puts granulated and fruit and berry sugar on a \$5.55 basis in the Portland market.

For a month or more the sugar market has shown an easing tendency and this in the main has been attributed to the belief more or less general in the jobbing trade that the duties on imported sugar will be dealt with in a vigorous way by Congress in the near future. The refiners appear to be going on the assumption that the tariff protection they have long enjoyed is to be in a large way cut off, with lower prices all around as the inevitable result, and taking this view of the situation have for a month or more been buying raw sugar in a most conservative way.

Latest reports from the Atlantic seaboard indicate a general lack of interest in futures on the part of the refiners, offerings of the raw product for delivery in the spring and summer months getting scant attention from them, and their attitude naturally tends to further depress the market.

Prevailing Oregon City prices are as follows:

"Yes," the bell ringer answered, "but I have to stay with my car."—Life.

AN ARRIVAL EXTRAORDINARY

Prof. F. Ramsdell (direct from Europe) the world's most celebrated palmist, astrologer and clairvoyant, has arrived in this city and opened offices in the Electric Hotel Annex 524 1-2 Main Street, Rooms E and F, where he can be consulted on all the affairs of life. Prof. Ramsdell has no equal in the profession.

He stands alone, the prince of clairvoyants, and is recognized by the press and public as the greatest master of the science of palmistry and astrology the world has ever produced. He guarantees to reveal every incident of your life, tell when, whom and where you will marry, tell you just what you are fitted for and how to obtain money you are in need of. The happiness of your life may depend upon the right solution and proper advice. The professor makes no mistakes, and all his predictions are true, and he may be relied upon. You may wish to know if it is advisable to make a change in business, in love and in marriage.

WHOM SHALL I MARRY? HOW OFTEN SHALL I MARRY? SHALL I EVER BE DIVORCED? DOES ANOTHER SHARE THE LOVE THAT RIGHTFULLY BELONGS TO ME? IF SO, WHO? IS MY DISEASE INCURABLE? WHEN SHALL I LEAVE HERE? AM I LIABLE TO ACCIDENT? SHOULD I INVEST MY MONEY? IN WHAT SHALL I INVEST? HAVE I ANY ENEMIES? CAN I TRUST MY FRIENDS? IN WHAT TOWN OR STATE WOULD I BE MOST SUCCESSFUL? HOW CAN I SELL PROPERTY? HOW CAN I HAVE GOOD LUCK? HOW CAN I SUCCEED IN BUSINESS? HOW CAN I MAKE MY HOME HAPPY? WHERE AND WHEN CAN I GET A GOOD POSITION? HOW CAN I MARRY THE ONE I CHOOSE? HOW CAN I MAKE ANYONE LOVE ME? HOW CAN I CONTROL ANYONE?

The professor tells of these things and many more. He is ever ready to help those with small capital to find a quick and sure investment. If your business is unsuccessful, if your health is not good, or if you are in trouble of any kind, you should see this truly gifted medium at once. He has helped thousands on the road to success, and he can and will help you. He not only tells you what your life has been and will be but also how to better your condition in every possible way. Thousands of people are failures today simply because they do not see these things for themselves, or are not following the right trade or profession.

Prof. F. Ramsdell has made a life study of these things and he is now prepared to show you how to make a thorough success of your life. His fee is reasonable and within the reach of the caller, no matter who, and if he does not make you a reading that is superior to any you have ever had, he will positively refuse to accept any fee whatever.

Notice! All diseases diagnosed astronomically and clairvoyantly. Come, all you sick people, and I will tell you exactly what sickness you have, and will also tell you where and when you can be cured.

A Big Fan.
A good deal of royal significance has been given to fans. They were symbols of authority in Mexico before the conquest. Queen Mary of England received on New Year's day in 1554 77 fans to keep the heat of the fire. Queen Elizabeth favored the custom that a fan was the only present a sovereign could receive from a subject. Fans have not always been dainty trifles. Jean de Balauc, a French writer of the seventeenth century, wrote from Italy during the reign of Louis XIV. of the enormous fans in use there suspended from the ceiling and worked by four servants. He says, "I have a fan that makes wind enough in my chamber to wreck a ship."
